WOMAN IS DRUGGED, DIES IN FEW HOURS

Found Unconscious in a New York Apartment—Supposed to Have Been Robbed.

New York, Nov. 26.—A pretty, stylishly dressed young woman found unconscious on the second floor of 589 Third avenue, at 2 a. m., died a few hours later in Bellevue Hospital. A search was begun for a man who was seen to leave the building a few minutes before the unconscious woman was found.

The woman was, about thirty-five years old and wore a blue walking suit trimmed with fur, a black hat with black plume, and gilt shoes. No hand bag was found.

She was discovered by George Lynch, who was returning to his home.

Dr. Dodson at Bellevue Hospital declared that the woman was not intoxicated, but had been drugged with a powerful narcotic. No one could be found in the neighborhood who knew her, and the police think possibly the strange man left her in the house after she had been drugged and robbed of her money.

Mrs. Ida Griffin Oliver, 407 E. 10th street, St. John, N. B., was married recently. This is the second marriage of the bride and the bridegroom's fourth. Two of his former wives were sisters of his latest bride.

Military Wrist Watches

The most reliable and most substantial military wrist watch of today is "THE WALTHAM". It is neatly cased and well strapped, has a very bold dial and heavy hands, and sells in its case and buckle from \$10 to \$15; and in gold filled case and buckle from \$12.00 to \$18.00. Above watch can be supplied with luminous dial and hands, also in 14c solid gold cases. This watch is a leader with us and is commanding rapid sales.

HARRY LAUDER'S VISIT WILL INTEREST ST. JOHN

The Eminent Scot Will Be Seen on The Streets as Well as on the Stage—To Pay His Respects to the Mayor—Company Travels in Special Car

More than passing interest is centering in the coming of the world's foremost entertainer, Harry Lauder, on Tuesday next week. While the eminent Scot brings with him a brilliant company of entertainers, these naturally take second place. Mr. Lauder will arrive in his private car Olympia attached to the Boston express at 10.10 in the forenoon. Two Pullmans will contain the members of his company and a baggage car filled with scenic effects and other paraphernalia, belonging to the show, as well as special arrangements have been made to get the scenery, etc., to the Imperial Theatre and the rehearsal commenced shortly after the arrival of the train.

HARRY LAUDER

In the brief interval between train time and rehearsal, Mr. Lauder and his wife will proceed to City Hall in the automobile, accompanied by their band of henchmen. It is the great comedian's favorite custom—an Old Country courtesy—to pay his respects to the mayor of each city he visits and his worship.

Mr. Lauder on Tuesday. No doubt the parade of pipes will create quite a little excitement on the streets, and the local recruiting committee is making an effort to have Mr. Lauder address an open air meeting in the vicinity of one o'clock.

As he is already under formal engagement as a recruiting sergeant, the visiting Scotchman is very likely to accede to this request.

The pastimes will commence at 8.30 and will terminate about 5.30 o'clock. The show will be in two parts, the European vaudeville opening the programme and the Scotchman in the second part.

Mr. Lauder's company leaves town for Bangor Wednesday morning at a quarter of six.

While tickets for the evening programme are pretty nearly all purchased, there still remain many choice seats for the matinee. As the afternoon will be exactly the same as that of the night, it is expected a large number of business men and family folks will make it a special point to get seats for it. As an entertainment for children, the programme which has already been published is unsurpassed.

WALL STREET NOTES

New York, Nov. 26.—Bank of England minimum discount rate at 5 p. c. remains unchanged.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weakness, languid feelings and worse troubles.

Hood's Serravallo has been wonderfully successful in purifying and enriching the blood, removing scum and other humors, and building up the whole system. Take it—give it to all the family 30c a bottle. Get it today.

THE 140TH AT SUSSEX

When D. C. Jones for Woodstock, which it is expected, will be today, and the men who are to form the nucleus of the 140th are sent to St. John, which will probably be the first of the week, the Sussex camp grounds will be deserted during the winter months. Part of B. Co. have already moved into their winter quarters in the Provincial Dairy School, into part of it into the old school house and the balance of these companies will move into the Mineral Springs buildings on Saturday.

No troops in Canada will have better winter quarters than those housed in these buildings. The buildings are warm and comfortable, and contain up-to-date and modern improvements, such as shower baths, toilet tubs, with hot and cold water, toilets and everything necessary for the men's comfort. Double bunks have been built two tier high, and all places are fitted with electric lights. Separate rooms are provided for the C. O.'s. Each kitchen contains two big ranges, and the men's rooms are commodious and nicely arranged. Revellie has opened his new 1700 sq. ft. so the men are not called until later than usual.

Breakfast is served at 7.30, dinner 12 noon, and supper 6 o'clock. The soldiers are expected to be in barracks at 9.30 and lights out is sounded at 10.15. The men are not permitted to leave the barracks and are under strict discipline.

The 140th at Sussex is a very large display of various cabinets on exhibition, but the Hoosier attracted thousands of women to their headquarters every day and a record was made at the sale of B. A. week.

Suffered Constantly HEADACHE

To suffer from headache makes life miserable, and it takes a person who has been or is subject to headache to describe the suffering and agony that goes along with it. The dull throbbing, the intense pain, sometimes in one part of the head, sometimes in another, is caused by some disturbed condition of the system. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but whatever the cause, the presence of headache clearly shows that there is something wrong somewhere, and unless the cause of the headache is removed, some serious trouble is very likely to assert itself.

The fact that Burdock Blood Bitters reaches the seat of the trouble, and banishes the headache is due to its success in first relieving, and then permanently curing the cause of the trouble.

Mrs. Wallace J. Boyd, Milltown, N. B., writes: "Several years ago I was a constant sufferer from headache. I was unable to do any work, and was nearly blind. I read of Burdock Blood Bitters, and decided to give it a trial. The headache stopped at once, and I feel better in every way since. I recommend it to all sufferers."

B.B.B. is the oldest and best known blood medicine on the market to-day, having been manufactured for the past forty years by The T. Millam Co., Limited, Toronto, Ont.

WOMAN PUT HER HEAD IN THE GAS STOVE OVEN

Novel Method of Suicide in Taunton—Dead When Found by Her Husband.

Taunton, Nov. 26.—Placing her head in the oven of a gas stove, at her home, 55 First street, Mrs. Christopher Hamilton turned on the gas and was dead when found by her husband a little after midnight. Mr. Hamilton retired early and was awakened by the crying of children who missed their mother.

Sgt. Morris at the Weir Police Station and a doctor were notified. Medical Examiner Atwood viewed the body. Mrs. Hamilton is said to have been dependent on late.

"Are you good at figures?" asked the woman who had applied for a position. "I used to be a wardrobe mistress for a burlesque troupe."
