

12 SLIGHTLY USED Upright Pianos

This must be sold to make room for Exhibition Stock.

Next week we receive from the factories our Exhibition Stock of new and special Pianos. To avoid crowding, it becomes imperative that we clear out every Piano not absolutely new, even at a sacrifice—hence this unusual offer. Most of the Pianos have been used very little—from six months to two years, and all are guaranteed the same as new—

Manufacturer's Name	Price	Now
Dominion Small Size Upright Piano, walnut case, three pedals; ivory and ebony keys, etc.	\$250	\$183
Wood Cottage Upright, in Cressian walnut, with ivory and ebony keys, mahogany panels. Used less than a year.	\$250	\$183
Evans Cabinet Grand Upright Piano, by Evans Bros., handsome walnut case, with polished panels, hand carved in relief.	\$400	\$195
Mendelssohn Upright Piano, in walnut case of attractive though simple design, with full length panels; three pedals, practice muffle. Used less than a year.	\$275	\$198

Mathushek Mahogany Cabinet Grand Upright Piano, by The Mathushek Co., New Haven, Conn. An almost new high-grade piano that came to us in exchange for a piano with player built inside the proposed piano.	\$450	\$289
Knabe A Rosewood Upright Piano of this perfect make, also received in exchange for piano and player combined. Rosewood case 7-9 octave, etc., etc.	\$550	\$295
Gourelay A Rosewood Upright Piano, Grand scale, in upright form, of ornate Colonial design. Has been used for 18 months ago you would have to trade it for a new one, so rich is the tone.	\$475	\$315

A STEINWAY GRAND
We also offer a bargain in a Steinway Grand, rosewood case, that while used is in such perfect order, both as to tone, action and case, that you would mistake it for a new one. Manufacturer's price \$1000. Now \$565.

- TERMS OF SALE**
1. We guarantee every piano, and agree to pay the return freight if not satisfactory.
 2. A discount of 10 per cent. off these prices for cash.
 3. A handsome steel and drapery accompany each piano.
 4. Every instrument safely packed without extra charge.

- TERMS OF PAYMENT**
- Pianos under \$250—\$10 cash and \$6 per month.
Pianos over \$250—15 cash and \$7 per month.
- If monthly payments are not convenient, please state what method you prefer—quarterly, half yearly, or at certain fixed dates. We wish to know what terms will suit you.

GOURLAY, WINTER & LEEMING

HAMILTON: 66 King Street West. 188 YONGE STREET, TORONTO

NEXT WEEK'S CONVENTION ALL THIS IN READINESS

Toronto Will Be the Temporary Home of Thousands of Medical Men.

The university looks like one of the big drydock houses during a spring opening. Cases of all dimensions and shapes cover the lawn and fill the corridors. Planks are laid down to protect the floorways. The classrooms are fitted up for exhibits, which appear likely to rival the industrial. In the arrangement committee rooms an immense amount of work has been done in procuring lodging for visitors and a constant stream of telegrams and correspondence is being dealt with.

Necessarily the public in general will have only a secondary interest in the meetings of the British Medical Association, but a number of the meetings will have a direct interest for those who desire to inform themselves on the relation of medical science to everyday life. On Tuesday at 2 o'clock the inauguration meeting of the association will be held in the new Convocation Hall, and this will be open to the public. Addresses of

welcome are to be given by the lieutenant-governor, the mayor, and Mr. I. H. Cameron, for the local reception committee. The address of the retiring president, George Cooper Franklin, F.R.C.S., of the Leicester Infirmary, England, will be the feature of the meeting. The induction of the new president, Dr. R. A. Reeve, of this city, will be an interesting event.

A number of British and foreign doctors have already arrived, but the registration does not commence till 9 o'clock this morning, and an effort is being made to have the local doctors register as soon as they can, as there will soon be a big rush. "There is no doubt that this will be the biggest meeting the association ever held," remarked Dr. Starr to The World.

The registration will take place at the main entrance to the university. The Daily Journal of the association, which will be published during the convention, will have its first issue out to-day, and it will contain the program for Tuesday next, the opening day.

