The Ring

Why the Johnson-Jeanette Bout is Off.

Here is why Jack Johnson will not box Joe Jeanette in Paris, according to the latest information. Johnson demands a guarantee of \$25,000 or 40 per cent. of the gate receipts, and 50 per cent. of the moving picture rights. Johnson demands the right to name the referee. Then Johnson wants \$10,000 posted in the First National Bank of Chicago as a guarantee of his word. There are a few more things. Johnson wants, but--

Don McNeill, who was promoting the bout, has called it off.

IN CHAPEL GROVE

Calm sleep the dead in Chapel Grove. When food's fair summer drive And Robin boasts his treasure trove Of life's fair-summer prize.

High on the golden grass he sings Of life's sweet pleasures spread; Through pulses hot his wild blood springs, Light recks he of the dead.

Old Bernard sleeps far from Fernoy, Nor needs the clanging wail, The dead may dream of living joy, And a fair Blackwater child.

And Knockmedon's long chests arise In a vision strong and bold, And the stirring throngs on market days And the cattle bough and sold.

Fair, fair, is summer time, I ween, In Chapel Grove no more, Nor leaf, nor grass, nor stone more green To bid glad Robin sing his lay.

In Chapel Grove the leaf grows scar, Hushed is the leaf refrain, And never to a once willing ear Shall Robin sing again.

SUFFERED THREE YEARS

Till Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. P. A. Thomas, of Sudbury Ont., is one of those who know it. He writes:

"For over three years I suffered from kidney disease. First I thought I had sprained my back, for the pain would catch me suddenly, and it would be impossible to get up. I was frightened myself up and down, and I was in a daze. I was unable to do any work, and my urine was thick and cloudy, and passing it caused a burning, scalding pain. I tried medicine, but it failed. I was advised to try Dr. Morse's Indian Root Pills, as they are cured thousands of years before. A few boxes affected a complete cure. I now enjoy the blessings of good health, and it is due to this remedy."

Don't neglect kidney trouble--it's too dangerous to let it grow. It is due to the kidneys, and it is cured by Dr. Morse's Indian Root Pills, has cured thousands of years before. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

THE PEARL OF SAVOY.

The sale of seats for the Pearl of Savoy, the five-act drama which the St. John amateurs will present at the Opera House, was opened at 10 o'clock this morning. The subscription sale opened at 10 o'clock Saturday morning and there was a great demand for seats for the play. The final rehearsal will be held at 10 o'clock this evening, and everything will be in readiness when the curtain goes up for the opening performance.

THE STAR

The Star theatre has completed arrangements whereby it is secured the very cream of motion pictures coming into St. John and the programme which commences the week in this house tonight is a most excellent one.

The premier film is "The Mystery of Lonely Gulch," one of the best of the kind. It is a story of a man who is hunted by a tiger in the jungle. The picture is a masterpiece of the kind, and it is a most interesting and thrilling story.

In addition to these two sterling features there will be "Hunting Antlers," a fine travelogue, and "The Sepoy Wife," a most interesting and thrilling story.

Miss Corinne Nevin will continue in late songs.

THE LYRIC

Another comedy attraction, which is expected to give a great deal of enjoyment has been booked to appear at the Lyric Theatre for the first three days of this week. Lewis and Burns are the artists. One of the features of their act is the "Pathe American," a picture in which a Pathe American, "A. M. Legend," which is said to be a famous picture in that country. "Annie" will be shown in that country. "Annie" will be shown in that country. "Annie" will be shown in that country.

THE GEM

A big drama of the American civil war is to be presented at the Gem Theatre. It is a Biograph production, telling a touching story of a mother's love and sacrifice in the face of terrible and heartrending hardships which have come upon her. The scenes and acting are very realistic, and the picture is one of the Biograph triumphs. A film picture subject which will appeal not only to all patriotic Canadians, but also to everyone with a sense of history. A wedding trip through Canada from Montreal to Hong Kong. The start is made at Montreal, where the groom's uncle is a highly educated man, and the bride is a young girl from the west. Two other good subjects are presented. "Show Your License," a side-tracking comedy, and "The Little Rustic Cottage," while the orchestra will have a pleasing new programme.

