

NEWS OF SPECIAL INTEREST

LET'S TALK IT OVER.

A PLEA FOR JUSTICE

"Oh, you can't believe anything you see in the papers." This is an expression very commonly heard, and like very many other common expressions is far from being the truth.

Those who are responsible for the news in a newspaper do not sit at their typewriters making up things to be printed by the printing press. Each item as it comes in for the paper is carefully sifted and as far as possible vouched for by the one who wrote it. If the news "story" is a rumor every effort is made to get in touch with the persons named or those who are in charge of the matter, and the report is either confirmed or denied. If it is impossible to find out the exact truth either the story is left until the facts can be ascertained or else the news goes into the sheet as merely a rumor.

As to the foreign despatches you will notice how often they are stated to be either official or the words "It is said" or "It is reported" may be found showing that the highly paid correspondents are as careful in their search after the truth as anyone may desire.

While we are on the subject of newspapers, let me say that many of the criticisms leveled at these valuable means of spreading knowledge are the result of ignorance as to the workings of a large plant. It would be considered unreasonable to go into a store and ask a merchant to give you a large piece from a valuable bale of silk or a jeweler to hand you over a pearl or two for patriotic purposes, and yet it is deemed selfish and unpatriotic if all the space asked for in a newspaper (usually an unreasonable amount) is not handed over for some worthy cause. Probably writers on the paper have faithfully tried to get news of the appeal set forth to the general public, editorials have been given on the subject, the staff have contributed personally, but let some request for a long notice be denied and immediately you are placed on the list of those who do not know their duty to their country.

Later when the appeal is on, all the work done beforehand is forgotten and your reporter may cool his heels outside some meeting for hours waiting for the result, and if he gets the news it is in some form which takes him a long time to rewrite.

This is the other side which does not always enter into the thoughts of those who criticize the papers, all of which have given, it will be found, as liberally as any other business houses, to the needs of their country.

In a recent government publication the following tribute will be found: "The aid journalists have given is immeasurably useful. To keep on giving it predicated a high patriotism of the type which holds to the end, but the man who knows what newspapers have done since the war assumes their patriotism."

So isn't it better not to criticize too quickly, but to stop and consider whether your faultfinding is justified. What do you think about it?

MARGUERITE.

PERSONAL

Wm. J. Crowley and Paul C. Quinn, both students of St. Joseph's College, returned to their homes yesterday to resume their studies. They have been visiting relatives in this city.

Capt. Devereaux, Weymouth, N.S., reached the city last evening and is a guest at the Royal Hotel.

Hon. E. A. Smith, Minister of Land and Mines, reached the city last evening on the Halifax Express.

BRITISH ELECTION.

London, Nov. 5.—(Canadian Press despatch from Reuters, Limited)—The general election will take place in Great Britain on December 7, it is expected. This information was given out at a meeting of whips to settle plans for the campaign.

TENACITY OF BRITISH BEAT LUDENDORFF

Sangford of Foch Also Great Factor, Says Berlin Correspondent.

Amsterdam, Nov. 4.—(Canadian Press despatch from Reuters, Limited)—The *Neiwe Rotterdamse Courant's* Berlin correspondent attributes the failure of General Ludendorff's great offensive to "the tenacity of the British soldiers, who refused to be panic-stricken by any defeat, and the sangfroid of Marshal Foch, who spared his troops who had fought to the utmost. It is often said, and I am able to confirm it, that the resistance of the British on March 27 near Arras caused the failure of the German campaign."

Children Cry for Fletcher's

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY.

Bringing Up Father

GAVE AN ORDER FOR HIS BOARD

Veteran Gave Hotel Proprietor an Order on Military Department for an Amount.

(The Maritime Merchant.)
Special efforts should be made this year to get the Christmas shopping distributed as evenly as possible throughout the period that remains between this present date and Christmas. In the United States they have been at it for a month. To the consideration of the trade a ban was placed on holiday trade, but this was attributed on the understanding that (1) the trade would be spread over three months; (2) that there would be no increase in store staffs during the period over the normal number of employees; (3) that retailers would use their utmost efforts to confine Christmas giving, except to the children (who will all have their toys) to useful articles; (4) that there would be no increase in store hours during the holiday season; and (5) that deliveries would be restricted and customers asked to carry their own packages wherever possible. The same programme should be observed in this country, so that the Christmas trade may pass with the least pressure and inconvenience.