On Tuesday morning meetings of all sections of the association will be held. In the evening Dr. Griffith of London, England, will deliver the address upon obstetrics. At 4.30 on Tuesday afternoon there will be a reception by his honor the lieutenant-governor at government house, and at 7.30 on Tuesday evening President Reeve and Mrs. Reeve will receive the delegates in the university quadrangle. "Things are humming," remarked Dr. Starr, cheerfully. "We have added about 1000 doctors to our membership. There are mostly Canadian practitioners."

Meetings open to the public will be those of the department of state medicine, which are to be held in the mining building at the head of McCaul-street, on College-street. Visitors will be admitted on presentation of a visiting card. Among the subjects to be dealt with are the protection and control of the milk supply, the prevention of tuberculosis, the training and supervision of nurses, the treatment of phthisis, provision and administration of hospital hospitals, isolation hospitals and "return" cases, medical inspection of children attending elementary schools, etc.

On Wednesday the Dominion Alliance will tender a luncheon to the association. The luncheon will be given by Sir Victor Horsley, Dr. Sims Woodhead and others. On Thursday the Empire Club will have a luncheon, at which Sir Victor Horsley, Sir Wm. Braithwaite and Sir Thomas Barlow will speak.

The exhibits, which are now in good order, will form a most interesting and unique collection, including specimens of surgical instruments and appliances for the relief of every form of human suffering. Bacilli forms a portion of the exhibit, and so do drugs, diets, beef extracts and many other interesting things from all parts of the world. The admission to the exhibition will be by card.

The board of trade has provided the committee of delegates with a special car to be used by the delegates, and to serve as a means of advertising Toronto.

Among the visitors in the city for the doctors' convention are: Dr. Craig Glasgow, who is the guest of Col. Hall, 221 York-street, and Dr. Darling of Edinburgh, who is staying at 448 Sherbourne-street.

The selection of the new science building on College-street by the National Sanitarium Association is the place of the Canadian Tuberculosis Exhibition portends a happy choice. Everything will be in readiness for the opening on Monday at 9 a.m. There will be a unique exhibit in the way of models of

WEAK, PUNY MEN TRY THIS CURE

It is no longer an experiment. It is hailed by thousands with loud praise because it cures them. I am well and strong as ever. What more could one ask? writes a man with a heart full of joy.

Do not be in error. This grand appliance is like no other. It is new. It is the good points that are known in electricity. It gives a powerful current, but does not burn or blister, because my special cushion electrodes make the current a warm, gentle glow, which exhilarates and relieves at once.

Dr. McLaughlin's Electric Belt

has made thousands of homes happy. It is good for women as for men. Man and wife can use the same Belt. The regulator makes it strong or mild to suit the body. It is the only Electric Belt in the world that can be regulated while on the body. You feel the power, but it does not burn or blister, as the old style will. Will you try it?

GEO. RUDDY, No. 50 St. James's-street, London, Ont., says: "Your Belt is all you claim for it, and I can recommend it to everybody."

JAS. A. PEARCE, Winney Mills, Paris, Ont., cured of kidney trouble and rheumatism.

F. J. HORN, Bowmanville, Ont., cured of asthma.

JOHN THIBEAULT, Bruce Mines, Ont., lame back cured.

I have been telling the readers of this paper what my belt will do. If you don't believe me, write to me. I will furnish you with the names of thousands of people, old men, who, out of gratitude, will write you. They will tell you just what they have told me. It is no equal. They feel as heavy and as youthful as they did at eighteen.

How often that is said by men who have been cured of Nervous Debility by the Dr. McLaughlin Electric Belt! They say it every day. Men who have been weak, gloomy, irritable, and who had no confidence in themselves at all are now holding up their heads in pride, with the knowledge that perfect health is restored; that they are as good as man that walks, and better than any man of their size. You know you are weak now, and wish you could say that you were as good as any man of your size. You can if you will use this grand inventor. The proposition I make is a fair one, and should remove all doubt as to its ability to cure all forms of weakness in men.

