Various Items from all Around.

Back From the Klondyke.

Among the arrivals on the C. P. R. train today were Messrs. A. J. Blackhall and H. H. Bridges. Mr. Bridges is a Sunbury County boy, and Mr. Blackhall hails from Gloucester. Both have been to the Yukon country and have experienced life on the trail and in Dawson City and are now returning home wealthy only in experience and satisfied to let others get the gold of the country.—Globe.

A Hale Old Man.

There is an old gentleman in Norton 82 years of age, who has worked every day in the hay fields this season, weather permitting, at mowing, raking, etc. He has loaded and mowed away in the barn 80 loads of hay, besides all the grain raised on the farm. He not only has done this, but thinks he can hold his own in a Scott Act argument with any of them.—Gazette.

Fatal Train Wreck.

London, Sept. 2.—A terrible accident has taken place at Wellingborough Railway station, on the London & North-Western Railway, near Manchester. Two boys pushed a loaded luggage 'trolley,' on the track just as the express was approaching at a speed of fifty miles an hour. The train was derailed, and a fearful scene ensued. The wreckage of the railway carriages caught fire. The engineer, fireman and two passengers were killed, and many others were seriously injured.

Is It Andree?

Chicago, Sept. 4.—A Times-Herald despatch from Winnipeg says: "Indians from the Dauphin, from the far north, met Esquimaux who told of the appearance among them of a strange man who descended from the clouds on the shores of Hudson's Bay. The opinion among the whites is that the man is Andree, the Arctic explorer."

Independent Order Foresters.

Toronto, Sept. 2.—The Supreme Court of I. O. F. today decided to replace the capitation tax with a tax for the extension of the order. It will be five cents per month on \$500 insurance ten cents on a \$1,000, fifteen cents on two thousand and so on. A resolution was adopted that no persons of Chinese, Japanese or negro extraction should become members of the order. Judge Wedderburn protested against the introducing of the color line, and every lower province man opposed the exclusion of the negroes, but the American delegates carried the point.

The Medical Profession Recommend Dr. A. W. Chase's Ointment

Dr. C. M. Hariin, writing in the American Journal of Health, February 10th, says:—"Among the proprietary medicines deserving recognition is Dr. Chase's Ointment, as a remedy for Piles, Eczematous skin eruptions of all kinds, for which it has been used with marked success, and has effected remarkable cures in many obstinate cases which seem to baffle the skillful medical attendant."

Married at Bath.

A very pleasant social event occurred on Wednesday, Aug. 31th, at 9 a. m. when Mr. Francis McElroy, son of Roger McElroy, of Bath, led to the altar Miss Ida Ryan, of Knowlesville, N. B. Miss E. Coggar, of Woodstock, cousin of the bride, acted as bridesmaid, while the brother of the groom, Thos. McElroy, did the honors of best man. The church at Johnsville, the scene of the event, was very prettily decorated for the occasion; Rev. Fr. Murray officiating. The bride was very prettily dressed in a costume of cashmere trimmed with brocaded silk, with hat to match and carrying a very pretty bouquet of orange blossoms; while the groom looked so charming many of the young ladies present wished they had been the lucky one.

After the ceremony the bridal party drove to the residence of Mrs. John McCready, sister of the bride, where the wedding reception was held; they doing ample justice to the good things served. In the afternoon a large number of invited friends, numbering over three hundred, gathered to do honor to the newly married couple. The presents were of unusual magnificence, including nearly everything necessary to furnish their new home, which was only a slight token of the esteem in which they were held. Your correspondent would like to here enumerate the presents, but space will not permit.

The old folks once more became young, and celebrated the afternoon in real good, old fashioned style by dancing all the latest dances and some clog and jig dances, which they brought from the old sod.

In the evening the party repaired to Phillips' hall, where a grand, good time was indulged in by all present, by dancing, music, song, etc., which continued till "the wee sma' hours of the morning," when the bride and groom departed for their new home about two miles distant, accompanied by the best wishes of all present, after having spent one of the most enjoyable evenings it has ever been the good fortune of your correspondent to attend.

A GUEST.

A Popular Home Work.

Successful Only When the Diamond Dyes are Used.

In thousands of happy and thrifty homes in the Dominion and in the colony of Newfoundland the work of rug and mat making is becoming very popular. Homemade rugs and mats are more highly esteemed just now than imported goods. This is surprising when we remember the fact that the home articles are the best wearing and prettiest.

The Diamond Dyes have given a great impetus to the work of making home mad-rugs and mats. In former times the troublesome part of the work was the dyeing. With the old fashioned and poorly prepared dyes the dyeing operation was long and unsatisfactory. The introduction of the Diamond Dyes with their special colors for wool, and for cotton and mixed goods, has been boon to womankind. Old and faded rags and yarns for mats and rug can now be dyed any beautiful and brilliant shade with the Diamond Dyes—shades that are perfectly fast to sun and soap.

If you wish to be at all times successful in dyeing for rug and mat making, we here utter a warning note against the use of the adulterated package and soap grease dyes that only produce muddy and streaky colors that cannot possibly stand an ordinary washing. Ask for the Diamond Dyes, use them as per directions and your success is sure.

DRESSMAKING.

I have engaged a first class Dressmaker, cuts by the Tailor System, to work at the
