

Book and Job  
**Printing**

The class of Book  
and Job Printing  
turned out at this  
office has earned a  
reputation for  
superiority that I am  
bound to maintain

Having a perfectly  
appointed office with  
modern types and  
presses, the latter driven  
by power, it is inevitable  
that better work can be  
done at moderate prices  
than with a less modern  
plant
