

THE VERY FIRST ORIGINAL

OYSSTER

EATER

1. Whilst out fishing, the Very First Original falls in with a strange beast.

Unwisely approaching too near, the strange beast closes on the Very First Original's nose end.

Frantic struggles of the Very First Original, who knows that the tide is coming in rapidly.

4. One last terrific effort! The strange beast gives way at the roots.

5. The Very First Original escapes with life, the strange beast still holding on like anything!

6. The V. F. O. surprises his family upon his return home. "Oh, mother! what's happened to father's nose?"

7. The medical authorities of the period sit upon the V. F. O., and decide that the nose must come off, too!

8. Joy! Joy! At a critical moment the strange beast opens his mouth of his own accord. General rejoicing. (Fireworks not yet invented.)

MORAL.—Eat as many oysters as you like, but don't try to open them with your nose.

WE TAKE NO NOTE OF TIME BUT OF ITS LOSS. yet it has taxed the ingenuity of man to note this loss correctly. THE WALTHAM WATCH approaches the perfection of time-keeping nearer than any other class of watches made. They run and keep time as the rule, not as the exception. This is the result of original and accurate machinery by which a thousand can be produced exactly alike—the result of perfect accuracy can therefore be produced at less cost than by any hand process. The grades of the Waltham watches are "American Watch Company," "Appleton, Tracey & Co.," "Waltham Watch Company," "P. S. Bartlett," and "Wm. Ellery." All the grades are guaranteed by the Company. Buyers should demand the guarantee to prevent being imposed on by worthless imitations. These watches, in Gold and Silver cases of all sizes for Ladies and Gentlemen, can be obtained through all dealers.
