DOING UP BOARDING HOUSES

A Young Man Named Herbert Cutting of Guelph Arrested by Detective Harrison on a Serious Charge,

A slick young man has been swindling down town boarding houses recenly, and many complaints have been received by the police. Detective Harrison thinks he has the right man in Herbert Cut- Octo ting, who came before the Police Magis-

trate yesterday.

Cutting says he comes from Guelph. If he is the swindler, his mode of operation was a rather smart one, He would go to a good boarding house and engage a room with board for one week, stating that he had just secured employment at Eaton's, and had to start work in half an hour. After being shown his room, he would ask the landlady to prepare him a lunch, and while she was doing so would quietly ransack the place and sneak away, taking small articles of jewelry and any money that might be lying around.

The charges against Cutting are that the stole \$13 from Mrs. Eliza Matthews, 100 Gould-street, that he stole a diamond ring from Mrs. Stark, 140 Jarvis-street, and that he stole \$9 from Mrs. Elizabeth Crawford, 99 Gerrard-street east. These are said to be only a few victims of the alleged swindler. The diamond ring of Mrs. Stark's has been recovered by Detective Harrison.

Cutting was remanded until Aug. 23.

His Parents in Toronto and Sister in

Mount Clemens, Mich., Aug. 19.—The partens of Frank Dean, who live in Toronto, and a sister, who lives in Detroit, will make an effort to have him released from Jackson, Mich., prison. Dean, with two others, burglarized the house of Mrs. Goff, at Drisco, on Feb. 18. One of the others escaped and the third is serving a three years' team. Dean was sentenced to five years' imprisonment. The gullt of the boy is conceded, but appeals to the board on the grounds of previous good reputation and first offence will be made. Since his confinement in prison he has gradually declined in health, and it is not thought that he will live long if kept confined. Dean, while in jail, here, made a very unfavorable impression with the officers. He was deceitful and made several attempts to escape.

Export cattle sold all the way from \$4 up to \$4.50 and one load brought \$4.60, but this was an exceptional case where a good load was wanted for the purpose of completing a shipment, and should not be regarded as the rule, as the bulk of the exporters were below \$4.40 and if an average was taken of prices paid \$4.25 would be nearer the mark. Chicago:

The market opened a little easier this morning. September option showed a decline of yec from last night's close. There was some realizing early, and Sept. declined to 874c. St. Louis, Mitchell, Schwartz, Dupec, Brosseau, Cudahy and Weare started to buy, and the market advanced to 894c. The selling was of general scattering local order. Foreign orders were on both sides, the buying rather leading. Later the conditions were reversed somewhat. The covering of short sales caused the "second breath" reactionary advance. On the whole, the trading was more nervous than excited. It was raining in lingland, and a wet harvest loomed up in the speculative horizon. There was a small failure in the grain trade here, but it has no special effect. The Northwest continues, to report disappointing threshing yields, and Joe McDonald, the crop expert, who has been through the three States, places the crop at 130,000,000 bushels. Heavy exports and larger shipments than receipts from primary points, were strengthening factors that made the crowd bullish before mid-day, and they realized that the market was on its way to a higher record.

Wheat—There was no change in the character of the news to-day, but there was considerable realizing by local holders, and
also liberal selling for foreign account. The
market, while showing a decline of 2\(\frac{1}{2} \) circ from the best prices, closed firm, and, all
things considered, cares for the realizing
in very good shape. Cable news was strong,
but the rapid advance prevented fresh export business. New York wires that the
foreign buyers hesitate to follow our advance. Seaboard clearances continue large
and promise to exceed last week's large
total. The spring wheat reports show no
improvement. We regard the set-back lip
prices to-day as but a natural reaction, and
look for active and higher markets again in
the near future.

Provisions—Opened strong and higher on
buying of September ribs by packers. International Packing Co. sold September
pork. Commission houses bought. Outside
trade again larger. Cash demand good.
Advise purchase on any break. Estimated
