

PUT UP IN 1 lb., 5 lb., and 10 lb. CANS.

(PETROLEO VIRTUS VALIDISSIMA.)

"The most efficacious virtue from Petroleum."

The *Emollient* and *heating principle* from *Petroleum*, highly purified and concentrated, without the use of chemicals. It has an absolute non-affinity for oxygen or moisture: a perfect bland, soothing, oleaginous substance, applicable to the most sensitive condition, even to the eye, without the slightest irritation, and yet so homogeneous and dense as to exclude atmospheric action and other malific influence. **IT IS A PERFECT APPLICATION.**

WHEN USED AS SURGICAL DRESSING, and the bandages adhere to the wound, the subsequent applications may be made upon the exterior of the last fold, which it will penetrate at once, thus avoiding the danger of re-opening the wound.

FOR BURNS AND SCALDS it is **INVALUABLE**. It allays the acute inflammation almost immediately, and thoroughly protects the injured parts from the action of the atmosphere. If used promptly and **ALONE**, the wound heals rapidly, even in severe cases, without any sloughing, and usually without leaving any scars. For cuts, lacerated surfaces, all kinds of *Inflammation*, poisoning, and **SKIN DISEASES GENERALLY**. For Piles and diseases of the rectum, uterus and urethra, by injection. Hundreds of uses for it are suggested to the physician who knows its positive virtue. It is incapable of decomposition, fermentation, or becoming rancid on any sore, in any climate or temperature.

Cosmoline combines readily with White Wax for Ointments, Cerates, with Sulphur, Iodine, Bromine, etc., with Camphor, Gums, Resins, etc. It does not combine with proof spirits, Ammonia, or Caustic Alkalies. Coming from the same primitive source as Carbolic Acid, it has a peculiar affinity for that valuable remedy, and forms a *superior* vehicle for it: on account of its simple and positive character it is vastly superior to *Olive Oil*, *Lard*, etc., as a menstruum for other external applications. As an emollient, it is superior to Glycerine, especially the Rose perfumed. Its non-affinity for oxygen or moisture renders it a perfect protection against rust when applied to surgical instruments.

Prepared expressly for Medical Purposes by

E. F. HOUGHTON & CO.,

To be had from all Retail Druggists. Samples and Circulars furnished

215 South Front Street, Philadelphia, Pa.

The Eleventh Annual Course of Lectures in the Medical Departm't of the University of Wooster, AT CLEVELAND, OHIO,

FIRST PRIZE FOR ARTIFICIAL LIMBS AND SURGICAL APPLIANCES.

APPARATUS of every description made to order, for Paralysis, Hip-joint Disease, Weak Ankles, Club Feet, &c.

JAMES AUTHORS,
16 King Street East, Toronto.

TORONTO, Sept. 17, 1874.

I have much pleasure in being able to testify to the skill, ingenuity, and excellence of workmanship shown in Mr. Authors' surgical appliances. They will bear comparison with those manufactured in any part of the world.

JAMES H. RICHARDSON, M.D., University of Toronto, M.R.C.S.England.
