## ST. JOHN'S DEFEATED FAIRVILLE

There was a large crowd of spectators at the Marathon grounds Saturday afternoon when the St. John's District Soccer League the St. John's defeated Fairville by a score of two to one.

The game proved to be one of the most exciting of the season. The game that was scheduled to have taken place between the Caledonians and the Cape Co. was called off and the players of these two teams were present on the grounds in force.

Fairville looked rather a snappy team in their new uniforms which are of the same pattern as worn by the Newcastle United, the crack English team. A photographer was on hand and was kept busy taking pictures of the team.

The game opened with the play very brisk and even. A breakthrough by the Fairville front rank resulted in E. Ramsey notching the first goal for Fairville. The reverse seemed to wake up the St. John's and a hot siege was commenced around the Fairville goal. Try as they liked the "Robins" could not get the ball past Meehan, the Fairville goal keeper, and much credit was deservedly given to this player, and his work during the game places him on the level with the best goal keepers in the league. Half time arrived with Fairville leading with a score of one to nothing.

Fairville had lots of advice during the half time by the Caledonia supporters, as a victory for the county team would keep the Caledonians in the premier position on the league table. But it was not to be for in the second half a soft goal was scored during the first few minutes of play in the second half and this appeared to take the heart out of the county men. Everything appeared to go wrong with them, their forwards had a bad habit of going from their positions to help the defence and most of the time they were in the way.

Another goal was scored by St. John which put the finishing touches to what was really a good game, and the game finished with St. John victorious. The Fairville team, and the sympathy of the Soccer enthusiasts as they have been playing in hard luck this season. Their defence worked hard under very trying conditions and much honor is due them.

The St. John's played one of their best games of the season. The following was the lineups of the teams:

Fairville—Meehan, Hopper, Ratcliffe, Mulhern, Strachan, Carter, Tucker, Parker, Pink, E. Ramsey and F. Ramsey.

St. John—Whiteside, Frost, G. Spearman, Coulls, Smith, McPadden, Sheppard, A. Spearman, Miller, Robertson, and Burton.

1907—Young Peter Jackson held Johnson to a draw in twelve rounds at Baltimore. Young Peter, although not in the same class with the great Peter Jackson, who boxed Jim Corbett to a sixty-one round win, was still a good fighter, and after one experience Johnson didn't manifest any great desire for another meeting. In the same year Young Peter fought a fifteen round draw with Sam Langford, and in 1906 whipped Sam in five rounds, and was defeated by Sam in thirteen rounds. Sam and Young Peter fought again in 1907, when Sam won on points in twenty rounds.

1909—Tommy Murphy outpointed Paddy Sullivan in six rounds at Birmingham.

1911—Abe Attell outpointed Patsy Kline in ten rounds at New York.

**COAST HOCKEY LEAGUE READY FOR THE SEASON.**

Vancouver, B. C., Nov. 30.—With the first league game set for next Saturday the personnel of the various coast teams is now known, all clubs having finally signed a full list of players. Vancouver and Victoria are retaining two goal keepers. Lindsay and Mitchell being at Victoria and Clark, a former Calgary amateur, and Allan Parr being selected for the locals. Parr looks like a permanent fixture here, although Clark will be carried through the season.

**TO BECOME LIGHTWEIGHT.**

Realizing that he can no longer make the legitimate featherweight limit, 122 pounds, weigh in at the ring side, Johnny Kilbane, the featherweight champion, made the announcement at his home in Cleveland that after January 1, 1914, he will join the lightweight

## TWO CRACK PLAYERS OF PENN'S FOOTBALL TEAM

CHESTER MINDS FULL BACK

CAPTAIN YOUNG LEFT HALF

The University of Pennsylvania has two star players whose work on the gridiron is wonderful. They are Minds and Young. Chester Minds is undoubtedly one of the most expert throwers of the forward pass that has ever been developed. He is very accurate. Furthermore, he is a good all around full back. In Young the Quakers have a steady gain and a half back who stands with the best of them.