DOAN'S KIDNEY PILLS

A collection of mineral and royal autographs on a pane of glass has been given by King Naakon to the museum at Copenhagen. The pane originally belonged to a window of the royal Danish express, and a great many years ago the emperor Alexander III engraved his name on it with his diamond ring. His example was followed by the present czar, the late King Christian, the late King Edward, Queen Alexandra, King Hohen, King George of Greece and Queen Victoria of Spain.

BATTLING NELSON HAS REACHED END

San Francisco, Cal., Nov. 28--Batling Nelson, of Higson, will no longer menace the lightweight belt, for the first time in his fighting career, the "Durable Dane," a shell of the once great pugilist, was knocked out today beyond all dispute. Owan Moran, a sturdy lad from Birmingham, performed the feat in the presence of one of the largest crowds that ever assembled at a glove contest in this city.

Moran knocked Nelson out in the 11th round of a scheduled 20-round event, his victory being clean and leaving no room for argument. Nelson was completely over the one time champion. But he was compelled to drop Nelson five times in this round, for, despite the force of the Briton's right and punches on the point of the chin, the wonderful fighting spirit of the Dane was ever present.

One second after the final count had been tolled off and Referee Benjamin Selig above the din shouted:

Nelson, the white shooting in straight, forward punches to the jaw and head, and he seldom suffered a punch in return.

The eleventh and final round opened with neither fighter perceptibly in distress. Moran, who apparently had been hiding his time for a finishing blow got his chance when Nelson, with bowed head rushed into close quarters. Moran flung his right forward, catching Nelson flush on the jaw. Nelson tumbled to his hands for the count of nine. It was the same kind of a blow which several months ago had sent Tom McCarthy off his guard. He subsequently died as a result of the fight and the ousting of the Jeffries-Johnson bout from California, following which Nelson tottered to his feet, bleeding and dazed. Moran stood back, waiting for him. Again the referee counted the fight over. Nelson dropped to the mat once more.

The performance was three more repeated. Moran each time reeled back, and he believed that I would have been as fresh as ever in the next round. However, Moran deserves all the credit. He is a great little fighter, and will be able to hold his own against any of his class.

JOHNNY AND THE WORM.

(National Democratic Monthly.)

A prominent jurist was discussing the difference in opinions by different people on different laws. He said:

"The matter of interpreting laws is much like the story of the little boy who was told by his teacher to read something from his primer. The boy read as follows:

"This is a warm doughnut. Step on it."

"Why, Johnnie," said the teacher, "it's not right. Let me see your book."

This is what she found:

"This is a warm doughnut. Step on it."

YOUR DANGER FROM KIDNEY TROUBLES

BEGINS WHEN YOUR BACK ACHE.

Backache is the first and the sure sign of kidney disease.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Next to the heart, the kidneys are, perhaps the most important organs in the body. It is no wonder, then, that if the kidneys are affected the whole system must be.

On the first sign of backache, Doan's Kidney Pills should be taken. They go right to the seat of the trouble, heal the kidneys, and make their action regular and natural."

Mr. E. J. Saultier, Lake Umbagog, N.S., writes: "I take a great deal of pleasure in telling you that I have received from you of Doan's Kidney Pills. I was troubled with my kidneys for several years. My back was weak and I had terrible headaches, and was so restless I could not sleep at night. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again."

Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. M. Doan's Kidney Pills, Ltd., Toronto, Ont.

If ordering direct specify "Doan's."

MONTH WILL SEE NAVY AND DOCKS CONTRACT CLOSE

Definite Announcement Expected Very Soon from Ottawa--Transaction is Complicated One

(Montreal Herald.)

Ottawa, Ont., Nov. 28--Tenders for the construction of the cruisers and destroyers for the new Canadian navy will be in the hands of the government before the end of the year, and a contract will probably have been made with a building firm.

The transaction is rather more complicated than the mere calling for tenders on the construction of a ship. In this case the order will carry with it the establishment of a great dockyard in Canada. There are said to be four firms in Great Britain who are willing to establish themselves in Canada and they will to some extent compete with each other for the aid which the Canadian government will give in the form of premiums on the price of construction in Canada, or in drydock subsidy, or both.

