SMELTERS DROP EIGHT POINTS OVER WEEK-END

Reaction is Feature of Mont-
real Exchange Opening
This Morning

PRICES UPWARD AGAIN
IN WALL STREET TODAY

Trading Again Resumed at
Furious Pace After Slump
on Saturday.

Canadian Press.
MONTREAL, Oct. 19.—The continued softness of Consolidated Smelters featured the opening of trading on the Montreal stock exchange this morning. This issue on the first sale reacted two points at 158, and quickly sold down six more to 152, for a week-end loss of eight points. On the whole Canada Steamships preferred showed considerable strength selling up a point at the new high of 69 3/4.

Brazilian was the most prominent in regard to activity and eased 1/2 to 77. Besco 2nd preferred was steady at 10.

The balance of the list was inactive and steady.

NEW YORK, Oct. 19.—Stock prices pointed upward again today as trading was resumed at a furious pace. Initial dealings indicated that support was forthcoming for the leading industrials although heaviness in spots reflected the sobering influence of the last hour's collapse on Saturday.

Fisher Body soared 5 points and initial gains of 1 to 8 1/2 points were recorded by Dupont, Mack Trucks, American Can, American Sugar and Chrysler.

United States Steel, Hudson and New York Central opened fractionally higher.

Embargo on Foreign Loans Is Opposed By Some In England

Canadian Press.
LONDON, Oct. 19.—At the present time, an embargo on foreign loan issues in London, is imposed not by law, but by the influence of the Bank of England. The embargo is designed with the consent of the treasury to assist in the maintenance of the gold standard, but there is a school of thought which considers that it should be relaxed on the ground that British financing of overseas countries, is needed to stimulate the export trade of Britain. Meanwhile the question has arisen of extending the embargo to the new loans of the British Dominions, unless they are for the purpose of meeting maturing obligations in London.

Morning Stock Letter

NEW YORK, Oct. 19.—The extraordinary activity and fluctuations of Saturday have naturally given rise to a large number of rumors, most of which concern the motor stocks. One paper made the statement on Saturday that a contest for control of G.M.O. was now going on between J. P. Morgan and Mr. Durant. This rumor is not generally believed, but the tremendous buying last week can hardly be attributed entirely to the public. That large interests consider the extreme advance of Saturday presented a good opportunity to secure profits seems to admit of no doubt. Further feverishness may be looked for. The street is considered to be in a good condition. One favorable feature of Saturday's market was the way the rails stood up.

Twenty rails, 102.08, off .18.

JONES ELABORATES RIGHTS REFERENCE

Holds Conservatives Using Un-
rest Against Government
in Power.

WOODSTOCK, Oct. 15.—Hon. W. P. Jones, who last week delivered an address in Grand Falls in which he made reference to Maritime Rights saying, according to a report of his address in The Telegraph-Journal, that no one seemed to know just what Maritime Rights were, that the campaign for them had been featured by Saint John newspapers and that, if the present Government were defeated, no more would be heard about Maritime Rights, tonight issued a statement elaborating the report of his utterances on that occasion.

MAIN GRIEVANCE, HE SAYS.

Mr. Jones contends that, at Grand Falls, he was arguing that the main grievance of the Maritime Provinces was that they had been bled white financially in order to create millionaire manufacturers in Ontario and Quebec through high tariffs and without corresponding benefit or any benefit to the east.

"Conservative politicians in this campaign are asking for a change of Government because of the alleged unfair treatment being given us by the Dominion, and are talking about Maritime Rights, at the same time expecting the people here to vote for a higher tariff when Mr. Meighen himself, now admits that it would be injurious to the interests of the Maritimes and Western provinces as compared with those of central Canada," said Mr. Jones.

WHEAT AND COSTS.

"I said at Grand Falls," he continued, "that we should correct our great error of government by sending a solid delegation of members to Ottawa to oppose the imposition of a high tariff. I pointed out that our products of the forest and the farm must be sold in competition with the world, and that the producers must be allowed to buy everything that enters into the cost of production in the cheapest market, un-

fettered by impossible tariff restrictions; that if wheat could be raised in western Canada cheaper than in other countries the lands there would be taken up, but not otherwise.

