LOCAL NEWS

TO OPEN FAIR
Hon. W. E. Foster, premier, left this morning for Chatham where he will officiate at the opening of the exhibition this evening.

A FAREWELL PRESENTATION
A party of young friends gathered at the home of Mrs. W. J. Seely, 52 Queen street, on Friday evening and tendered a surprise party to her daughter, Rita, who soon will leave for Montreal. A sum of money was presented to Miss Seely by John O'Brien, on behalf of the boys and girls. The evening was spent with music and games and refreshments were served during the better part of the evening.

FOR JUNIOR CHAMPIONSHIP
Two games were played on Queen Square diamond, West St. John, Saturday afternoon between the Portlands and Carleton nines for the junior championship of the city. The first game was won by the Carleton team by a score of 8 to 4 and the second by the Portlands by a score of 5 to 4. Yeomans and Carlin formed the battery for the Portlands in the first game and Logan and Yeomans in the second. Daly and Tebo worked for the Carleton nine in the first game and Thompson and McLellan in the second.

SEPTEMBER BRIDES

Boles-Coleman.

A wedding of much interest to a large circle of friends was solemnized in the Douglas avenue Christian church on Saturday afternoon at 3 o'clock, when Rev. J. E. Gosselin of Hatfield's Point, assisted by Rev. J. C. B. Appel, pastor of the church, united in marriage Mrs. Mae A. Coleman, daughter of Councilor David Jones and Mrs. J. C. B. Appel, daughter of Frank R. Boles of this city. The bride was attired in a tulle silk gown with hat to match and carried a bouquet of orange and red roses. The bridegroom entered the church to Lohengrin's wedding march, which was played by H. S. Cruikshank of West St. John. The ceremony was performed by Miss Mae G. Russell of Cambridge, Mass., cousin of the groom, who was becomingly gowned in navy blue silk and georgette crepe with black hat and carried a bouquet of pink carnations. The groom was supported by his nephew, Charles W. Henderson. While the register was being signed Mrs. Vernon R. Henderson of Metcalfe street sang "O Promise Me" after which the bridal party left the church to the strains of the wedding march. The bridesmaids were Gordon and Walter K. Henderson, nephews of the groom. There were about fifty invited guests and many friends who witnessed the ceremony. The bride and groom were married in the church and the bridegroom's sister, Mrs. Emory B. Henderson, 26 Murray street, where a reception was held, and a dainty supper was served to immediate friends and invited guests, after which the bride and groom left on the Boston boat for an extended tour to Boston and New York. Mr. and Mrs. Boles of their return will reside in West St. John. The groom's present to the bride was an amethyst and pearl pendant, to the bridesmaid a gold brooch set with amethysts and to the best man and each of the ushers gold cuff links. Among the numerous presents received were a beautiful china cabinet from the firm of A. C. Smith & Co., where the groom employed a day in the chair from the men in the warehouse, a substantial check from the bride's parents, also other gifts of cut glass and silver. Many congratulations were extended to them amid a shower of confetti and rice as they left on their honeymoon.

Butler-Dempsey

Christ's Church, Morden, was the scene of a pretty wedding on Thursday evening, September 18, when Miss Lenna, daughter of Mr. and Mrs. Wallace Dempsey, of Morden, was united in marriage to Percy M. Butler of St. John, N. B., formerly of Yarmouth, N. S. The bride was handsomely attired in white duchesse satin with pearl over-dress, wearing a veil caught up with orange blossoms and pears, and carrying a bouquet of red roses, entered the church on the arm of her father to the strains of Lohengrin's wedding march, rendered by her sister, Miss Hilma Dempsey, who was attired in blue satin with a picture hat of rose. Little Miss Edna acted as ring bearer and flower girl, wearing white crepe-de-chene and veil. The church was prettily decorated with flowers and autumn leaves, while the bride and groom stood under an arch of autumn leaves and golden glow. The groom was supported by Cecil Dempsey, brother of the bride, and the ceremony was performed by Rev. A. R. Yeoman, they proceeded to the home of the bride, accompanied by immediate relatives, where a bounteous wedding supper was served. They were the recipients of many beautiful presents, including cut glass and silverware, also a substantial check from the bride's father. After spending a few days with the bride's parents, they will make a short tour through the province, returning to their future home in Fairville, where Mr. Butler has charge of the printing department of T. S. Simms & Co., Ltd.

NURSING SISTER HAD MANY NARROW ESCAPES

After more than two and a half years of service, the greater part of which was spent in France, Nursing Sister L. M. Wilson, of Vancouver, arrived in the city on Saturday, having crossed the Atlantic on the ship "Queen of the South" docked at Halifax on Friday at noon. Miss Wilson left Canada in December, 1916, with a reinforcement detail of nurses and for nearly a year was on duty at No. 10 Canadian General Hospital, Brighton. She was then transferred to France, going to the No. 1 Canadian General at Etaples, which was later commanded by Lieut. Colonel Murray MacLaren. When No. 1 moved to Trouville, Miss Wilson remained at Etaples on the strength of No. 7 General, doing duty with that unit until May 1, this year, when she returned to the United Kingdom and joined the staff at Buxton under Colonel MacLaren. Miss Wilson was in the many bombing raids at Etaples during the spring and summer of 1918 and had many narrow escapes.