The fate of the drydock tenders is also bound up in this question, for it is pretty well recognized that one of the main purposes of the firms which have applied for drydock subsidies is the construction of both war and commercial vessels.

The firm of Vickers, Sons & Maxim, which is applying for a subsidy at Montreal, certainly has ship construction down its programme, and so have Harland and Wolff, who, with Sir Robert Perks, have applied for aid for the construction of a dock at Lewis. The government has come to no decision as yet with respect to the drydocks, but an announcement will be made shortly.

The conference between Sir Trevor Dawson, secretary of the navy, and the members of the government with regard to the construction of a floating dock for the port of Montreal to be placed at the east end of the harbor in a basin near Longue Pointe, have now closed. Some details of the scheme which have not yet been finally settled, will be the subject of further negotiations by correspondence.

An understanding has been reached that the dock will be of the dimensions and type that will bring it within the category of those entitled to a first-class subsidy. It will be of sufficient size to accommodate the largest vessels navigating the St. Lawrence for many years to come.

Sir Trevor and Lady Dawson, who have returned from Ottawa will sail from New York for England by the Mauretania on Wednesday next.

The company in which some local capitalists are interested is being organized, with a capital of \$5,000,000.

CHANCELLOR MAY RESIGN

Chancellor McKay, of the McMaster University, which has been the centre of vigorous doctrinal discussion lately, of which the chancellor is said to be the chief, may resign to become principal of the new Technical School.

MUCH DAMAGE IS DONE IN THE STORM

The New Brunswick Telephone Company was a heavy sufferer in the big storm of Saturday and Sunday. Much damage was sustained in Moncton and the vicinity. Sixty telephone wires were broken and a number of poles were snapped. The Western Union and C. P. R. Telephone Company have wires down in different directions, the main trouble being from Sagville and Aulac. North of Moncton the Great Northern Telephone Company have four or five poles down.

At Digby the gale was the worst that can be remembered. The schooner Mermaid, Captain Henshaw, with three anchors out, dragged ashore on Saturday night with a load of pilings and is full of water and badly damaged. The vessel is owned by the captain and was bound from Clementsport for Boston. The cargo was insured. The government saw Lady Lou and a large gasoline launch also went ashore.

Brier Island and Digby got cut off by a break in the telephone wires, and it is feared that several disasters may have occurred in that vicinity.

At Halifax Charles Wambolt while attempting to cross the harbor in a gasoline launch was swept overboard and drowned. The Allan liner Virginian that sailed from St. John on Friday evening did not reach Halifax until Sunday, twenty-four hours late.

At Boston the gale reached its height on Saturday and Sunday with a velocity of 60 miles an hour was reported.

THE FIND OF THE CENTURY.

Rockefeller once again played a good trick upon the oil magnate.

The great man had acquired some oil country, and his agent had sent him a sample of the produce of the first flowing well in a Rockefeller well in a hurry to go out when it arrived, and gave it to one of his men to deliver to the analyst, with a note he scrawled.

Now, the servant was also in a hurry. He set out to visit his wife, and took her to the house where he was staying. He saw what he thought was the seat of the trouble and with a guilty conscience hurriedly took it out to deliver it.

Judge Rockefeller's amazement when, in the morning, he received the following telegram:

"Yours is the find of the century--you've struck paraffin."

Had "Cholera" Symptoms

(New York World.)

La Lorraine, of the French line was in quarantine Saturday night. The steamer should have been cleared and made fast at her pier by 8.30 on 9 o'clock but a new and zealous doctor attached to the staff of Health Officer Dwyer thought he had discovered a suspicious case of cholera, possibly cholera, in the steerage and held the ship in quarantine the entire forenoon.

Dr. Lane, of La Lorraine, assured the assistant health officer that the suspect, a woman from the steerage, whose lips had turned blue, was only cold, very cold. The doctor was not satisfied, but took a drop of the woman's blood ashore for microscopic examination. Later, he reported nothing wrong with the woman, and the steamer was freed.
