### POOL GOLD RESERVE TO ENLARGE CREDIT

Arrangement by Allies to Make Col-  
lective Financial Position More  
Solid; Loan Made to Britain

London, Sept. 14.—The Times' Paris  
correspondent sends a statement made  
to him by M. Alexandre Ribot, minister  
of finance, on France's financial strength.  
He said:  
"The confidence of Frenchmen in the  
future is absolute. The strongest proof  
of this is the loan we raised last year,  
which furnished us with a capital of  
16,000,000,000 francs (24,000,000,000  
dollars) stands three points above the  
issuing price."  
"The point which is occupying our  
serious attention at the present mo-  
ment is how to devise ways and means  
to pay for our purchases abroad and  
to ensure greater latitude to the Amer-  
ican market in the matter of trade. We  
are endeavoring to enlarge the basis of  
our commercial credit, which is some-  
what hampered by the methods in prac-  
tice in the United States."  
"In this matter we hope shortly to  
secure a definite improvement. I may  
mention that a very satisfactory ar-  
rangement was arrived at during the  
last meeting I had at Calais with Pre-  
mier Lloyd George and Mr. McKenna on Au-  
gust 24."  
"England is anxious to strengthen her  
gold reserve in order to maintain her  
gold standard and enlarge the scope of  
her credit in the United States. The  
Bank of France has even this stage  
of the struggle a gold reserve exceeding  
4,000,000,000 francs (6,000,000,000  
dollars). We are in a position to promise  
England a considerable sum out of our  
abundance. Russia also promised a cer-  
tain amount of gold and Italy likewise,  
in proportion to her capacity."  
"The allies are if I may say so,  
pooling their gold in order to render  
their collective financial position still  
more solid. We are placing this gold at  
the disposal of the British treasury as a  
loan, and the treasury will open credit  
in pounds sterling in every town in Lon-  
don. The arrangement, as you see, con-  
siders both ways and is altogether in the  
common interest of the allies. The gold  
loaned by us will return to the coffers  
of the Bank of France after the war."

Sully of this city to Miss Elizabeth Em-  
maline McGarrigle, eldest daughter of  
Richard J. McGarrigle, was celebrated  
yesterday morning in the Church of the  
Immaculate Conception at Calais, Me.,  
by Rev. F. R. O'Dowd of East Mill-  
rochet.

erine O'Donnell of Holyoke, Mass., a  
maid of honor, and Miss Mabel McGar-  
rigle, her sister, and Miss Bertha Cul-  
leton as bridesmaids. Thomas J.

How Thin People  
Can Put On Flesh

Thin men and women—those big, hearty,  
filling dinner you eat last night. What  
became of all the fat-producing nourish-  
ment it contained? You haven't gained  
in weight one ounce. That food passed  
from your body like unburned coal  
through an open grate. The material was  
there, but your food doesn't work and  
stick, and the plain truth is you hardly  
get enough nourishment from your meals  
to pay for the cost of cooking. This is  
true of thin folks the world over. Your  
nutritive organs, your functions of as-  
similation are sadly out of gear and need  
reconstruction.  
If every way you've tried to put on  
weight has failed try these simple di-  
rections. Cut out everything but the  
meals you are eating now and eat with  
every one of those a single Sargol tab-  
let. In two weeks note your weight.  
Sargol does not of itself make fat but  
mixing with your food its purpose is to  
help the digestive organs turn the fats,  
sugars and starches of what you have  
eaten, into rich, ripe producing nourish-  
ment for the tissues and blood—pre-  
pare it in an easily assimilated form  
that the blood can readily accept. A  
great deal of this nourishment now passes  
from thin people's bodies as waste. Sargol  
is designed to stop the waste and make  
the fat producing contents of the very  
same meals you are eating now de-  
velop pounds and pounds of healthy flesh  
between your skin and bones. Sargol is  
non-injurious, pleasant, efficient and in-  
expensive. All leading druggists are au-  
thorized to sell it in large boxes—forty  
tablets to a package—on a guarantee of  
weight increase or money back.  
If you find a druggist who is unable  
to supply you, send \$1.00 money order  
or registered letter to the National Lab-  
oratories, 74 St. Antoine St., Montreal,  
and a complete ten days treatment will  
be sent you postpaid, in plain wrapper.
