Members of Marlborough Lodge Held Enjoyable Dinner Last Evening—Much Enthusiasm Marked Addresses

There was a pleasant and enthusiastic gathering in the King's dining room last night when Marlborough Lodge No. 207 Sons of England held their nineteenth annual celebration.

The officers for the year were duly installed by District Deputy Supreme President T. W. Carter, after which the members about sixty in number, sat down to a beautiful repast.

Inspiring addresses were delivered by Commissioner Wigmore, President P. J. Steel and District Deputy Supreme President Carter.

The lodge, which has now a membership of 200, was reported to be in a flourishing condition and there was in those present a feeling of determination to make known the worthy objects of the association and to increase the membership to 400.

The following program was carried out: "The King," proposed by the president, responded to by Mr. Bond; "Grand Lodge," proposed by Mr. Lawrence; "The Sons of England," proposed by Mr. Carter; "Army and Navy," proposed by Mr. Webb; "The Future," proposed by Mr. Riley; "Canada," proposed by Mr. Lewis; "The Ladies," proposed by Mr. Ledford; "New Officers," proposed by Mr. Holland; "The Future," proposed by Mr. Tilt; responded to by Mr. Ledford.

President, P. J. Steel; vice-president, E. Lawrence; chaplain, R. Ingelton; secretary, C. Ledford; treasurer, R. I. Carter; 1st guide, J. I. Lord; 2nd guide, J. Whitehouse; 3rd guide, J. H. Waldron; 4th guide, A. H. Stephens; 5th guide, E. Mott; 6th guide, F. H. Ledford.

More Enquiries About St. John. Yesterday the acting secretary of the Board of Trade received more enquiries from ladies who wish to know about conditions here with a view to establishing new industries.

The board also receives many letters from people in New England and other places asking about the conditions and prospects of employment. The public campaign carried on by the board in the past is apparently bearing fruit to hear from the industrial commissioner and an employment bureau is becoming more important every day.

ANNUAL MEETING  
THE W.U.F.M.S.  
HELD YESTERDAY

The annual meeting of the Women's United Foreign Mission Society which is always held during the Week of Prayer, took place yesterday afternoon.

Mrs. W. Gaetz, the president, occupied the chair. The meeting was very largely attended and the proceedings were of an interesting and encouraging nature.

Mrs. J. H. MacVicar, wife of the pastor of St. Andrew's, delivered an interesting lecture on China. Having been in China at one time as a missionary she was able to give a vivid description of life in the Orient, and tell a large number of stories illustrating the customs and ways of the Chinese.

Mrs. C. Sanford also delivered an address, dealing with the methods by which the missionary work of the churches may be enlarged and rendered more useful.

An open conference followed, and various phases of missionary work were discussed by Mrs. A. R. Melrose, Mrs. E. A. Smith, Mrs. W. E. McIntyre, Mrs. J. H. McAvity and Mrs. P. S. Flagler.

Mrs. J. S. MacVicar was elected president for the year, with Mrs. Semples as secretary. An executive committee was chosen consisting of the president, the secretary and the following: Mrs. R. A. Armstrong, Mrs. H. H. Pickett, Mrs. W. E. McIntyre, Mrs. F. Wentworth, Mrs. W. Gaetz, Mrs. F. Hickson, Mrs. J. S. Flagler, Mrs. Rose and Mrs. C. H. Flowering.

After the general meeting there was a session of the executive committee at which plans for the year were discussed, and it was decided to hold a meeting about Easter.

GRAIN MOVEMENT IS  
AHEAD OF LAST YEAR

Special to The Standard. Ottawa, Jan. 9.—Eighteen million bushels more wheat passed the Head of the Lakes up to the close of navigation this season than the season previous, according to a statement made by Chairman McGill of the Grain Commission today. Members of the commission are in Ottawa conferring with the Minister of Trade and Commerce with a view to arranging a number of matters connected with the work of the commission before Mr. Foster leaves for Australia.

Work is being rushed on the government elevator at Port Arthur and there is every expectation that this important addition to the grain handling facilities of the Head of the Lakes will be ready for the next harvest.

A MYSTIC MEDIUM;  
A TANGIBLE TOUCH

How Mrs. Al. Adams Was Induced to Part with \$30,000—Whims of Fate in Witch's Brew.

