EG.   **SLCM**   SN: Submarine Launched Cruise Missile

EG.   **CONSULTATION**   SN: Includes consultation and cooperation procedures, complaints procedures, crisis

                               management and prevention procedures

BROADER TERM (BT):   A <u>Broader Term</u> refers the reader to related keywords that are larger in scope.

EG.   **SATELLITE**   BT: **R SENSORS**

In this example, the keyword 'Satellite' describes just one method of remote sensing and so represents just one aspect of the concept of remote sensors (R SENSORS).

NARROWER TERM (NT):   A <u>Narrower Term</u> refers the reader to related keywords that are more specific.

EG.   **CONSULTATION**   NT: **SCC**

In this example, the keyword 'SCC' represents one particular example of consultation -- in this case, the Standing Consultative Commission used under the ABM Treaty.

RELATED TERM (RT):   A <u>Related Term</u> refers the reader to keywords related to the keyword under discussion but not in a more general or more specific sense.

EG.   **CFE**   RT: **CONVENTIONAL**

The keyword 'CFE' (Conventional Forces in Europe Treaty) is related to the keyword 'conventional' in that conventional weapons are a central issue in the CFE Treaty.

USE (USE):   The term <u>USE</u> directs the user to search for a topic within the index using the indicated term.

EG.   Testing   USE: **R&D**

USED FOR (UF):   The term <u>Used For</u> is the reciprocal of <u>USE</u>.

EG.   **R&D**   UF: Testing
