Note and Comment

The second annual banquet of the Civil Service Baseball League last night at the St. Charles was a complete success. Walter Trivett, the president, made an ideal chairman, handling the various toasts in masterly style. Hon. Jas. Duff and Hon. Dr. Reaume were among the distinguished guests present, the latter presenting the Reaume Cup to the P. O., champions. Mr. Rogers, the postmaster ,accepting the same in a few well-chosen words. There were over 100 guests in attendance.

W. J. Stark, the new manager of the Edmonton Exhibition and Horse Show, was last night presented with a diamond and emerald ring by the Toronto Horse Show directors. He leaves for the west to-day, to be followed by his family next month.

Mr. Stark has been a conspicuous figure in the horse society life of the city the past decade. A member of them all, and secretary-treasurer of most, they will miss him. The Canadian Pony Society presented their late officer with a traveling bag on retiring. Mr. Stark was for many years a director of the National Exhibition, and at one time chairman of the horse section. He retains his position of secretary-treasurer of the Canadian Harness Association, which is a Dominion organization.

Mr. Stark is still a young man, being born in Stouffville 45 years ago. He was brought up a banker, severing his connection with the Metropolitan to become manager of the Canadian Farm, which he now leaves in a flourishing condition.

The outlaws are making considerable progress according to the despatches. They are even recognized by organized ball and sooner or later—and the chances are that it won't be so very long—there is going to be a third major league. Unbiased baseball writers say that there is plenty of room for another circuit. Owners of the 16 franchises in the National and American Leagues say there isn't. So did the eight National League magnates when the American League started. The third league will come just the same.

John T. Powers, president of the new Columbian Baseball League, announced at Chicago that his league will be composed of six clubs instead of eight, Chicago, Kansas City, Indianapolis, Louisville, Milwaukee and St. Louis will start the season. Another meeting will be held in Chicago within a week to adopt a schedule.

Harry Steinfeldt and Jack O'Connor, former major league stars, have agreed to manage United States League teams in Cincinnati and Cleveland respectively. The prospective manager of Charley White's New York team is said to be and White Sox. White's grounds, ac-George S. Davis, formerly of the Giants, cording to a statement by President Witman of the U.S.L., will be located at Kingsbridge, within a stone's throw of the Highlanders' plant, which will soon be under way. President Witman says he has agreements with 37 seasoned players and applications from 200 young men who are anxious to break into the game. He says further that the U.S.L. schedule will begin on May 1 and end on Labor Day, 128 games.

Those interested in horse racing in New York State took heart when they learned that Governor Dix had sent a letter to State Agricultural Commissioner Calvin J. Huson, requesting him to investigate and report at once what steps should be taken to stimulate the breeding of horses among the breeders of that state. This letter of the governor's was considered significant at this time in view of the fact that William Barnes, jr., chairman of the Republican State Committee, printed a long editorial in his Albany Evening Journal one day last week, in which he said among other things:

"Unless horse racing is again made possible in this country and particularly in this state thru repeal of an unjust, stupid provision of law which makes any man associated with the management of a racing track liable to prosecution and penalty for a violation of the anti-betting law which may have occurred among thousands of frequenters of a track without his knowledge, the complete disappearance of the thoroughbred from the United States will become a fact within a very short time."

Lacrosse Gossip

Out west they figure that Con Jones has been quietly negotiating with no less than eight eastern players principally from the Tecumsehs and Torontos. They say Roy Kinsman has been offered $1400, while Fred Graydon can have $1500. Kalls can also have big money besides several other players. Bobby Pringle, the former Ottawa star, is also wanted by the western club.

It is also intimated that if Mr. Fleming wishes to bring New Westminster stars from the coast, he will have to pay even more than the $2500 which he has agreed to pay Gordon Spring and Len Turnbull.

When Con Jones left Toronto he was going on an extended trip and did not expect to reach home until some time this week, so it is pretty safe betting that the above offers were manufactured in the mind of some individual not at all connected with the Vancouver Club.

There is no necessity for the two Toronto clubs to pay fabulous prices for players. Few of the players can earn at anything else more money than was paid them last year for lacrosse and all the managements have got to do is wait until the season starts and they will easily find enough players for a team.