New York, Jan. 9.—Favorable reports of a midnight reading of the whims of fate in a boiling pot of herbs brought from a witch's cavern on an island in the West Indies, induced Mrs. Isabelle Adams, widow of Al Adams "Polity King," to sign a note for \$30,000 in favor of Mrs. Marguerite Gilbert, a professional medium, according to testimony in a trial of unusual interest in the Supreme Court today.

Mrs. Gilbert recognized in her own mystic world as "Mme De Bran," is plaintiff against Mrs. Adams in a suit to recover the amount of the note.

SUFFRAGETTES PLAN  
WALK TO WASHINGTON

New York, Jan. 9.—A march of suffragettes volunteering from all parts of New York with "Onto Washington" as the programme will be on in this city February 10, according to announcement made tonight by General Rosalie Jones, leader of the "Votes for Women" band which recently carried a message for "their cause" from New York to Governor Sulzer at Albany.

Well-known recruits in five states as they proceed southward, the women plan to reach Washington in time to add themselves to the ranks of marchers in the women's suffrage parade on the day before Woodrow Wilson's inauguration.

WEDDINGS.

Nickerson-Second. Apoahqui, Jan. 9.—A very pretty wedding took place last evening in the church of Ascension, when Grace M. Secord was united in marriage to Frederick Franklin Nickerson, of the I. C. R. staff Moncton. The Rev. Scott Neales officiating. At seven o'clock the bride entered the church leaning on the arm of her father, who gave her in marriage. As the bride came down the aisle the choir sang "Oh Perfect Love." The bride looked most charming, gowned in a tailored suit of navy blue serge and wore a large black picture hat with plumes, and carried a large bouquet of carnations.

The bride's mother was gowned in gray velvet and wore a large black picture hat. W. A. Jones and Guy H. Adair were the ushers.

The church was packed to the doors and was most beautifully trimmed for the occasion. The chancel was decorated with evergreen intermingled with white and holly.

The bride received many beautiful gifts, including cut glass, sterling silver, Limoges china and hand embroidered linen.

Mr. and Mrs. Nickerson left by the evening train for a trip to Boston, New York and other places. A large number of friends were at the depot to see them off and extend congratulations. Upon their return they will reside in Moncton.

THE CUB AND THE KING.

(Philadelphia Post.) A new man came from the United States to take charge of the London office of one of our news gathering associations. He arrived at his post at the time King Edward was ill. Naturally he wanted to know how the King was, and he called in one of his men, just over from America, and said: "Skip up to the palace and see how the King is this morning."

Being a new man and not knowing of the English newspaper methods and the hedges of precedent about royalty, this cub skipped up to the palace and sent his card in to Lord Knollys, the King's secretary.

Lord Knollys, much astonished, came out. "Good morning, Lord," said the cub. "How's the King?"

Whereupon Lord Knollys told the cub exactly how the King was and gave him a lot of interesting and important news about the royal patient, which was expeditiously cabled to the United States and back again to London, greatly to the consternation of the other news associations and the English newspaper men, and the cub didn't know, until the shocked Englishman told him, just how many immortal and immemorial precedents he and Lord Knollys had smashed between them.

MAKERS WANT  
LOWER TARIFF

Chairman of Ways and Means Committee Hears Arguments Aimed to Lower Rates—Competition Wanted.

Washington, Jan. 9.—"I would like to see a competitive tariff all about the line," announced Chairman Underwood, of the Ways and Means Committee, democratic leader of the house, at the final hearing of the earthenware and glassware schedule today.

Mr. Underwood has been hearing arguments aimed at securing a lowering of the tariff of 65 and 60 per cent, to 30 and 35 per cent, ad valorem on china, earthenware, porcelain, stone and crockeryware.

"It looks to me," Mr. Underwood continued, "as if schedules 93 and 94 are more competitive than most of the paragraphs we have to deal with. That is my judgment, subject to reservation if any information is brought out that might develop to the contrary."

This view was radically divergent from the presentation of the Importers' case by M. S. Pitcairn of New York City, whose protest against the "exorbitance of the present tariff" and portrayal of the business of bringing in English and other earthenware products, led to sharp colloquies with Representative Payne of New York and Longworth of Ohio.

