They must not allow Mr. Chapleau to deal with the Intercolonial as he had dealt with the railway belonging to Queboc

with the railway bendinging to quote province.

Sir Charles Tapper said there was no doubt that propositions of that character might have been made, but he challenged witchell to show that an official reply had been given to them, or that in any way they had received consideration.

Sir John stated most emphatically that no proposition for the sale of the Intercolonial railway had ever been considered by the government or any member of it. The proposition before the government had had reference to the establishment of steel works in Nova Scotis.

On the canal estimates, Sir Chas. Tupper admitted that the Sault Ste Marie canal was likely to cost \$3,000,000 or \$4,000,000, but said it would not be proceeded with this year. Meantime, however a thorough survey would be made.

In answer W. Mr. Gigault, Hon. Mr. Thompson announced that the resolution to increase the salaries of judges throughout the dominion would be dropped.

Sir John said his excellency desired to proregue the house on Tuesday, and in order to enable him to do so, he would move that the house would meet at 10 o'clock Monday morning. It would take all of Monday and a good portion of Tuesday to finish the work on hand. The programme he ended was to meet on Tuesday and proceed at two o'clock to the senate. The joint address of both houses would be presented and his excellency would reply. The commons would then would be presented and his excellency would reply. The commons would then return and await the summons for proro-

Mr. Mitchell regarded it, as impossible Mr. Mitchell regarded it as impossible to get through this programme.

Sir Ribbard Cattwright favored the idea of meeting at 10 o'clock on Monday. He was very desirous of facilitating business, but he was not sure that it would be possible to finish business by Tuesday afternoon. He agreed that the efforts of both sides should be united to secure prorogation on Tuesday afternoon or evening. The house adjourned at midnight.

May 21.

MAY 21. The house of commons met at 10 o'clock this morning to hurry business through The house of commons met at 10 o'clock this morning to harry business through preparatory to prorogation to-morrow.

At the request of Mr. Mitchell the government placed the loan of old rails to the Chatham Branch on the same footing as those of the Albert, Kent Northern, St. Martin's and Upham and other railways, the others having been considered and the Chatham road omitted.

and the Chatham road omitted.

Some lively rows occurred over the items for canal expenditure between Hon:

Mr. Mitchell and Mr. Curran, the former repeating his charges that Mr. Curran had produced the dismissal of workmen

this season.

THE STR. MINDOO took fire on Sunday while lying at the wharf of her owner E decided the depreciated the located at Moneton instead of at Ottawa. The government had depreciated the value of the Intercolonial by subsidizing a railway that would take traffic away from it, and after the Short Line was opened the annual deficit on the Intercolonial would at least be double.

Mr. Campbell urged that the rates on flour and there as the bound freights going over the Intercolonial should be modified, so that the traffic of the road might be increased.

EMMANUEL CHURCH—Trinity Sunday.

the matter over in quiet, and reconsider their decision. He believed the treaty was much more favorable to the United States than the people of that country be-lieved. Sir Richard Cartwright asked if the

tes senate would take as to the fishery would be in favor of adoption. It was in the power of the Governor-General, in the event of the treaty being rejected to ter-minate the modus vicendi; otherwise, the modus vicendi could be continued for two modus viscads could be continued for two pears. There was every reason to believe that such a continuance, together with rigid protection of our fishing grounds, not neglecting due courtesy to American fishermen, would allay any feeling that might exist in the States. It would be

lay in bringing the case to trial was caused by the owners of the vessel. The member for Pictou had no interest in the matter.

Hon. Mr. Mitchell said Mr. Tupper, (Pictou,) was Mr. Graham's partner, and it was said the former did not share in the fees received from these government jobs, but it might be of interest if the house could be informed of the secret arrangements between various members of that interesting firm of legal luminaries. The government could not have selected a worse case than the seizure of the Adams upon which to test the rights of the countries of the cou

vices.

On a voic to pay expenses connected with the labor commission, Sir Richard Cartwright said that the evidence taken before the commissioners, especially not with the labor commission, Sir Richard Cartwright said that the evidence taken before the commissioners, especially in Montreal, with respect to the treatment of women and children in factories, disclosed a state of affairs which was a positive disgrace to the country, and which it was the duty of the government to remedy. It was an outrage that in a free country like Candac children were kept in a state of semi-slavery. He quoted from evidence, showing that in Hudon cotton factory children were compelled to work from 6 in the morning until 9 at fight, from 6 in the morning until 9 at fight and a children teet hing. It is a purely vege table preparation, its ingredients are put table preparation, its ingredients are put table preparation. It is a purely vege ta

ECONOMY IN FERDING. -The London General Omnibus Company, owning 6,000 horses, have tried the experiment of feeding one-half the animals on crushed oats and cut hav and straw, and the other hal on whole oats and hay. The ration a the one system, was -crushed oats, 16 lbs; quantity allowed according to the old

horses fed on the new system was decided ly improved, a saving was effected of 5 cents a day for each horse, or \$300 a da EGG-EATING HENS. - A correspondent of the Poultry Journal recommends the following method of treating egg-eating nests, and even set them, but never had

flaunel in a moderately warm place, and at night cover them with another piece of

ing would use this precaution they might

NOTICE.

As I am about leaving for Winnipeg, I have authorized and appointed Allan A Davidson, Jun't Esquire, my Attorney and Agent to act for me, and all persons having claims against me will please present them to him, and those indetted to me will please pay the same to Mr Davidson. May 23, 1888 R. CARMAN, Barrister Tin, Copper and Sheet Iron Worker. The above notice affords me a favorable opportunity of r-turning my thanks to the kind and warm hearted people of Chatham - and not only of Chatham, but Miramichi generally - for the friendly greetings and kindnesses that I have ever met with and received from them.

I leave home, where I have spent so many pleasant years, with regret, and hope that I may again revisit and drink of the health-given waters of the hospitable 'Miramichi' - that 'Happy Retreat'.

of the hospitable airamich—that 'Happy Retreat',
With the gen-lemen of my profession I have
ever practiced in assurance and confidence and with
a full realization of their probity and good faith.
To my highly valued freinds, the excellent
yourgmen of Chatham, who are an honor to this,
and would be so to any place, I may say they
will, if they should seek fur 'green fields and
pastures new,' where I may be, ever find in me
a helper and friend. And so to my many and
kind friends I say to one and all—Farewoil.

Richard Carman.

At Residence. I will offer for sale at Public Auction on Thursday, 31st May, inst., at Ten o'clock, a m., at the residence of MR CARMAN, his Household and Kitchen Furniture, Law Library, etc. Also