I HAVE AN ELECTRIC BELT THAT DOES CURE, and I am offering it to you in such a way that you take no chances whatever. Give me your name and address, with a statement of your case, and I will at once arrange a Belt suitable for your case.

WHEN YOU ARE CURED PAY ME.

Some of the things I can cure are: Debility of any organ of the body, decay of youthful vigor, and every evidence of it; weakness of kidneys, stomach, liver, rheumatic pains, poor circulation, constipation, and general ill-health.

READ WITH CARE. DR. McLAUGHLIN'S ELECTRIC BELT is positively the only Electric Belt offered to the public where you have a regular physician in attendance. You have his advice and consent.

FREE BOOK. Call and test my Belt free, or if you can't do that, send for my book about it, also free. Don't delay, as I can help you. Now, if you suffer, do not let this aid and say you will try it later. Act to-day—NOW.

DR. M. O. McLAUGHLIN, 112 Yonge Street, Toronto, Canada.

MR. MCBRIDE'S BUSY DAY HIS IDEA OF MODEL MAYOR

Gets Several Civic Officials Scurrying on Matters of General Interest.

City Solicitor Chisholm declined to give an opinion when The World spoke to him yesterday upon the contentions of Ottawa's city solicitor, that municipalities had no power to pay delegates' expenses at the convention of the Union of Canadian Municipalities.

"I'll show you the act," said Mr. Chisholm, as he turned up the law book and read section 698, which reads as follows:

"The council of any city may include in the annual estimates a sum to be expended in the reception and entertainment of distinguished guests and any traveling expenses (necessarily incurred in and about the business) of such corporations, which sum shall, in the case of cities having a population of 100,000 or over, not more than \$500; in the case of other cities having a population of 20,000 or over, not more than \$100; and in the case of other cities not more than \$50 in any year."

The sentence in brackets was amended last year to read expenses "incurred pertaining to civic interests," which may be good law, but is very poor English.

"All municipalities are governed by the same act," he says, "but we do not raise such questions in Toronto."

Last year an Ottawa citizen obtained an injunction restraining that city from paying the expenses of the mayor as delegate to the convention.

The change in the act at the last session of the legislature is not considered by the Ottawa law department to make the payment of the mayor's expenses legal.

Acting Mayor McBride.

The box of cigars in the mayor's office was the provision of Ald. Sam McBride, who was acting mayor yesterday, and he hustled on the job. The city engineer got instructions to hurry up the reconstruction of the macadam roadway on Queen's-avenue for the benefit of tourists and citizens. The construction of King-street, west of Spadina-avenue, was also brought to Mr. Rust's attention. Dr. Sheard was in conference with the acting mayor, who argued that the macadam pavements in the ward were entitled to as much attention as the asphalt pavements in the more aristocratic districts, and the doctor promised favorable consideration. The city engineer will, at Ald. McBride's request, lay a track crossing over the tracks below the bridge on Spadina-avenue.

The park commissioner came in for his share of attention and was instructed to go on with the Don speedway as soon as he can. The police were asked to enforce the law in regard to shunting along Yonge and Bay-street crossings. A meeting was called to the numerous delays caused by freight cars blocking the way. The city engineer was instructed to notify the Street Railway Company that they had no right to place advertisements on the outside of street cars without his permission. The contractor, Brohm's Rest, 81 Agate, Que.; the Kenville, N.S., Provincial Sanitarium for Consumptives, and attractive exhibits from the Hospital for Sick Children. There will be public meetings and conferences daily, and stereoscopic exhibitions every hour. The entire exhibition and all meetings are entirely free to the public day and evening.

GIVE KINGSTON A CALL

But Pickpockets Are Watched and Have No Chance to Work.

Kingston, Aug. 17.—(Special.)—It was learned here to-day that several of the gang of pickpockets arrested in Toronto were here on July 23 during the Old Boys' visit. Harry Tompkins, a well-known actor, registered at the Iroquois Hotel. Prior to their arrival the local police received a telegram from the chief of police at Ottawa to be on the lookout for the gang of pickpockets that had left Ottawa with the Kingston Old Boys' excursion.

