

With the Books granted by the Society he has formed a Lending Library, which his Parishioners value highly, and make great use of. He trusts that the application of the Committee in behalf of the people of Magundy will not be overlooked. They need assistance, and deserve it.

Thomas Jones, and William Davidson, Esquires, were chosen Lay Deputies to the General Committee.

#### CHATHAM.

The Local Committee held its Annual Meeting on the day of the Epiphany, after Morning Prayer, in Saint Paul's Church, and passed a Resolution expressive of cordial approbation of the Church Society and its objects, followed by others, in which they thank the Society for last year's grant of Books and Tracts to Chatham, and for the aid afforded to the Church now building in the Parish of Nelson. The objects they recommend are aid to the formation of a Lending Library for that Mission, and further aid (to the amount of £25) to the Church at Nelson, on the ground that that Church was undertaken solely upon the responsibility of the Visiting Missionary for the District, who is now largely in advance.

The Honorable Joseph Cunard, and John A. Street, Esquire, were chosen Lay Delegates to the General Committee.

In a letter accompanying this Report, the Rev. S. Bacon solicits in strong terms the Society's favorable consideration of the application in behalf of the Nelson Church, bearing witness, from personal knowledge, to the great difficulties Mr. Hudson has had to contend with in prosecuting his benevolent design.

#### GLENELG.

The Fifth Annual Meeting of this Committee was held in the Parish Church of Saint John the Evangelist, on Saint Stephen's Day, December 26th. The following Resolutions, passed unanimously, have been transmitted:

That the Local Committee return their grateful acknowledgments to the Church Society for the grant of Books and Tracts lately made to that Settlement; and further Resolved, That Mr. Hudson be requested to solicit another donation of works suitable for the Parochial Lending Library.

That this Meeting learns with much satisfaction that considerable
