WOODS REPLIES TO ARTICLE BY BRACE

Local Man Resents Aspersions Cast on Lives of Professional Players

To the Sporting Editor.—Reading in your columns to-night of Mr. A. J. Brace's article in the High school paper, he says that it is the average rule and experience of professionals to become victims to the gambling fever and to drift into lazy, intemperate and otherwise low habits, I think, if Mr. Brace were acquainted with the army of professionals in the British Isles, especially professional footballers and cricketers, he would find ninety per cent. of them good examples of clean and upright living.

The officers of the Local Council of Women have arranged for a reception to be held at the Alexandra club on Tuesday evening at 8 to Miss Alice Ravenhill, lately of England, but now of Shawinigan Lake. It is hoped there will be a very large attendance of Council members and their friends to welcome Miss Ravenhill.

These were furnished with all available data, and many were put in communication with business firms in the province, resulting in correspondence which led to the establishment of new industries and the opening of new avenues of trade.

GLORY OF THE SEAS PLAYING NEW ROLE

Officers and Seamen Libel Old Sailer—Case Before Admiralty Court

Another chapter in the history of the famous old ship Glory of the Seas has been added with the libelling of the crew by the first and second mates and two seamen for \$1,448.80 claimed for wages and money loaned the skipper, Capt. McDonnell. It is expected that the case will come up in the Admiralty court next week.

After the Glory returned from Unalaska she moored in Esquimaux harbor to await a charter. Capt. McDonnell immediately left for Seattle to collect his freight money and also to attempt to seek a charter. Several days later the crew, which had not been paid off, their skipper evidently expecting to secure a charter without any delay, discovered that the ladder was empty and as they were without money were unable to buy any supplies. They accordingly went ashore and roomed at a hotel at the expense of the owners, who are local shipping men.

Sufficient money was raised to pay the crew, but the two mates together with two seamen stood by the vessel and are now seeking remuneration for their services and the money they loaned the master of the vessel before she was offered for sale and it was thought that enough money could be raised to pay the seamen, but when no bids for her purchase were received, things took a different aspect, the men libelling the ship.

The career of the Glory of the Seas since she was built at Bath, Me., the birthplace for nearly all the old American tars, reads like fiction. She was purchased over a year ago by a local syndicate from Barneson & Hubbard, San Francisco, who found her to be an unpaying vessel, as have the local company.

FORESTERS JOIN IN THE WILD STAMPEDE

A. O. F. Go Over to Con Jones League—More Defections Looked For

My, my, look how then run! They are all breaking their necks in a mad scramble to climb on Con Jones' professional band wagon. The Vancouver Foresters were turned down when they made their application, but now that the Foresters have joined in the wild stampede, the complexion of things is somewhat altered, for while a league with five clubs, three on the mainland and two on Vancouver Island, would be a losing proposition for a six-club league, with three islands and three mainland clubs, would probably be a money-maker from the word go.
