

Mr. William Boyd, Vice-President of Marketing,
Enerquin Air, Montreal, Quebec

The attendance of Canada's Prime Minister really gives a boost to Canadian companies and leaves the impression that Canada's government and leaders are supporting each and every Canadian company.

Mr. Les Jarmai, Regional Co-ordinator,
Halozone, Mississauga, Ontario

We believe that the Team Canada approach and the high profile that all participants have received through the trade mission itself and beyond has proven invaluable. The presence of the Prime Minister and the Premiers has opened every door for anybody who, through good preparation and hard work, is ready to walk through. We were and we did! Thank you for providing us with the opportunity!

Mr. Andy Merchant, Vice-President of Sales and Marketing,
Hartford Fibres Ltd., Kingston, Ontario

Team Canada provided an opportunity to meet many key policy makers and buyers under one roof. It opened up doors for us to close the deals. The impact was phenomenal and I would do it again.

M. Gilles Dionne, President,
Navigation Aeronav-International, Lachine, Quebec

These missions are essential to the promotion of Canadian products. They are an excellent way to form the political ties needed to sell our products, which are bought mainly by their government departments.
