tached to the camp at the Exhibition grounds, was fatally injured last night when he was pinned between a motor car and a steel pier on the Dufferin street bridge at the entrance to the Exhibition grounds. He received internal injuries, a compound fracture of the left thigh and severe bruises to

The car which caused his death was owned and driven by Dr. Bartholomew Monroe, 616 Spadina avenue, and was proceeding at a slow rate down the street at 7.40 on its way to

the camp.

Baker was standing on duty with his back against the girder when he was struck by the front part of the car and fell with his face on the tonneau. He extricated himself, but as soon as he did so he fell to the ground bleeding profusely from the wound in the head.

Dr. Monroe immediately rendered first aid, and assisted by a soldier, who accompanied him in the car. placed the injured man in the motor car and tok him to the camp military hospital, where the full extent of his injuries was ascertained. Baker died twenty minutes after admission to the hospital. Dr. Monroe then drove to the Cowan avenue police station and gave himself up to the authorities, but was released after Chief Coroner Johnson had been communicated with. The body was remov-ed to the morgue, where an inquest

will be held tonight.

According to Dr. Monroe's story to the police, he was coming east on West King street about 7.30 when he met a soldier friend on his way to the Exhibition grounds, at the subway. As tt was raining heavily, the doctor of-fered to take the soldier to the camp. The invitation being accepted, he turned and went at a good rate of speed to Dufferin street, where he slowed down to about seven miles an hour. Nearing the bridge he mistook the centre girder for a shadow thrown on the wet pavement from the hydro lights on the other piers on each side of the road and crashed into it without noticing the soldier. There is no light on the centre girder. Baker was a lance-corporal in the

military police.

The front wheels of the car were damaged, the windshield was smashed, and the tonneau was badly bent.

F. R. Jones, · Commissioner of Overseas Club Tobacco Fund, Reports on Conditions.

According to F. R. Jones, the special commissioner of the Overseas Club tobacco fund from London, England, who was tendered a reception by the Toronto branch of the club at the Sons of England hall last night, there is a scarcity of tobacco for the Can-adian soldiers at the front. He pointed out that aliho the club had met with great success, yet the amount subswibed only allowed for a good sup ply of tobacco being sent to each man

every five or six weeks.

Mr. Jones made it clear that all the obacco sent was either manufactured n Hamilton or Montreal and each parcel consisted of one-fifth of a hound of tobacco and 50 cigarets. All the money is remitted to eleven of the different Canadian banks who in turn forward the money to the head office of the club in London, England. He said that a total of nearly \$400,-000 had ben raised for tebacco in all

Tuesday night will be memorable in the Central Y.M.C.A. for the many events which took place within its walls. Every room was used to its utmost by association activities, and parties wishing meeting places had to be disappointed. Never before have the spacious rooms of the Central building been used to such an extent on any one evening. Every educational class room was occupied by students—two big gymnasiums were full of athletes—the natatorium full of swimmers, while large groups of employed boys gathered for supper and club features in different parts of the building.

features in different parts of the building.

Deading in prominence was the splendid entertainment put on by the members of the St. Andrew's Male Glee Club, conducted by Ernest R. Bowles. The several numbers on the program rendered by these gentlemen were very much appreciated by the large audience present. George Campbell's dinner to the members of the business men's executive and their wives was also a unique affair. This was the first annual dinner to be given by the president of the Business Men's Club, and it was greatly enjoyed by all. The board of directors met during last evening and were evidently pleased with the way the building was being used by the many new members recently brought into the association.

Albert Kee, Brampton Livery- Fifty-Five Hundred Fowl Will Be on Display at Guelph.

GUELPH, Dec. 1.—The winter fair o tion here for some time, an investigation regarding the buying of army horses in Peel County, dating back to August, 1914, was opened before Sir Chardes Davidson, royal commissioner, cpened here vesterday afternoon, John hompson, K.C., of Ottawa, conduction the examination.

1915 will undoubtedly be the most successful from the viewpoint of entries and stock exhibited in the 32 years of its existence. With one or two exceptions every department of the fair has a decided increase in the number of entries, and where there is a falling off there is a sufficient reason. Take the horse decomment for instance. 1915 will undoubtedly be the most suc if the examination.

The first witness called was E. J. Ones, a horse dealer of Brampton, ie had, in partnership with James E. Fallis, also of Brampton, sold 360 horses in August, 1914, to the government agents, Col. Hall and Capt. McDonald. Fallis financed the business and received two-thirds of the profits, one-third being his share.

To Mr. Thompson's enquiry as to the profits out of this sale of horses, Jones replied:

"About \$2200. I received \$1000 and my partner about \$2000."

"How were these horses purchased by you and Fallis?"

"We went out thru the country and any horses we considered up to the standard we bought, paying sometimes \$1 on them, and if they passed the inspectors we took them at the price agreed on with the farmer. All over that was our profit."

"Did you always pay a deposit on them?"

"No, unless we were sure they were agent in the special list has also been great—"while the prize list. Great interest is being taken in the judging competition this year. There will be teams of three men each from 18 counties competing for the Duff sliver trophy. These competitions will take place Monday and Tuesday of next week, and they will take in the judging of horses, cattle, sheep and swine.

Military Horses Classes.

On Saturday night, Tuesday night and Thursday night there will be special classes for military horses, immpers, hunters, etc., ridden by officers on active service, and a number of entries have already been received.

The lecture program is a very strong one this year, every subject being covered, and some of the men engaged in the agricultural colleges being lecturers. Hon. Martin Burrell, Dominion minister of agriculture, will be present on Tuesday and will deliver an address in the horse arena. Secretary Wade and his staff arrived in the city this morning. In the fair proper will be open to the public on Friday morning.

The reports of the several road commissioners in the township were also received, and the appropriations for the improvements of the roadways thru the winter months were made. These will be smaller than in other years, the council deciding, in view of the comparatively high taxes, to excircise as much economy as possible. Other matters dealt with were the report of the board of health and the nuclical health officer. Reeve Cornell presided with Deputies Ormerod and Little, and Councillors Stewart and McCowan present. Rumor credits the present council with considerable opposition at the next municipal election, the ratepayers along the front in the Birchcliffe neighborhood proposing to run a couple of candidates. A number of names are also mentioned in the central and northern parts of the township, but it is not considered likely that the present reeve, J. G. Cornell, will meet with any opposition.