"Wheat can only be raised when the producer obtains his machinery and appliances, his clothing and everything that enters into the cost of production with the least possible outlay. If the west fills up, the immigration problem is solved, the railway trouble is cured, the winter ports are satisfied and the questions of taxation and the public debt become relatively unimportant."

RECALLS UTTERANCE.

Quoting from memory, Mr. Jones recalled having stated that "Conservative politicians, curiously enough, always become extremely interested in our grievances when Liberal governments are in power at Ottawa and at Fredericton and, in my opinion, the question of Maritime Rights, so called, although nobody seems to know what is meant by the term, was accentuated by Opposition speakers just before the last provincial elections for political purposes, to create a spirit of unrest. It had its effect but I hoped that the people would be sensible enough to see that it did not prejudice the Liberal party in this election. Saint John newspapers had featured the matter, and if Mr. Meighen happens to come into power, which I regard as impossible, very little will be heard about Maritime Rights."

"That opinion," Mr. Jones added, "I still adhere to."

Asked if he really believed the motive behind The Telegraph-Journal and The Times-Star efforts to boost Maritime Rights was a political one, Mr. Jones stated that he did not criticize the newspapers in that respect. "I am willing to admit that their motives are non-political."

"At the same time," he added, "I think the interests of Saint John would be better served if the newspapers could often realize that there is quite a large section of the province outside the limits of the winter port."

"Conservative politicians," he continued, "have availed themselves of this agitation to serve their own ends, and they are doing so today. I do not say whether their attitude is improper from the standpoint of practical politics. As to that the public must judge. I believe that the efforts that are being made by the business men to remedy conditions in the Maritime Province are to be commended, but my whole argument," concluded Mr. Jones, "is that such efforts can produce no beneficial results if the people here are to be burdened with the higher tariff as proposed by Mr. Meighen."

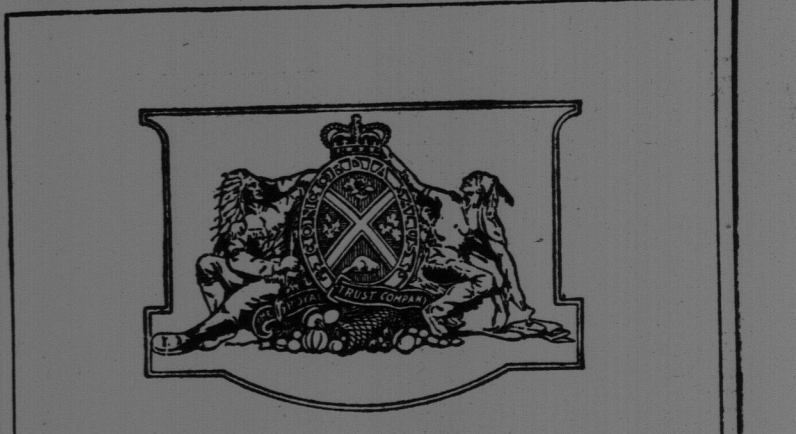

veal, 8 to 15 cents head; celery, 10 to 15 cents head; cabbage, 75 cents doz.

DETROIT BANKER, 81, DIES.

DETROIT, Mich., Oct. 18.—William Livingston, 81-year-old banker, vessel owner and president of the Lake Carrier Association, died suddenly at his office here last night.

TOADS AID FARMERS

WASHINGTON, Oct. 19.—One of the farmers' most helpful allies is the common toad. The toad's diet of worms, beetles, mosquitoes, flies, plant lice, crickets and other pests make him valuable. Scientists claim that the toad eats nearly 3,000 parasitic pests each month.

IN JUSTICE TO YOUR FAMILY

We would impress upon you the necessity of making a Will. And, second only in importance to the actual making of a Will, is the selection of an Executor to carry out the provisions of your Will.

The economical and efficient administration of your estate can best be obtained by the appointment of a permanent executor such as The Royal Trust Company.

Write for our booklet,
"Practical Hints on Making your Will."
Mailed free on request.