Mr. Pitcairn said that under the present tariff earthenware importations were steadily going down. Mr. Payne suggested that if the witnesses' statements were true, the importers would go out of business in thirty days. Mr. Pitcairn asked what he said were actual transactions and Mr. Payne attacked them.

Mr. Pitcairn said that 90 per cent of the earthenware imported is British. "Eliminate the English earthenware," he continued, "and you will have no competition in earthenware in this country." He suggested a 35 and 30 per cent ad valorem on these products and changes in the call is classification.

Mr. Pitcairn said he had heard of undervaluations at New York, but knew nothing of them, that he had no knowledge of any association of French importers and that the importers had to sell their goods here at 50 per cent, below their prices in America.

Several other importers of other products urged lower tariffs, while retention of the present rates was the slogan of representatives of American manufacturers.

PLEASURE FIRST.

"Where do you get your papers, little boy?" asked the benevolent old gentleman.

"From Jimmy Wilson, sir," answered the small boy.

"And who is Jimmy Wilson?" "Oh, he's a newsboy. He buys 'em at the newspaper office."

"How much do you pay him for them?" "A penny each."

"And yet you sell them for a half-penny. You can't make much."

"Then why do you sell them?" "Oh, just to get a fair chance of bolterin'."

SYDNEY WINS FROM  
HALIFAX SOCIALS  
IN HOCKEY LEAGUE

Special to The Standard. Halifax, Jan. 9.—The Sydney hockey team played its first game in the Maritime League tonight and defeated the Halifax Socials by a score of 7 to 5. The Socials put up a good game considering that they travelled almost three hundred miles to play.

Scott, the man who has taken up such a lot of newspaper space lately because he was claimed by two clubs, played for Sydney his real owners allowing the Sydney club the use of his services for tonight's game.

The Sydney arena was crowded to witness the contest and Sydney was treated to its first taste of the professional game.

Slight Accident at McAdam. A man named Charles Davis was injured last night while working at McAdam. He was engaged in moving a heavy box when it slipped and struck him. He was brought to the city on the Boston train and removed in the ambulance to the hospital when, on examination, it was found that his injuries were slight.

I. L. & B. Assembly. A very pleasant evening was spent last night in the rooms of the I. L. & B. when the members and their friends were present at an informal assembly. About thirty couples enjoyed a programme of nicely arranged dances, until shortly after midnight, when the gathering dispersed.

Prayed for Improvement. It was the evening hour again, and Lucy knelt to lip her evening prayer. Her little heart was bursting with self satisfaction—she had been so exemplary all through the day.

"Oh, Lord!" she said, "make me very good, even better than I am."

"Are caterpillars good to eat?" asked little Harold during a lull at the evening meal.

"No," replied his father. "What makes you ask a question like that at the dinner table?" "You had one on your lettuce," replied Harold, "but it's gone now."

WARNING

Information has reached us that certain dealers, when asked for Zam-Buk, try to sell something else on which they make a larger profit. They do not give this as their reason, but say: "I can sell you so and so at half the price and it is just as good."

Don't be fooled! The "cheap" preparation is not just as good as Zam-Buk—not in the same class! Most of the cheap salves are made from animal fats and oils. Zam-Buk is made from pure herbal essences and juices. There is no little similarity between the two as between a horse and an automobile.

Imitation of Zam-Buk and cheap substitutes may give the dealer a little more profit, but they won't cure your skin disease, or stop the pain of your burn or ease the agony of piles, or cure the rash on your baby. Don't be misled. Get the real Zam-Buk. See the legally protected name on the packet before paying for it.

Two important real estate transactions were completed yesterday. The McGuire farm having a frontage of 1,000 feet on the Marsh Road, and an area of 40 acres which was bought some time ago by Dr. G. A. B. Addy and Fred G. Spencer, was sold to a syndicate composed of Jewish residents for \$30,000. Messrs. Spencer and Addy retain an interest in the syndicate. The farm of W. P. McDonald was sold by Ald. Potts to Dr. F. H. Neve. There are 40 acres in the farm and a good house and barn. The price was said to be large.

It is said the Pugley interests are seeking to purchase 23 acres belonging to the Rose Kennedy place.
