Department of Physical Education,
McGill University.

Dear Doctor Lamb:-

I received your letter today stating that the Principal had directed that my check for the month of March be withheld, pending an explanation of my leaving Montreal at the conclusion of the hockey season.

I was very much surprised to learn of this as I thought that we had gone over this ground thoroughly last Spring when I explained to you that I had the understanding with the gentleman who advised me to become a member of the Department of Physical Education that my duties would be for the football and hockey season only. I could not have accepted the appointment under any other conditions because I have to work during the Spring and summer months in order to earn sufficient money to support and educate my family. I have always, however, been willing to assist you in other lines of sport whenever possible.

In regard to the ladies hockey, I did not confine myself to the schedule of hours that you gave me but spent on an average of ten extra hours per week giving individual instruction and also to several of the class teams at R.V.C.

The examination you speak of consists of a one hour period in which the rules only are taken up. I thought that Miss McCallum would easily do this as I had just finished doing great amount of extra work for her in securing the Arena for practice hours without cost and also arranged very favourable contract for the teams at the Arena.
