## Bitter Disappointments And Family Grief that Can be Avoided.

Paine's Celery Compound Brings Health, Joy and Happiness.

You are willing to confess, poor sufferer, that you have been bitterly dis-appointed with past efforts, and that in your estimation your future seems dark and gloomy.

You and your friends alone are to blame if disease is tightening its chain around you, making you a sure captive for the dark and dreaded

Why keep a wife or husband in feverish anxiety, daily bending over you with tearful eyes and almost broken heart? Why cause your children's voices to be hushed, and their childish sports and games to be disregarded and cast askie? They certainly cannot enjoy life when they see a faither or mother in the asymies of her or mother in the aguntes of fering and deep in mental despair.

You can change the scene by chang-freg and bettering your physical con-dition. In other words, you can be cured and made well again by the use of Paine's Celery Compound.

Your efforts, up to the present to row off the enciroling and deadly ands of disease have been vain and tile. Your doctor's well meaning work has not been productive of theering results, and you are wasting money on medicines that can never

neet your case.

Being assured of new health and life by the use of Pane's Celery Compound, you are siming against heaven and false to your family and friends if you refuse to make trial of the great

yers, public men, merchants and others. Its curing powers are wonder-ful, prompt and sure, and it keeps every man and woman permanently sured.

BIG PASSENGER LIST.

Boston, Sept. 2.—The steamship Canada brought eight hundred and twenty-nine passengers today, the largest number from Europe on any regular liner on a regular trip ever brought into this port.

STORY OF THE S. S. PRINCE ED-

This is the title of a handsome lantic radiway, descriptive of 4ts new steamship for the Boston-Yarmouth and the numerous filustrations are so many lights thrown on the text. To many lights thrown on the text. To epitomize the description of the steamer, it may be said that she is unsinkable, can be turned in her own length, steeced independent of her rudder, is propelled by muchinery of the type common to the most powerful war cruisers, has four decks, sports a powerful searchlight, can run like a greyhound, and is luxuriantly equipped for the accommodation of passengers. The dining saloon extends across the whole width of the vessel and the effect is that of a fine oak hall in an old English mansion. "Modern science can do a great sion. "Modern science can do a great deal, and the problem of dining in comfort at sea has been solved in the Prince Edward."

There is nothing to prevent anyone concocting a mixture and calling it sarsapartile," and there is nothing to prevent anyone spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsupartile, and so get cured.

# Best. Rest. Test.

There are two kinds of sarsaparilla: The best-and the rest. The trouble is they look alike. And when the rest dress like the best who's to tell them apart? Well, "the tree is known by its fruit." That's an old test and a safe one. And the taller the tree the deeper the root. That's another test. What's the root, -the record of these sarsaparillas? The one with the deepest root is Ayer's. The one with the richest fruit; that, too, is Ayer's. Ayer's Sarsaparilla has a record of half a century of cures; a record of many medals and awards culminating in the medal of the Chicago World's Fair, which, admitting Ayer's Sarsaparilla as the best-shut its doors against the rest. That was greater honor than the medal, to be the only Sarsaparilla admitted as an exhibit at the World's Fair. If you want to get the best sarsaparilla of your druggist, here's an infallible rule: Ask for the best and you'll get Ayer's. Ask for Ayer's and you'll get the best.
