'CEETEE' THE PURE WOOL UNDERCLOTHING THAT WILL NOT SHRINK

Will Be Very Scarce This Season
owing to the fact that the ships that transport the wool and the mills that spin the yarn are being required for more important work.
CEETEE is only made from the finest Australian Merino Wool, and we positively will not lower the quality by using any other wool.
However, if you are unable to secure your usual supply of CEETEE Underclothing this season, you can still wear

Turnbull's
UNDERWEAR
which is equal to or better than any on the market, and will give good satisfaction.
Most good dealers sell it in all sizes for men, women and children.

The Thought Behind

Your Christmas gift may cost you less than a dollar or it may cost a hundred—according to your means—but the thought which pervades you, to send it is what counts.

We, who are privileged to stay at home, have a duty to each other, as well as to those who are afar. It may be that we cannot do as we want out at least we must do what we can—we must see to it that the spirit of Christmas remains unquenched. Plan a little gift for each of the "folks at home," and if there's a boy in khaki, get his first and send it early.

Birks Year Book illustrates several thousand gifts suitable for everybody. At one price—last tell us roughly what you want to spend.

STOP DANDRUFF!

HAIR GETS THICK WAVY, BEAUTIFUL

Girls! Draw a Cloth Through Your Hair and Double Its Beauty

Spend a Few Cents! Dandruff Vanishes and Hair Stops Coming Out

To be possessed of a head of heavy, beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff, is merely a matter of using a little Danderrine.

It is easy and inexpensive to have a nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderrine now—all drug stores recommend it—apply a little as directed, and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yet really new hair—sprouting out all over your scalp.

Danderrine is, we believe, the only safe hair grower, destroyer of dandruff and cure for itchy scalp, and it never falls to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderrine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.