Querrie in practically one season lost Bun Clarke, Harry Griffiths, Harry Pickering, Micky Ions and Archie Adamson and still there was a lacrosse team at the island. One or two men do not always constitute a team.

C.B.A. TOURNAMENT OPENS LOW SCORES ON FIRST NIGHT

Big Crowd See Sixth Annual Event Get Off to a Start—Mayor, Controllers and Aldermen Do the Honors.

The sixth annual tournament of the Canadian Bowling Association got off to a good start at Orr Bros.' alleys last night. The big grand stand was packed, and six teams from the Athenaeum Club were the attraction.

Several of Toronto's most notable citizens viewed the proceedings, with the mayor and several of the people's representatives at the city hall, doing the niceties.

His worship, in his opening address, predicted great things for the bowling game in Canada, and commented on the strides already made by this great winter pastime.

Controller Hocken followed the mayor in the speech-making, and, claiming that he once won a medal for spilling the pins, said he was honored to be present at the biggest tournament ever held in Canada. Ald. Sam McBride, who has destroyed the wood for several good scores, came next, and made a hit with his timel ylittletalk on the game.

Ald. Saunderson and Ald. Austin were also present, and, with the speech-makers, rolled the first balls down the new alleys.

The building was tastefully adorned with flags and beautifully decorated, while a string orchestra rendered music during the evening.

The big crowd in the stand applauded the good work of the bowlers. Several of the fair sex were on hand, and were just as interested as their escorts in the doings.

To-morrow night will be Toronto Rowing Club night, when four teams from the oldest rowing club in town will take to the alleys, along with Eaton's No. 2 squad and a five from St. Mary's Club.

The entry list is the biggest in the history of the C. B. A., and everything promises to make it the most successful tournament in the history of Canada.

The new alleys and the new pins bothered the bowlers, and nothing sensational was done on the first night's rolling. Athenaeum team No. 2 spilled the pins for 2438 and carried off the honors for the night.

Splits were plentiful, and the rollers found it hard to make a score. Haywood collected the best three games of the night, with 567. The scores were as follows:

X-RAYS AND MILK.

The ultra-violet rays have a fatal effect on bacteria, and as these rays are abundantly developed by the mercury vapor lamp, a device has been designed abroad for the sterilizing of milk, which is accomplished effectively in a few minutes, it is said. The milk flows in a thin stream along an electric light. Demonstrations were first made with water infected with different kinds of bacteria, and it is said that the water was purified in a few minutes, without appreciably increasing its temperature. The result is attributed to the ozone formed under the influence of the light, but the demonstrations must be conducted where there is sufficient room for the light to burn freely. This method of sterilization, without heating or adding preservatives, is believed to have great hygienic value in respect to nursing children.

GENERAL SHERWOOD'S ADVICE.

General Sherwood, who represents the Toledo district in the House, and who is the leading advocate of bigger pension appropriations, worked for nearly a year getting a pension for an Ohio woman, according to the Pittsburgh Dispatch. Her husband an ex-soldier, had been away from home for years, and nobody actually saw him die, but the evidence all indicated that he was dead, and the pension was granted. Just about the time the woman received her first payment, Sherwood got a letter from her saying:

"My husband has just returned home What shall I do?"

Sherwood returned her letter with these words scrawled on the bottom: "Kill him."

Two Teams Are Tie For the Allan Cup

Deciding Game Will Be Played on Thursday Night Between Winnipeg Vics and Manitoba Univ.

WINNIPEG, Feb. 19.—The Victorias and University of Manitoba will likely fight it out next Thursday night for the championship of the Winnipeg Hockey League and possession of the Allan Cup. Each team is on an equal footing, both having won and lost the same number of games, and the club that lands the coming contest might just as well be proclaimed champions. Including the Victoria-Varsity game there are still three fixtures before the schedule is completed. Monarchs are out of the running for the title, and while they may be responsible for an unexpected upset, no matter how the next game results, it appears as if the champions and collegians will have the decisive struggle of the season of Feb. 22.
