Lightning Eradicator

For Removing Stains, Oil, Pitch, Grease,
Dirt, Paint, and Stains from Silks, Carpets,
Woollen Goods, etc., without Injury.

When brought in contact with Grease converts it into a Soap, which being sponged out leaves the goods like new. It never leaves a ring on clothing after removing spots like Benzine, Alcohol, Ammonia, Ether, etc. It is splendid for cleaning Kid Gloves, cleans them on the hand without taking them off and leaves them Soft, Dry and Pliable.

IT WORKS LIKE A CHARM.

Cut showing the inside of Ventilator.

THIS Ventilator has proved itself to be superior
to any that has been placed before the public.
It has proved by the tests which have been made
its adaptability for ventilating large buildings,
closets, rooms, vaults of churches, ball club boxes,
schools, theatres, stables, etc.

It is fitted with a screw on the inside, by means
of which a constant current of air is established.

The chief feature of this ventilator is that its
motive power is derived not only from the slight-
est current of air, but the difference of temperature
within and outside the building.

Every ventilator is guaranteed to give entire
satisfaction.

Testimonials obtained on application.

This ventilator is very ornamental in appear-
ance and substantial in make.
