AMUSEMENTS

World's Greatest Cowboys At Nickel.

The winsome actress Sadie Calhoun and her talented five company of stock players, who have been delighting so many at the Nickel this fortnight past, will enter upon a third week of tabloid or "botted" plays today in a belated version of the popular comedy, "A Scrap of Paper," under the title "The Diplomacy of Susanne." This is a sparkling story of the Baron de la Glaciere, his daughter, his fair cousin Susanne de Ruseville and Prosper Gourmont. Throughout the playlet is charming. Then the Nickel will supplement this fine feature with what is stated to be the finest western film ever photographed, "Life in the Great South-West." In this remarkable production Pat Long, champion steer catcher and steer "bull-dogger," Charles Fuqua and Johnny Mullens, champion steer ropers; Henry Grammer, king of lariat throwers and Tom Mix, U. S. marshal and famous broncho buster will be seen at their hazardous work among semi-wild bovines. Every moment is a thriller. Add to this programme the fine new Biograph film "Unexpected Help," the western story "The Sheriff" and a queer comedy "A Hunting Story," with Miss Prescott in song and the Orchestra and you will have the best show the Nickel has put on in many months.

ENGINEER'S REPORT ON MAIN ST. PAVING

A special meeting of the Board of Works will be held at 3 o'clock this afternoon to consider the granting of a lease of the sheds on the Pettigill wharf, and other matters.
At this meeting Mayor Frink will present the special report on the concrete foundation of Main street, a synopsis of which has already been published in The Standard. The report was prepared by C. E. Dodwell, government engineer for the Maritime Provinces, who has his headquarters at Halifax. Mr. Dodwell, whose professional reputation is beyond question, made a careful investigation of the Hassam method of laying concrete, and though he admits that what he heard about it had prejudiced him against it, he arrived at the conclusion, after a careful verification, that the method provided a very satisfactory foundation for permanent pavement.

MR. FOSTER AND DR. PUSSLEY; THEIR RECORDS CONTRASTED

The Fredericton Mail Asks an Impertinent Question and Receives an Answer Embracing Pertinent Facts—The Minister of Public Works Labelled as Unworthy of Cabinet Rank.

(Moncton Times.)

The Liberal Fredericton Mail expresses a desire that Mr. Borden should make a statement as to the Hon. George E. Foster's position in the Conservative party and as to whether Mr. Foster will be taken into the cabinet when Mr. Borden reaches power.

It is not customary for the leader of an opposition to state who his colleagues will be in the event of his being called upon by the people to assume the reins of government. Still, for the benefit of the Fredericton paper, it may be stated that there is no known public reason why Mr. Borden should not ask Mr. Foster to be one of his colleagues after the next general election, which, according to all the signs, will result in his being called upon to lead the government of this country. One hundred thousand dollars of the money of the people of this country was spent in the effort to blacken Mr. Foster's character in the insurance investigation, but when pressed in Parliament Sir Wilfrid Laurier was forced to admit that nothing had been brought out of which Parliament could take cognizance.

Mr. Pugsley's Record.

What is of more immediate concern to the people of Canada at the present time is that Sir Wilfrid has among his colleagues a man who, on indisputable evidence, is unworthy of holding a cabinet position. That man is the Hon. William Pugsley. Mr. Pugsley, while a member of the government of this province, managed in one way and another to draw from the treasury some eight thousand dollars a year on a salary and seasonal allowance of about three thousand dollars. As a member of the provincial government he was intimately connected with the Central Railway business, the commissioners appointed to inquire into which found extraordinary looseness and a sum of some \$130,000 entirely unaccounted for. As a member of the provincial government, Mr. Pugsley's private tele-

graph bills were charged up to and paid by the province until the fact was ferreted out by the opposition. As a man having influence at Ottawa, he recommended a contractor who was unable to get work to which he thought he was entitled, to see his friend McAvity, with the result that the tender price was increased and McAvity secured as a take-off some thirty-six thousand dollars. Some days after Mr. Hazen, in 1908, had been successful at the polls in this province, this Mr. Pugsley, then a member of Sir Wilfrid Laurier's government at Ottawa, returned to the treasury of this province a sum of money and it is known that for years he had, by means of a secret "suspense account," been using this and larger sums of the money of the people of New Brunswick, on which he never paid a cent of interest, for his own purposes.

More Recent Activities.

An Minister of Public Works in the Laurier government Mr. Pugsley is responsible for the sawdust wharf deal at Richibucto through which the country, as it was "important to LeBlanc" in the election of 1908, paid five thousand dollars for a property which had been on the market for years at almost any old price and which the owner actually sold to a Liberal worker a few weeks before for seven hundred dollars.

Mr. Borden when called upon to form a government will do himself credit by asking Mr. Foster to join him. But it would be contrary to his whole record if he should associate himself with anyone having the public record of Mr. Pugsley.

Possibly this will satisfy the Fredericton paper that nothing is to be gained by inviting a comparison of the record of any of Mr. Borden's possible colleagues in any government of the near future with the record of some of Sir Wilfrid Laurier's actual colleagues in the government of the immediate present.

PREACHER SCORES

AUTOMOBILE CRAZE

Rev. York A. King, B. D., of Arlington, Mass., a noted revivalist, who had assisted in two campaigns under the late Dwight L. Moody, and "Gypsy" Smith in Toronto and one under Mr. Chapman, was the preacher at both services in Germain street Baptist church yesterday. He chose for his subject, "Soy Savin'" and during his sermon charged that the church was only veneer. He instanced the fact that in Newton, just 13 residents of one street had mortgaged their homes to automobiles. He was sorry to notice that the craze had struck St. John. The people were living beyond their means, were spending too much for looks.

There was too much that was only skin deep in the church, King said. The ministers and the Sunday school workers weren't what they taught. They taught one thing and lived another. They didn't take enough interest in their charges, didn't look into the lives and draw them back if they saw that they were going too fast.

He didn't blame young Coleman for doing what he did and wrecking the name of one of the families in Boston. The preacher said he remembered when Coleman was a member of a Baptist church in Cambridge. The members of his family, the superintendent of his Sunday school, the pastor of his church should have known that when earning only the small sum of \$12 a week he could not live as he lived, that he could not discard an automobile every little while and buy a new \$500 one. All that had been needed was a touch on the shoulder by a friend with the advice that he should pull up, that he was going too fast.

Moosepath Races.

Although the entries for the Moosepath races were to have closed Saturday night, it will not be known until today whether or not it is possible to hold the meet. But very little interest has been manifested so far, and unless Saturday's mail brought many entries the meet may have to be declared off. Up to Saturday there were not enough entries sent in to complete one card, and there seems to be a distinct lack of interest. John Ross secretary of the Driving Club returned to the city Saturday from Moncton, where he attended the races in the afternoon. An effort was made to secure some of the horses which took part in the Moncton meet. This, however, is unsuccessful, and only less than half can be secured. It is hoped, however, to secure a number of entries from Nova Scotia and the whole thing depends entirely upon what Saturday night's mail brought.

A. R. Slipp and wife, of Fredericton, are at the Dufferin.
C. W. Robinson, ex-premier of the province, is at the Royal.
