HORSE NOTES.

Races at the Park Track Exhibition Week.

The Park Track is Too Hard.

Mascot, Race Record 2.64 1-2.

Roland, 2.28, is 22 years old. Disasters by fire are prolific.

Nyanza is a hot four-year-old. Yankee Luck was well named.

Horses are creatures of comfort. Short, fast clips don't win races.

Nature furnishes pure remedies. Silicon will not be out this year.

Martha Wilkes' star is obscuring. Morgan blood is talking this year.

The Guy Wilkeses are race horses. Ham Brock is improving Gil Curry.

Dandy O. paced in 2.124 in hoppers. Silver Star goes in electric bandages.

Hay will bring big money next winter. Speed without condition will not win.

Psyche continues to make them weary. California horses are very much 'in it'.

Pamlico has lowered his record to 2.144. Guy has placed the wagon record at 2.12.

Hal Pointer is not the Hal Pointer of old.

Pearl, 2.254, is a new comer for Star Ehan.

Favors was a disappointment at Pittsburg.

Fides Stanton met his Waterloo at Detroit.

Hamlin's Almost still leads the street of 1893.

Some of the good ones are not quite ripe yet.

Manchester holds two big meetings this month.

Old Guy reduced his record at Detroit to 2.094.

Lawrence, Fitchburg and Old Orchard laid week.

Hopeful held the wagon record for thirteen years.

Jordan, 2.114, is out of a mare by Adrian Wilkes.

Hulda, 1.12, is believed to be good for 2.08 or better.

Ellard, 2.12, is a card for his sire, Charlie Wilkes.

Flying Jib seems to have more speed than Mascot.

The Wilkeses got the big honors of the Detroit meeting.

Sanguis opens a five days' meeting Labor Day, Sept. 4.

Mythic Manchester and Milford open meetings August 8.

Chimes has four new ones in the list, two below 2.20.

Quite a tidy pair of five year-olds, Hulda and Muta Wilkes.

The 13-hand trotter Sea King, 2.364, is by Melbourne King.

The trotting business is booming in the States if the market is tight.

An injury will cause the retirement of George Sherman, 2.194.

Gil Curry set a new mark for Haverhill track last Friday—2.184.

Jubilee Wilkes, 2.21, is the fast New Hampshire bred pacer.

Lexington's new grand stand is double decker, and will seat 8,000.

Alamito, by Eagle Bird, lowered his record at Hawarden to 2.204.

C. H. Nelson is enjoying the fun of the half mile rings nowadays.

Albert E, 2.124, as a four-year-old, was sold about a year ago for \$140.

Siva's mile in 2.132 at Detroit was the fastest ever trotted in a 2.24 class.

A year ago Purity Wilkes, 2.174, was doing menial work in a 425-lb wagon.

A son of Conn's Harry Wilkes in Hayden's string has shown a half in 1.08.

Much depends on cooling out the animal between heats or after the race.

Martha Wilkes is not a success as a pacer. She got the flag at this gait at Detroit.

Long-distance records have been nearly all made by comparatively slow horses.

Electric light night sales will be a feature of the fall meeting at Lexington, Ky.

New press quarters are to be built at Fleetwood for the consolidated September meeting.

For style, speed, finish and a well balanced brain nothing surpasses the sturdy Morgan.

A slight defect in gait that cannot be overcome often stands between a horse and celebrity.

Nashua runs up against Manchester's first August meeting with \$300 purses and a \$500 special.

A colt should show a reasonable amount of speed after being worked thirty or sixty days to be of value.

The bike sulky brings many 2.30 horses into the 2.15 list, but chases very few 2.15 ones into the 2.10 list.

Pilot Bird, 2.224, by Pilot Knox, dam by Kohinor, bred by B. D. Whitcomb, has a colt at foal by Ellard, 2.15.

Jay Bird is getting speed on the maternal side. Courier, 2.17, winner of the 2.27 class at Detroit, is out of a Jay Bird dam.

Astoria, sister of Dexter and Dictator has dropped a brown filly by Alcantara that has since been sold for \$1500.

Hamlin's Nightingale won the big free for all at Detroit, but it was a gift. Walter E. was entitled to the race in straight heats.

If your stock is troubled with lice, try a pint of lard to one and a half tablespoonfuls of carbolic acid, well mixed, and apply it well rubbed in.

Guy Wilkes is the greatest sire of extreme race horse speed in the whole Wilke family. The way his get go the front over the big rings is astonishing.

Governor Stanford made no provision in his will for preparing the breeding establishment at Palo Alto. It all rests with Mrs. Stanford, who will administer the estate.

Tip O'Tip, by Peacock, shed his tail feathers at Detroit, where, after winning two heats of the 2.21 pace in 2.13, 2.154 he caught the banner in the fourth.

Little Albert won the free-for-all at Saginaw July 15, beating Pamlico, Lee's Pilot, Coralloid and Laura J. in 2.184, 2.204, 2.174. Pamlico won the first heat in 2.144.

Men who like to own fast trotters for the pleasurable exhilaration of a spin upon the road, in the majority of instances want horses with records, and the faster the better.

Every horseman in Fredericton should do something toward making the races at the park track during exhibition week, a success. These annual exhibitions do more for the horse interests of our province than all other enterprises put together.

John Berry, winner of the cowboy race, says he could not have got through with the race but for the shoeing his horse received at Independence. He stopped at Bush Park and Billy Hughes fitted him with a pair of shoes. A leather pad was put on over a packing of oakum and rar and the horse made the trip all right and arrived at Chicago in good shape. So much for scientific shoeing.

