

met you at any part of the City that you  
might wish, I could not get to Montreal  
before Twelve O Clock, and then I should like  
to have dinner & could meet you about Two  
O Clock, I may be asking you too great a  
favour, But do you work the Chair man of  
the commission, and that you were the only man  
that signed the order paper or should I call it  
a Deed, I must therefore come to you for an  
advice, We were very grateful to you for giving  
us our Church, and if we must give it up to the  
United Church, It will be a sad day for me.

Trusting that you will see your way clear  
to write me in the near future,

With kind regards  
yours faithfully
