

THE REV. W. J. WALKER'S PRAYER.

Vancouver, Jackson Co., Miss.
 Dr. R. V. PIERCE:
 Dear Sir—I wish to
 inform you of the
 benefit my wife has
 received from the use
 of your medicines. I
 must say that your
 "Favorite Prescription"
 is the best female
 regulator on
 earth; my wife has
 been cured by the
 timely use of it.
 I have been using
 the "Golden Medical
 Discovery," and
 "Pleasant Pellets,"
 and I am fully satisfied
 they are all you
 claim them to be; so,
 wishing you abundant
 success, and hoping that the Almighty
 God will continue His blessings toward you
 in your noble work, I am,
 Respectfully,
 W. J. WALKER.

PIERCE GUAR- ANTEES A CURE
OR MONEY IS REFUNDED.

RADWAY'S READY RELIEF

FOR INTERNAL AND EXTERNAL USE.

Instantly stops the most excruciating pains, allays inflammation and cures congestions, whether of the Lungs, Stomach, Bowels, or other glands or mucous membranes.

ACHES AND PAINS.

For headache (whether sick or nervous), toothache, neuralgia, rheumatism, lumbago, pains and weakness in the back, spine or kidneys, pains around the liver, pleurisy, swelling of the joints and pains of all kinds, the application of Radway's Ready Relief will afford immediate ease, and its continued use for a few days effect a permanent cure.

Strong Testimony of Emigrant Commissioner, the Hon. George Starr, as to the power of Radway's Ready Relief in a Case of Sciatic Rheumatism.

VAN NESS PLACE, NEW YORK.

DR. RADWAY—With me your Relief has worked wonders. For the last three years I have had frequent and severe attacks of sciatica, sometimes extending from the lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September at the urgent request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limbs in a warm glow, created by the Relief. In a short time the pain passed entirely away. Although I have slight periodical attacks approaching a change of weather, I know now how to cure myself, and feel quite master of the situation. RADWAY'S READY RELIEF is my friend. I never travel without a bottle in my valise.

Yours truly, GEO. STARR.

INTERNALLY—A half tea-spoonful in half a tumbler of water will in a few minutes cure Cramps, Spasms, Sour Stomach, Nausea, Vomiting, Heartburn, Nervousness, Sleeplessness, Sick Headache, Diarrhoea, Colic, Flatulency and all internal pains.

Malaria Cured and Prevented.

There is not a remedial agent in the world that will cure fever and ague and all other malarious, bilious and other fevers, aided by RADWAY'S PILLS, so quickly as RADWAY'S READY RELIEF.

5 cents per bottle. Sold by all Druggists.

RADWAY & CO.,

419 St. James Street, Montreal.

Conjecture as to things useful is good; but conjecture as to what it would be useless to know, such as whether men went upon all-four, is very idle.—Dr. Johnson.

PUBLIC OPINION.

Vancouver World: With the fast Atlantic service, under Mr. Huddart's management, assured by the liberal assistance of the Federal authorities, a fast train run across the continent from one Canadian point to another, and greyhounds of the ocean leaving Burrard Inlet for Hawaii, Fiji and Australia the Dominion would undergo such a change in its commercial relations as to give confidence that it is on the threshold of a splendid career. Hostile tariff walls must, however, be broken down and freedom of trade established if we are to reap any benefits from the new order of things.

Montreal Gazette: Looking at the general commercial situation as indicated by the bank returns, it is manifest that trade has lapsed into a state of quietude, that the volume of every day business has been somewhat reduced, and that the applications to the banks for credit have been increased. The traffic returns of the railways confirm this conclusion. So do the monthly returns of imports and exports, and the statements of deposits in the post office and government savings banks, and in the chartered savings banks. But the position is by no means a subject of apprehension and with the opening of navigation new activity is likely to be infused into many departments of trade.

St. John Telegraph: After all the bragging that the press of the United States has been indulging in with regard to their fast cruiser the *New York* it is rather surprising to learn that her commander reports her to be full of defects. Her turrets will not move, her ammunition hoists are defective, and her magazine is rendered useless by being placed so close to the fireholes of the ship that the cruiser is in constant danger of being blown up. This is a singular condition of affairs to exist in a warship that was thought to be superior to the *Blake*, a veritable terror of the seas. The *New York* appears to be only terrible to those who have to sail in her.

