### A Beautiful Garage—Roomy, Fireproof, Moderately-Priced

THE above illustration shows the Pedlar Duplex Garage, big enough to hold two cars with plenty of room to spare. Made of heavily galvanized steel in standardized interlocking sections, which are bolted to a staunch angle-iron framework. The whole garage—framework, siding, roofing, doors, windows and hardware—is shipped to you complete and ready to erect. You can put it up yourself in a few hours.
