

PAPER INTERESTS ARE DISAPPOINTED WITH TRIBUNAL'S DECISION

Manufacturers of Newsprint Expect To Establish Price of \$69 Per Ton.

Montreal, Aug. 28.—The paper interests connected with the Canadian pulp and paper industry yesterday expressed some disappointment at the judgment of the paper tribunal, involving the refund of \$3 per ton to consumers of newsprint paper for supplies sold between July 1 and November 29 of last year. This, as has been pointed out, involves a sum of approximately \$150,000 in the aggregate, but as the Port Franks Pulp and Paper Company has already paid the differential, the amount to be refunded to the consumers of newsprint purchased during the period in question was considerably under the \$150,000 mark, the obligation being well distributed among the various companies supplying domestic needs.

Companies whose output is marketed almost exclusively in the United States and in other foreign markets, such as the Spanish River pulp and paper mills, are not directly affected by the decision, which is not expected to have any effect upon the price of newsprint in the United States.

It is regarded in the paper circles that there should be little difficulty in establishing the price of \$69 per ton for the supplies of newsprint of last year. The reduction to \$66 per ton, it is regarded, is the result of the lower manufacturing costs in July, August and September, 1918, and was hoped that these months would be treated separately, allowing October and November, when higher costs were prevailing, to stand on their own merits.

This was the view taken by Judge Archer, one of the members of the tribunal, who entered a memorandum to this effect in the judgment, although not formally dissenting from the decision of his colleagues.

ELECTED PRESIDENT OF TELEGRAPHERS' UNION
Roscoe H. Johnson of Chicago Succeeds S. J. Koenekamp as Head of Organization.

Chicago, Aug. 28.—Roscoe H. Johnson of Chicago, last night was elected president of the International Telegraphers' Union of America. Miss Mary J. MacAuley of Buffalo, N. Y., was chosen vice-president, and Paul F. Schurr, Chicago, secretary-treasurer. It was voted that all employees of telegraph companies, including clerks, be eligible to membership.

At the closing session of the convention an effort to pass resolutions censuring Postmaster Burleson, Newcomb Carlton, president of the Western Union Telegraph Company, and Theodore N. Vail, head of the American Telephone and Telegraph Company, was defeated. Following the close of the recent strike of commercial telegraphers, S. J. Koenekamp, who had been president of the union several years, resigned.

"SLIPPERY" CUSHWAY BREAKS JAIL AGAIN

Makes Sixth Escape at Milwaukee.

Detroit, Aug. 28.—"Slippery" Cushway, hold-up man, burglar, jail-breaker and choir singer, known to the police from coast to coast as a "bad man," broke out of the jail at Milwaukee, Wis., Tuesday. He sawed his way to freedom with a table knife. This is his sixth escape from jails or penitentiaries.

Detroit police have known "Slippery" Jim" for 20 years. They have arrested him five times. Once, while robbing a house, he dropped the letter which led to his capture. Another time, after he had confessed repentance and obtained a job at the Burroughs Adding Machine Company plant, he did a house job, but left his Burroughs badge, and paid for his mistake.

Five times he has escaped from Jackson Prison, and it is his boast that he got out of that place under the wall, over the wall, and in a packing case. He is about 40 years of age, and has spent 25 of them behind bars.

His other names are George Cummings, Claude Clifford, James Davis, Cushway and James C. Machine. He was arrested the first time in Detroit 20 years ago, and four times since then.

Once when he escaped from prison, he was found singing in a church choir at Galien. The last time he was arrested here he was placed on probation by Judge Wilkins, and is still a probationer. The reason for his arrest in Milwaukee was not learned by the Detroit police.

Seventy-five planes were originally entered, but only 32 actually started. During the race thus far, eighteen machines were slightly damaged and temporarily put out of commission.

VISCOUNT FINLAY IS GIVEN MEMBERSHIP IN CANADIAN BAR ASSO.

PRICE OF HOGS IN CHICAGO DROPS BUT STAYS UP IN CANADA

No Indication of Reduction in Figure On Canadian Markets.

Toronto, Aug. 28.—With hogs selling for \$15 on the Chicago market, Canadian housewives will still have to cut the bacon very thin and use it sparingly, as there is no indication yet that the Canadian hog will follow the example of his American brother. That is the consensus of opinion among the dealers, both wholesale and retail.

The chief buyer for Swift's here said today: "We are paying \$21.25 per 100 pounds, with an offer of half a cent per pound less tomorrow. It is all a question of supply and demand. However, if the American market goes down a few drops and he hedges \$200 for having the bottle in his pocket, was one case of request for a reduction."

A man living in his own home might be ill and might have liquor for breakfast, but a man living in a boarding house, if he could not have liquor without running the risk of being heavily fined, would not be so particular.

The speaker "didn't put much stock" in the Chicago report, anyway. He looked upon it as "newspeak talk."

Further, conditions on the American market were different from those prevailing in Toronto. Here, buyers paid one price, while across the line different prices were paid, according to the quality of the load. A farmer or a drover brings in a consignment of hogs, and the buyer looks them over and offers a price. This is known as "buying on merit," and is not followed on the Canadian market.

MALTREATS CHILD, IS GIVEN SENTENCE

John Maley Gets Sixty Days for Beating Daughter.

Detroit, Aug. 28.—"This isn't Europe, this is the United States," Justice Cotler said in police court Thursday to John Maley, charged with beating his 7-year-old daughter Mary until her teeth and legs were a mass of cuts and bruises.

The court sentenced Maley to 60 days in the house of correction without a fine. The girl is at the detention home.

Witnesses said Maley made the threat that he "would kill the child the next time." He charged her with disobedience, but was told by the court that she was a sensible and sane child.

POINTS TO INJUSTICE OF TEMPERANCE ACT AT SARNIA MEETING

Lieut.-Col. Machin, M.P.P., Pokes Holes Through O.T.A. Before Liberty League.

[Special to The Advertiser.] SARNIA, Aug. 28.—A telling arraignment of the Ontario temperance act was made tonight by Lieut.-Col. Machin, M. P. P., Kenora, before a large crowd at a meeting held under the auspices of the Liberty League here tonight. The weak spots in the operation of the act were pointed out by the speaker from every day occurrences in the police courts of the province. The fact that a man might drink a quart of liquor and get away by paying only a fine and fine while another man might drink a few drops and be hanged \$200 for having the bottle in his pocket, was one case of request for a reduction.

A man living in his own home might be ill and might have liquor for breakfast, but a man living in a boarding house, if he could not have liquor without running the risk of being heavily fined, would not be so particular.

OTAWA TAKES HER TO THRONE TO ITS HEART

People of Capital Go Wild With Enthusiasm Over Prince.

CITY IN GALA ATTIRE And in Gala Spirits—Guest of Country Club For Dinner.

OTTAWA, Ont., Aug. 28.—Whatever records Ottawa may have had to uphold or surpass in the matter of reception to celebrities were shattered today when the capital went wild with enthusiasm in loving greeting to His Royal Highness the Prince of Wales. The heir apparent to the British throne was his way to every heart with his calm, friendly smile.

From the moment the prince's train steamed into the station and the guns on Cartier Square boomed out a royal salute, until the last person had left the spacious rooms of the Country Club, where his royal highness was entertained to dinner tonight, Ottawa was in gala attire and in gala spirits.

His royal highness was met at the Ottawa station by a large crowd of thousands of throngs greeted the prince with the warmest of welcomes.