From the descriptions given the parties soon became suspects, and they were accordingly closely watched that they had no chance to ply their calling. Realizing that they were shadowed they left the city Saturday night. Three of the number neglected to pay their hotel bill, among whom was Tompkins. He, however, sent the hotel man \$2 from the Kingston Old Boys' excursion.

Tompkins is known here in sporting circles, he having played here with the Montreal baseball team of Montreal, a couple of years ago.

CAR SERVICE TO CONEY

Expected That Receipt-System Will Ensure Peace To-Day.

New York, Aug. 17.—President Coler of the Borough of Brooklyn, with Stephen C. Baldwin and S. F. Marquin, his attorneys, and former Lieutenant-Governor Wm. F. Shehan, representing the Brooklyn Rapid Transit Company, were parties to a conference held to-day in Attorney-General Mayers' office, Albany, for the purpose of considering what the method of legal procedure should be to determine whether the Brooklyn Rapid Transit Company was acting within its rights in charging a cent fare from Brooklyn to Coney Island. Both sides were disposed to settle as speedily as possible.

General Manager Calderwood of the Brooklyn Rapid Transit Company, said to-day that probably by to-morrow morning traffic to and from Coney Island will resume normal conditions under the rebate check system which has been agreed upon.

The company continues to encounter trouble in collecting two five cent fares. He declared the cars would be withdrawn.

ROPE BREAKS; TWO HURT

One Man Will Die; Second Hurt and Third Escapes.

Ottawa, Aug. 17.—Three men were hurled thru space for 20 feet at the government mill building this morning by a scuffling rope breaking. E. Peterson, stone mason's attendant, was so badly injured, he will likely die. James Aldridge, stone mason, is severely injured, while the third man escaped injury. Peterson struck on his head and is suffering a hemorrhage of brain and fracture of the skull. Recovery is improbable.

MISS GORDON RESIGNS

Kingston, Aug. 17.—(Special.)—Miss Elizabeth Gordon, formerly of Toronto, who has been superintendent of the General Hospital here for nearly two years, has resigned. There is an agitation among the doctors and a few laymen to have a qualified medical man appointed.

HELD FOR KIDNAPING RISK

New York, Aug. 17.—Several officials of the Brooklyn Rapid Transit Co. were arraigned to-day on a charge of inciting a riot in connection with the recent disorders on the Coney Island cars.

The court announced that he would hold one of the prisoners without bail for the grand jury.

THE ORIGIN OF DIZZY HEADACHES

Look to the stomach and bowels and you'll find they are sluggish and overloaded. System needs cleansing with Dr. Hamilton's Pills—mild, certain, and sold everywhere in 25c boxes.

ESTATE NOTICES

NOTICE TO CREDITORS—IN THE Matter of the Estate of John Albert Devaney, late of the City of Toronto, Estate Receiver, deceased.

Notice is hereby given, pursuant to R. S. O., 1897, Chapter 120, and amendments thereto, that all persons having claims against the estate of the said John Albert Devaney, who died on or about the 9th day of July, 1906, are to send by post, prepaid, or to deliver, on or before the 30th day of August, 1906, to send by post prepaid, or to deliver, on or before the 30th day of August, 1906, their names, addresses and descriptions, and full particulars of their claims, and the nature of the security, if any, held by them, duly verified by affidavit, and after the said date the executor and creditors will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard to the claims of which they shall then have notice, and that they will not be liable for the assets so distributed, or any part thereof, to any person whose claim they shall not then have notice.

Dated this 24th day of July, 1906.

CLARK, McPHERSON, CAMPBELL & TAVRIS, 16 King-street West, Toronto, Solicitors for the Executor and Administrator.

SALE OF TIMBER BERTHS

Traders will be received at the Department of Lands, Forests and Mines up to and including the 31st day of September, 1906, for the right to cut the pine and timber on a number of the late and timber berths situated in the Rainy River District, along the line of the proposed Grand Trunk Pacific Railway and north of the Canadian Pacific Railway, including also the Township of Smithville, east of Kenora, and the Township of Barr, on the Montreal River, in the District of Nipissing.

