PROTEST AGAINST HIGH RENT.

Separate School Board Refuse to Pay \$1218 per Year for City Hall Quarters.

Rev. Vicar-General McCann presided at the meeting of the Separate School Board last night.

Mr. Ray of Ward 4 gave notice of motion in favor of the election of school trustees by ballot.

Messrs. Carey and Hay were deputed to notify the Board of Control that if the \$1218 rental for offices in the City Hall is insisted upon the Separate Board would go back to the De la Salle Institute.

The Management Committee's report was adopted, that the teaching staff of St. Michael's new school be composed of two brothers and six sisters from the Community of Loreto.

That Inspector Odo be granted an assistant teacher, to enable him to devote all his time to inspection.

These contracts were approved: J. H. Milne & Co., 350 tons hard coal at \$9.30 per ton, 100 tons soft coal at \$4.10 per ton, 20 cords pine at \$4.00 a cord, for the sale of land for taxes, a right of way had been disposed of. The trouble arises over the construction of the Rosedale Inland Drive, and the solicitor for the municipality will be requested to look the claim up.

M. Matthews appeared before the Council, and asked that no compromise be made by which the National Sanitarium Company should be established at Bracondale for consumptives.

The Council stated that the municipality had no part in the matter, and no asset would be given to establish such a sanitarium at Bracondale.

The recommendations were adopted, with the exception of authorizing the contract for the Parkdale School, for its estimated cost, owing to higher prices for the repairs and improvements.