## SPORTOGRAPHY BY "GRAVY"

This week marks the "birthdays" of the two oldest motor cars in existence. The oldest is a French car which was purchased by the mayor of Troyes, in the Champagne district of France, on Dec. 4, 1891, so it will be twenty-two years old on Thursday. The second oldest automobile in active service is also a French car, which was completed on Nov. 20, 1893, and so was twenty years old yesterday.

The present owner of the world's most ancient motor car is the Abbe Gavois, of Reneville, in the Somme district of France. He bought the crude contrivance from the mayor of Troyes, its original owner, in 1894. The cure loaned his machine to the British Motor Association for its last exhibition, where it attracted more attention than any of the newest models.

The prelate was given a modern car to use while the old one was on display, but he asserted that he much preferred the ancient vintage automobile.

According to the cure, the oldest car has required but one overhauling since it came into his possession, and had never been in the hands of the repair man at the time he bought it. He asserts that the car has been on the road every day until it was sent to the English exhibition.

The relic of a past age of automobile building has a speed of twelve miles an hour, which is quite sufficient for the needs of a country clergyman. Its tires are of steel, and while this has its disadvantages, the cure has never had to spend a cent in up-keep. The motor is a two-cylinder affair, and consumes comparatively little gasoline.

An English automobile journal says of this patriarch among cars: "A layer of grease was applied to the gears, occasionally they were washed out with kerosene; but for twenty-one years they have been turning in a bath of grease and dust. When they were dismantled for the overhauling of the car recently they were found still to have several years of useful life. A short jack shaft is driven by means of a pair of bevel gears, and the final drive is taken to the rear axle by means of a single exposed chain. Tiller steering is fitted, and all four wheels are wood with steel tires."

So far as longevity and cost of up-keep are concerned, many owners of modern high priced cars will envy the Abbe of Reneville.

who played in but about half the season's games, is no longer a major leaguer, having been released to an International League team some time before the close of the season. Yingling, the head man, batted .353 and McDonald .355.

Cravath, of Philadelphia, is second among the regulars who played in 100 or more games, batting .341, and he also led the league in home runs, with 19 to his credit. His team-mate Lucius was a close second in home runs making, having hammered out 18 hits for the circuit. In stolen bases, Max Carey of Pittsburgh is the leader, with 61.

Heinie Zimmerman of Chicago, who led the league in batting last year, with an average of .372, is fourteenth on this year's list with a mark of .318. The champion Giants got but one regular Meyers with .312, in the select "three hundred" class, although Arthur Fletcher was close to the mark with .297. The veteran Honus Wagner put to his credit the record of .247.

## TO TEST THE NEW HOCKEY RULES OUT

Vancouver, B. C., Nov. 30.—The new rule, eliminating no off-sides in centre ice which was given a trial at Victoria last week, will be given a further test in the first league game of the season here next Friday night between Vancouver and New Westminster. Frank Patrick, father of the new idea, announced today that the first few league games will be played under the new rule.

Coast sporting writers agree that the new system speeds the game up and eliminates a lot of unnecessary delays which occurred in centre ice under the old off-side rules. There is a tendency on the part of some players to loaf under the new rule, but if this can be remedied the rule will prove beneficial.

**HAMILTON 15; OTTAWA 4.**  
Ottawa, Nov. 30.—Defeating the Ottawa seconds by fifteen to four, after a one-sided game, the Hamilton Y. M. C. A. club, with the aid of many of last year's senior A's, won the championship of the intermediate series of the C. R. F. U. on Saturday.

**NEW EDINBURG WON.**  
Ottawa, Nov. 30.—Previous to the intermediate finals here on Saturday the Patricks and New Edinburgh played off for the city championship, New Edinburgh winning 5 to 1.

having gone through seventeen consecutive seasons with a mark of .300 or better, just making the even 300 this year. Of the player-managers, Tinker of Cincinnati leads with .317, standing eleventh on the league's list, the others being Evers of Chicago, fourth, with .285, Huggins of St. Louis, 41st, with the same mark, and Doon of Philadelphia eighty-fourth, with .256.

The New York's lead in clubbing with .273, St. Louis being last with .247.