Tenders should be for each berth separately and should state the amount per thousand feet of timber to be cut, and the price to be paid for the timber, in addition to the crown dues of \$2.00 per thousand feet and after the said 31st day of September, 1906, the said executor will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard to the claims of which they shall then have notice, and that they will not be liable for the assets so distributed, or any part thereof, to any person whose claim they shall not then have notice.

Further particulars as to conditions of sale, maps, etc., may be obtained upon application to the undersigned.

F. COCHRANE, Minister of Lands, Forests and Mines, Toronto, July 24, 1906. (No unauthorized publication of this advertisement will be paid for.)

DEAD FROM BROKEN NECK

Toronto Teamster is Instantly Killed and Ottawa Boy Meets Similar Fate.

Richard Mino, aged 22, a teamster employed by T. A. Clark, contractor, was killed beneath his own wagon about 8 o'clock yesterday morning.

He was hauling a load of clay along Galley-avenue. Near Roseville station, passing Clark's stable, the horse turned into the gate. Mino jerked them to the right and the wagon wheel struck a stone, jolting him from the seat.

The wheel went over his neck and chest, and he died instantly. His neck was broken.

He came from Limehouse, near Georgetown, where his parents reside, and had worked for Mr. Clark for three or four months, living with his employer.

At Ottawa, Harold Plunkett, aged 10, was riding on a cart when another boy threw a corn-cob at the horse. It jumped and Harold fell under the wheel, which ran over his neck, breaking it, and killing him.

STRANGLER IN HER HOME

Negro Suspected of Killing Farmer's Wife—\$1000 Missing.

New York, Aug. 17.—Mrs. Mary Maneski, the wife of a farmer, was strangled to death in the dining room of her home in East Williston, L.I., to-day. Her body was found by her son lying on the floor face downward with her apron bound tightly around her neck. A search showed that the rooms had been ransacked, and it is believed that \$1000 which Mrs. Maneski had in the house was stolen.

Her son spread the news, and a search was begun for Peter Levy, a negro farm hand, employed on a farm near by, who, it was reported, had been seen about the place.

TRAIN LEAVES RAILS

Four Coach Loads of Harvesters Get Shaking Up.

Zarrie, Aug. 17.—(Special.)—As the first section of No. 65, the C.P.R. excursion harvesters' train, was pulling into the station four passenger coaches left the rails. The trucks of the first coach were smashed; the second coach plowed into the sand bed 30 feet, and the third and fourth remained standing.

The engines, 219 and 669, did not leave the rails, and the passengers crawled out thru the windows. No one was injured.

The line was opened for traffic in a couple of hours, the great confusion reigned for an hour.

KING EDWARD AND WILLIAM

Result of Their Meeting Will Promote Friendly Relations.

Berlin, Aug. 17.—The correspondent at Homburg of the Lokal Anzeiger quotes British Ambassador Lascelles as describing the result of the meeting here on Wednesday of King Edward and Emperor William as likely to be of great advantage in promoting friendly relations between Great Britain and Germany.

The Frankfurter Zeitung's Homburg correspondent states that King Edward and the Emperor were in conference with Sir Charles Hardinge, the under secretary of the British Foreign Office, and Secretary of State Tschirsky from early Wednesday evening until 1 o'clock Thursday morning.

A PANORAMA OF PORT ARTHUR

William Armstrong has just returned artist of Toronto, has well known from Port Arthur bringing with him a colored panoramic sketch of Port Arthur extending from McKay's Mountain to Blend River. The work is done in colors, and is to be reproduced as a chromo-lithograph. It is a most creditable piece of landscape work.

A Cobalt Claim

K. Parrish, A. J. Murphy and Albert Macdonald are submitting a prospecting claim to the Bailly Mining Co., Julian H. Harris and A. R. Bailey to restrain them from removing ore therefrom.