Ottawa Citizen: The Insolvency Bill introduced into the Senate by the Hon. Mr. Bowell is a well drawn measure, embodying the results of years of study and much discussion. The provisions with respect to what shall constitute acts of insolvency, the transfer of estates to official receivers, distribution of assets and discharge of the insolvent, have been already stated in these columns. The need of an Insolvency Act has been frequently expressed by Boards of Trade and by commercial papers, and there is no doubt that it must be an advantage to have a general law for the whole Dominion rather than a number of provincial enactments containing conflicting and doubtful provisions and limited in their scope.

Quebec Chronicle: We are promised good crops this year, the outlook being better than it has been for many years. Prof. Saunders, F.R.S.C., Director of the Experimental Farm, says that the early and dry spring had left the ground in the best possible condition. Sowing at the Experimental Farm was fifteen or twenty days earlier than last year, and the conditions were far better. On being asked if wet and cold weather during May would alter this forecast, he said "hardly, grain would not be sufficiently above ground to be affected, although corn and potatoes might suffer somewhat. But there was no meteorological reason to anticipate unusual weather in May, and altogether, the prospects at this season were the most favourable for an excellent harvest of any in the last six or eight years."

Flowers never emit so sweet and strong a fragrance as before a storm. Beauteous soul! when a storm approaches thee, be as fragrant as a sweet-smelling flower.—Richter.

If I have done any honorable exploit, that is my monument; but if I have done none, all your statues will signify nothing.—Agesilaus.

Minard's Liniment is used by Physicians.

FREEHOLD LOAN AND SAVINGS COMPANY

DIVIDEND No. 69

Notice is hereby given that a dividend of 4 per cent. on the capital stock of the company has been declared for the current half year, payable on and after the first day of June next at the office of the company, corner of Victoria and Adelaide streets, Toronto.

The transfer books will be closed from the 17th to the 31st May, inclusive.

Notice is also given that the general annual meeting of the company will be held at 2 o'clock p.m. Tuesday, June the 5th, at the office of the company, for the purpose of receiving the annual report, the election of directors, etc.

By the order of the board.

S. C. WOOD, Managing Director.
 Toronto, 19th April, 1894.

WHY SHOULD YOU INSURE YOUR LIFE?

Because, in case of your early death, life insurance makes absolute provision for those dependent upon you, enables you to leave an estate that can at once be realized upon, and that cannot be taken from them; secures to your family freedom from privation and those distressing experiences which come to the destitute; provides the means to keep your family together, to educate your children and prepare them for the responsibilities of life; and to save your property or business perhaps from being sacrificed to meet the demands that come in the process of forced liquidation of an estate by strangers.

Life Assurance gives to a man a consciousness of safety in regard to the interests of his family which eliminates a large part of the wearying worry and carking care of life, and thus fits him for the free, energetic and successful prosecution of business.

It promotes thrift, cultivates habits of economy, and in the form of an investment policy enables a man, during the producing period of life, to provide a goodly competence for old age.

During your life you surround your family with reasonable comforts and even luxuries.

Are you willing, in the event of your untimely death, that your wife and children should experience a double bereavement in the loss, not only of a husband and father, but also of suitable means of protecting them from the privation, distress, and humiliating economies necessitated by poverty?

After perusing the above you should act at once, by communicating with the agents of some responsible life insurance company, and endeavour, if it lies in your power, to place some insurance on your life. A life company that has a record for the prompt payment of death claims, and for liberal treatment to its members, is the one in which you should insure your life. The North American Life Assurance Company, of this city, has justly earned for itself a splendid reputation for the promptness with which it has paid its losses, and for the unexcelled success that has attended its financial operations. To-day the Company has assets of \$1,703,453.39, and a net surplus for its policy-holders of \$297,062.26.

You cannot make a success of your religion unless you have enough of it to make a success of you.

One reason that some preachers do not reach the masses is because they get up in the church steeple to write their sermons.

I BELIEVE MINARD'S LINIMENT will cure every case of Diphtheria.
