

not hope, if some merchants or companies with large capital, and aided by a population extended along the borders of the river, should turn their attention to other branches of the trade, which they might undertake (I dare say) with a certainty of success, when we consider the riches buried in its banks, and of which I have endeavoured in these notes to give an idea."

AN ESTIMATE OF THE PRODUCE OF THE SEVERAL MINES.

" Mine a Burton....550,000lbs. mineral, estimated to produce 66½, is 336,666½ lbs. lead, at 5 dollars, is	18,333 33
To which add 30 dollars, (on 120,000 lbs. manufactured) to each thousand, is	3,600 —
	<hr/> 21,933 33
" Old Mines....200,000lbs. mineral, estimated to produce 66½, is 133,333½ lbs. lead at 5 dollars, per cwt. is	6,666 67
" Mine a la Mott....200,000 lbs. lead, at 5 per dollars cwt. is	10,000 —
" Suppose at all the other mines 30,000lbs. lead, at 5 dollars, is	1,500 00
	<hr/> 18,166 67
Total amount is	Dollars 40,30

" When the manufacture of white and red lead is put into operation, the export valuation will be considerably augmented on the quality of lead."