While in the city she is the guest of Miss Whitehead, 148 Germain street, and before returning home will visit friends in Glassville.

PLAN TO WIDEN FERRY FLOATS IS DEFEATED

Opposed on Account of Expense—Contract For Repairing West Side Trestle Awarded—Rumor of Higher Street Car Fares Reaches City Commissioner

The opposition of Commissioners Jones and Thornton defeated the proposal of Commissioner Bullock for a bond issue amounting to \$4,000 to provide for the widening of the approaches to the ferry floats at the committee meeting of the common council this morning. Among the other matters dealt with was the opening of tenders for repairs to the trestle at the head of Rodney wharf, the contract being awarded to Edward A. Farren. All members of the council were present.

Mr. Thornton said he heard a rumor regarding the N. B. Power Co. trestle at Rodney wharf to the effect that it was not safe and that the city engineer inspected the work and found some of the ties rotted out. He moved that the city engineer submit a report to the council.

Mr. Bullock said the matter of the continuance of the service down Rodney wharf was under consideration by the Public Utilities Commission. Referring to the wire fence which the C. P. R. have erected in Protection street, Mr. Thornton said it was a hindrance to the passage of fire apparatus. He suggested the commissioner of public works might remedy the complaint that the roadbed was high and the gutter shallow.

He moved that the C. P. R. be requested to remove the fence in question. The city engineer said that as the ground in this vicinity was low and the sidewalk also and he did not think that anything could be done to remedy the flow of water across the sidewalk unless it was put in catch basins at a great expense. "As a matter of fact the street should not be there," the engineer said. Raising the sidewalk would interfere with the houses, he said.

Mr. Thornton said there was a depression in the sidewalk that might be repaired. Mr. Bullock suggested a sewer to remedy the difficulty. The matter was laid over for further consideration.

Referring to the application of the N. B. Telephone Co. about to be presented to the Public Utilities Commission to increase their rates, Mr. Fisher said that he had an application from the telephone company to grant permission to put up several guy wires. The city, the commissioner said, always had allowed the company to put up the cheapest construction by that this matter should be kept in mind when the application for increase is presented. He said that the council should oppose the increase and suggestion should be made that instead of paying a dividend of eight per cent. the company should reduce the dividend and not increase the rates.

Mr. Jones also said that it had come to his attention that street car fares were going up ten cents.

Mr. Thornton added to the story of the ascending cost of living by remarking that milk was liable to go up two cents.

The mayor said that the latter matter was now to be taken up by the Board of Commerce and they were to meet here to-morrow.

A letter was received from Engineers & Contractors, Ltd., protesting against a proposed increase of \$80 a day in the contract for putting in the pile bracing at the ferry slip.

Mr. Bullock said that the builders had been delayed by the building of the grand stand for the children at Reed's Point at the actual cost of labor and he moved that this amount be refunded. The motion was carried.

Mr. Bullock brought up the matter of widening the ferry floats. He said at times the traffic coming off the boat endangered the safety of the passengers coming off the boat.

The engineer said that \$4,000 would have to be spent on the floats propping up the braces on which the floats rest, another \$4,000 would be necessary to widen the pathway.

The mayor read a letter protesting against the expense saying that the danger could be removed by holding the teams until the passengers got on or off the boat.

Mr. Bullock said this would interfere with the general schedule of the boats. He said he would make the steady increase and the correspondent's suggestion would cause a half hour schedule to be adopted to the inconvenience of the public.

Mr. Jones said that as the ferry was costing so much at the present time this expense should be held over at least until next year.

Mr. Fisher said that there was congestion on the floats which should be remedied.

In reply to the mayor, the engineer said that the work could be done \$1,000 cheaper if carried out in conjunction with the other work which was being recommended. Mr. Jones and Mr. Thornton dissented, and, as the expenditure would require a bond issue and consequently a unanimous vote, the resolution was defeated.

Tenders for repairing the cross wharf at Rodney wharf were opened and were as follows:
W. A. Munro \$8,025
Rings & Irons 3,100
John A. Adams 2,667
R. R. Lee 2,885
Edw. A. Farren 1,808
Engineers & Contractors Ltd. 3,150
H. O. Clark 2,800
S. Herbert Mayes 2,700

This tender was for renewing the planking, fastenings and capping on the cross wharf. On motion the lowest tender, that of E. A. Farren, was accepted.

Navy Blue Suiting Serge

Are you thinking of a Navy Blue Suit for this season? We can show you some wonderful values in Pure Dye, Indigo Blue Serge of British manufacture that are away below present quotations. These were bought a long time ago from an English house, and we had given up all hope of ever seeing them, but they have just turned up, shipped at the low prices of the market at that time. Here are the various grades:—
