MCALPINE'S

Province of Nova Scotia

DIRECTORY.

This work will contain the names of every person (male) from 20 years old and upward. It will not be published again for ten years, and will therefore be an excellent and cheap medium to Advertisers. The Publishers are quite encouraged in their canvass for the New Brunswick Directory and hope the Nova Scotia business men of all classes will see the necessity of being equal, if not superior to their neighbours in the support of their own Provincial Directory. There is great need of a General Directory as there has not been one issued for 18 years.
