

**A Chance to Make Money.**

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold direct-ones to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me.