The power put forth by a horse at full speed is wonderful. When one sees every muscle tense and every nerve strained to its utmost limit, it seems, it is remarkable that physical endurance is equal to the effort, and yet they not only go one mile but sometimes three, four, five and even more right up to their limit in one after noon. When one comes to think of it, it is no wonder that some horses quit, but on the contrary it is strange that there are so many good, game trotters and pacers.

There is a two-year-old pacer called Sigma Chi at the Terra Haute track which is only fourteen hands high. The youngster is by Fairy Gift and recently paced a mile in 2.20.

Hay sells in France at \$42 a ton and straw at \$28. The outlook in France is so bad that some farmers predict that before winter hay will reach \$60 a ton, and straw in proportion.

Ellard, 2.15, has a 4-year-old full sister Ellardella that has been bred to Simmons' 2.28. She has paced a mile in 2.26. Ellard is believed to be the best money winner in Doble's string.

The New Hampshire Horse Breeders' association offers \$300 purses for the 2.50, 2.40, 2.20 classes trot, and the 2.35 and free-for-all, trot and pace, for their meeting at Concord, September 5-7.

The Gloucester management has decided to discontinue hurdle racing over its track until such time as there are some good jumpers to be found. Repeated accidents led up to this result.

Freedom, the first yearling to enter the 2.30 list is an underized bay colt with a peculiar shaped head and a very prominent eye.

The Stafford County (N. H.) Agricultural society is making extensive plans for a splendid show at its fall fair September 19-22. Among the attractions already secured is the great trotter Nelson, 2.10.

Whenever a horse is too warm to drink he is too warm to eat, and should be allowed to stand a while before either is given, but under no circumstances should a horse be brought in from work and be given his feed without watering first.

Siva, 2.134, by Guy Wilkes, winner of the big Merchants' and Manufacturers' stake at Detroit, runs very close to the line of a thoroughbred trotter, as her first, second and third dams are speed producers and all of them have thrown 2.20 performers.

Muta, 2.11, Hulda, 2.12, Siva, 2.134, and Chris Lang (2), 2.264, were the stars that the Guy Wilkes family flashed forth at Detroit. The latter is a two-year-old son of Sable Wilkes, 2.18, the greatest producing son of Guy Wilkes, 2.154. It is a wonderful trotting family.

When Kate Earle was overheated and weary toward the end of her great race at Pittsburg an easy heat was given her, then a bathing, shampooing, airing and rubbing with cautious care, which revived her waning strength and spirits so that she won the deciding heat.

At the California district fair last year it is said that seven families entered the gate every day on one season ticket, which was carried out by a boy each time after it had been used by one family and placed in the hands of another who were waiting at the gate.

Trademark, by Edgemark, is pronounced by competent judges one of the fastest trotters of her age in the world. She has gone quarters in 30 seconds. Among the valuable young things lost by the recent fire at Grassland's Farm was a filly by Viking that Charles Baldwin said would make another Trademark.

This is sound advice from the Horse Breeder. Breeders who have not the means to develop their stock will make more money to sell the likely ones at a fair price when young, and let some one else pay the training bills. They will get the benefit if the youngsters prove fast, and, if not, they will save lots of expense.

The largest field of horses that has started this year was in the 2.45 class at Jerseyville, Ill., July 11. There were eighteen starters and all of them were inside the flag the first two heats. It took five heats to settle the race, however, and the winner of the first two heats and seven others were distanced before it was finished.

New York.

Mr. George Edgett, writing from New York for a half dozen bottles of Hawker's Nerve and Stomach Tonic, said he had tried one bottle and it was just what he wanted to tone up his nervous system and build him up. It had been recommended to him by a friend in New York. If you are run down, weak or nervous, try this valuable restorative Tonic, it will build you up.

A new dramatic paper, to be called the Dramatic Globe, will soon be started in New York by W. W. Randall.

Virginia Marlowe will resume the part of Polle in the Lost Paradise next season. She made a distinct success in it last year.

Charles L. Richards business manager of the Francis Wilson Opera company, is a frequent visitor to the race tracks about New York.

Ray Hanson has been engaged for Ramsay Morris' Comedy company. Mr. Hanson will give dramatic readings this month and next at Nantasket, Nahant and Newport.

Emma Howard, of the Geo. A. Baker Opera company and William Mason, a lumber dealer of Minneapolis, Minn., were married in that city last week.

A second series of Mr. William Winter's "Shadows of the Stage," being articles on well-known actors and actresses, has been published by Mr. David Douglas, Castletreet Edinburgh.

Augustus Thomas is at Chicago to supervise the rehearsals of his latest play, in Mizouri, which Nat Goodwin is to produce at Hooley's Theatre, Mon'nal, to-morrow.

The Halmaker of Syria, Sydney Rosenfeld and Rudolph Aronson's new opera went into rehearsal at the Casino, New York, this week, with Max Freeman as stage manager.

Eileen Morrita has been engaged to originate part of O'ra Dean in The House with Green Blinds. As the part has been practically written for Miss Morrita, she is naturally expected to make a great hit in it.

Walter Whitehead has bought from M. Herrmann, the well known customer, the valuable wardrobe and properties bought by Mr. Herrmann at private sale from the Lawrence Barrett estate. This purchase includes the splendid tapestry curtains used by Mr. Booth in his production of Hamlet.

Please inform your readers that I will mail free to all sufferers the means by which I was restored to health and manly vigor after years of suffering from Nervous Weakness. I have nothing to sell and no scheme to extort money from anyone whomsoever, but being desirous to make this certain cure known to all, I will send free and confidential to anyone full particulars of just how I was cured.
