

S. HERE IS NO RULE....

Without an exception. Some have said "What is good for everything is good for nothing." The exception to this rule is

Beecham's "DO GOOD" Liniment

It is the handiest and most useful medicine that can be brought into any home. It can be taken internally or applied externally. If you have a cough or cold, lame back, rheumatism, lumbago, chilblains, a cut or a bruise, a sprain, etc., BEECHAM'S "DO GOOD" LINIMENT will help you.

SHOT THROUGH THE HAND.

MR. JOHN STONEHOUSE, Rockview, says:—I was shot through my hand, and applied **"Do Good" Liniment**, and in one week was completely cured.

SAVED CALLING IN A DOCTOR.

E. J. DUFFY, Binbrook, says:—One night I was fearfully bad with pain and I took some **"Do Good" Liniment**, internally, and rubbed freely some on externally, and in half an hour was feeling all right. It saved me calling in a doctor, and I believe warded off an attack that I feared would be inflammation of the bowels.

FOR GRAVEL.

JONATHAN CAREY, Stoney Creek P. O. says:—I have been troubled for six or seven years with what the doctors called Gravel. My urine was very bloody and caused me intense pain at every discharge. About six months ago I procured a bottle of **Beecham's "Do Good" Liniment**, and since taking it I have had no bloody discharge and little or no pain, and I feel that my relief is altogether owing to Beecham's "Do Good" Liniment.

**BEECHAM'S "DO GOOD" LINIMENT IS SOLD IN
LARGE BOTTLES 25c. EACH, OR 5 FOR \$1.00.**
