HERE IN INTEREST OF BOY SCOUTS

Field Commissioner Lister to Spend Two Months in St. John.

H. Lister, Field Commissioner of the Boy Scouts Association, is in St. John after a four weeks' tour of Prince Edward Island. Mr. Lister reports scouting on the island as growing steadily; he succeeded in organizing some new troops and reorganizing some old ones, with the result that there are now 17 active Boy Scout troops there.

Mr. Lister called at Port Bland, Bay Verte and Pointe du Diable, N. B., and organized a troop in each place. He says that scouting in Canada is growing satisfactorily and that three branches, the Wolf Cubs, Scouts and Rover Scouts, and that the big drawback is the lack of men for leaders, who have not been able to look at things from a boy's viewpoint.

Mr. Lister will spend about two months in St. John in the interests of the Boy Scout movement. He is making the District Scout Office, 101 William street, his headquarters, and says he will be very glad to call upon anyone at all interested in scouting.

WILL CLOSE MILK FUND SATURDAY

Few Days Yet for Contributions—The Total Now Reaches \$1,049.

The Times-Star fund to provide milk for needy babies will be closed on Saturday. It has been open for some weeks, following a disclosure of conditions which moved this newspaper in the interest of and for the welfare of the little ones, to offer its services in raising a sum that would materially help the committee of the Women's Council in carrying out this laudable work.

It is deemed now that sufficient time has been given to all who wished to assist with contributions but in order that this may be certain the Times-Star today announces that the fund list will be kept open until and including next Saturday and that then it will be closed.

The contributions today reached a total of \$1,049.50. There came this morning \$1.50 from two girls, the proceeds of "a bet" and \$1.50 arrived in the mail from an unknown donor.

FLOUR UP AND SUGAR CHEAPER

The flour increase is reported to a continued strong upward tendency of both cash and future prices in the Winnipeg market. Last week, three increases sent prices up nearly 30 cents in flour.

THEY HAD TO THROW PARTRIDGE AWAY

Local Sportsman Tells of Experience in Woods Near Tracey.

A local sportsman, when questioned regarding something said to be creating havoc among the partridge said today that accompanied by some friends he had visited Little Lake, about 12 miles from Tracey where they usually found plenty of birds, often securing 40 or 50 in a few days and seeing many more, and this time they had secured only four partridge and every one of these had been infected with the disease or whatever it was, and could not be brought home.

The partridge, he said, seemed infected usually around the head and it took the form of little blue balls on the skin, varying in size from a pea to a plum head. All four birds secured on this trip had to be thrown away. He declared that he had seen a bird shot near Loch Lomond infected in the same manner.

Reports from various parts of the province show that partridge are scarce now but that they were plentiful a month ago and it is thought that the disease is responsible for this.

This sportsman said today that there was the same trouble about four years ago. He discovered a bird dying then without a sign of injury other than this infection. He declared that rabbits were infected in somewhat a similar manner about six years ago. He said he did not know the name for the disease.

This matter was discussed at a meeting of the N. B. Fish and Game Protective Association last night, as referred to elsewhere.

MATTER OF UNION WITH CITY DORMANT

Commissioner Frink Replies to Query About East St. John Situation.

Has the proposed union of East St. John and the city proper been forgotten. This was the question put to The Times-Star and in order to find out the status of the matter at present the question was passed on to Commissioner Frink.

The commissioner said that, so far as he could recall there had been nothing done since some time before the civic election of last spring. Previous to that there had been communications and negotiations between the members of the city council and a committee representing East St. John.

His recollection of the last proposal of East St. John was that they had been taken into the city and be treated the same as portions of Stanley Ward, that as assessed on one half the valuation placed on their properties but they wanted this on the valuations which were at present established by the assessors in the district. This had not met with the approval of the members of the council and the matter had seemingly been dropped for the time. He expressed the opinion that it would be revived again.

Speaking about the assessment in Stanley Ward the commissioner said half valuation applied where water and sewerage and lights were not provided.

TO ARRANGE FOR RIVER SERVICE

Chapel Grove Country Club Holds Its Annual Meeting.

The annual meeting of the Chapel Grove Country Club was held last evening. Reports were received, officers elected and arrangements made for winter activities. The reports of the secretary and treasurer were highly satisfactory. The former reported that there are 112 members. The election of officers resulted as follows: President, E. S. G. Hansen, re-elected; vice-president and chairman of the social committee, H. J. McCarthy; secretary, Maurice G. Maxwell; treasurer, J. P. Curran; assistant secretary-treasurer, S. P. Atkin; chairman of the canteen committee, U. A. Ballard; assistant, J. O'Connor; chairman of the sporting committee, W. H. Corcoran. The retiring officers were tendered a vote of thanks.

The club, which was organized a year ago, has met with marked success and the finances showed it to be in a flourishing condition. During the winter months a programme of socials and entertainments will be carried out for the members and their friends. It was also decided to arrange for a steamship service to Chapel Grove and other points along the Kennebec river next year and a proposition is of place to purchase a large motor boat for the members, but efforts in this line were unsuccessful and a new arrangement is now being made where by a regular service will be put on the Kennebec river.

It was also decided at the meeting that next spring tennis courts will be built at the club, a space cleared for athletic events, balling and balling houses erected and other improvements made. The members are looking forward with keen anticipation to next season.

MOTHER MAKES SAD ADMISSION

Has Lost Control of Boy, Who is Before the Police Court.

A sad case was heard in the police court this morning when a frail woman appeared before Magistrate Henderson and said that she had lost control of her son and was anxious to wash her hands of him. The lad was reported for being a habitual truant and when ordered to appear in court with his mother ran away. As a result he was taken in custody and held at police headquarters until his case was brought before the court. A short time ago the boy was brought to court charged with setting fire to a building in the North End.

When asked by Magistrate Henderson why he did not go to school the boy said he had been sick one day and went to the outdoor department at the hospital on other days to receive treatment for a cut in his hand. His mother said that he was only making up excuses.

J. Boyd McMann, truancy officer, said the boy had missed nine and a half days in September and had not gone to school one day this month. He said he had been after him on many occasions, but he was running at large about the streets and he could not locate him. He said he had been guilty of truancy before.

Magistrate Henderson questioned the mother regarding the boy and was informed that only last Friday he threw a knife at his brother and cut his hand. He had then tried to seize a butcher knife and again strike him. She said her husband was in Moncton and was not supporting either her or her five children and that he should be made take some of the responsibility of bringing up the family.

Magistrate Henderson said he would consider sending a commitment to Moncton to bring the father back here and he was liable to pay \$2 for every day the boy was absent from school without a cause. The boy he sent below and said he would take the matter up with the authorities at Silver Falls school to see if he could be sent there.

ONLY ONE.

Only one man was taken into custody last night on a drunkenness charge and it is morning when he appeared before Magistrate Henderson he was instructed to pay \$8 or go to jail for two months.