If people could only get the hallucination into their heads that Christmas comes on the twenty-fifth of November and were now to put the same energy into the campaign that they ordinarily do during the first three weeks of December, most stores are by this time featuring Christmas goods, or rather the goods they want to push for holiday selling this year; but all should with one accord adopt a programme of pushing for early business and warning the last minute shopper that the delays at her own risk. The shoppers, in their own interests, should who care for goods are scarce this year and on account of the scarcity of help it will be hard to get waited on if everyone waits until the end of the month. There need be very little business this year, for every dealer will be able to sell easily all he can offer. The principal competition should be along the lines of seeing who can get the most Christmas buyers into his store in the early days of the season.

FUNERALS.

The funeral took place at 2:30 o'clock yesterday afternoon of Mrs. William Henry at the Parkside epidemic hospital on Sunday afternoon, from her late residence, Rev. Taylor McKim officiating. Interment at Fernhill cemetery.

The funeral of Michael Cole and John Gough, sailors, who died in the epidemic hospital, took place at 2:30 o'clock yesterday afternoon, Rev. Taylor McKim officiating. Interment in the sailors' plot at Fernhill cemetery.

The body of Miss Julia S. Chandler, who died at her late residence, 240 Duke Street, was taken yesterday morning on the 7.10 train to Moncton for interment.

The funeral of Leo Tolan took place yesterday afternoon from his late residence, Rockland Road. Services were conducted by Rev. J. J. Walsh, V.G. Interment was made in the Holy Cross cemetery.

The funeral of Walter Winter took place yesterday afternoon from his late residence, 65 St. Patrick Street. Interment was made in Cedar Hill cemetery.

Keep the Bowels Regular

And You Won't Be Sick.

If the bowels do not move regularly, they will, sooner or later, become constipated, and constipation is productive of more ill-health than almost any other trouble.

The sole cause of constipation is an inactive liver, and unless the liver is kept active, you may be sure that headaches, piles, heartburn, biliousness, jaundice, floating specks before the eyes, and many other troubles will follow the wrong action of this, one of the most important organs of the body.

Milburn's Laxa-Liver Pills will regulate the bowels so that you will have a free and easy motion every day, and a neat, healthy, and happy life will be the result.

They do this by acting directly on the liver and making the bile pass through the bowels instead of allowing it to get into the blood, thus causing many stomach and bowel troubles.

Mrs. Jos. Labrec, Louise Apts., Calgary, Alta., writes: "I have been troubled with constipation for the last two years. I have tried numerous treatments, but have never been relieved by anything until I used Milburn's Laxa-Liver Pills which are helping me wonderfully."

We do not claim that Milburn's Laxa-Liver Pills are a "cure-all," but we do claim that there is nothing better for a sluggish liver.

Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HEAD STUFFED FROM CATARRH OR A COLD

Eye Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sneezing, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

MASSACHUSETTS HAS ANOTHER MYSTERY

Missing Boston and Maine Man's Body Found in Shallow Grave at Billerica.

Billerica, Mass., Nov. 5.—Local and state police today began an investigation into the death of Fred Soule, an employe of the Boston and Maine Railroad car shops here, whose body was found in a shallow grave near his home yesterday. Marks on the body led to the theory that the man was murdered.

GUARDS GERMAN SHIPS.

Buenos Aires, Nov. 5.—The Argentine government has placed a military guard on three German merchant ships interned at Bahia Blanca. The vessels are the Seydlitz, Sevilla and Patagonia.

Nuxated Iron Should Be Prescribed By Every Physician

SAYS FORMER HEALTH COMMISSIONER WILLIAM R. KERR

Attributes his own great physical activity today at over 60 years of age, largely to his personal use of Nuxated Iron.

It will increase the strength and endurance of delicate, nervous, run-down folks in two weeks' time, in many instances.

Investigation shows that the advice of Commissioner Kerr is being followed by many physicians and it is conservatively estimated that over three million people annually, in this country alone, are now taking Nuxated Iron as a tonic, strength and blood builder.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital, says: "Commissioner Kerr is to be commended on handing out this statement on Nuxated Iron for public print. I have strongly emphasized the great necessity of physicians making blood examinations of their work-anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles, without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body, somewhat like corn through an old mill with rollers so wide apart that the mill can't grind. In my opinion, there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly, their nervous energy in the strenuous strain of the great business competition of the day."

Dr. Ferdinand King, a New York physician and Medical Author, says: "There can be no sturdy iron men without iron. Pallor means anemia, anemic means iron deficiency. The skin of anemic men and women is pale—the flesh flabby. The muscles lack tone, the brain fags, and the memory fails and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

I have used Nuxated Iron widely in my own practice in most severe, aggravated conditions with unfailing results. I have induced many other recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make black nor upset the stomach. The manufacturer guarantees successful and entirely iron said: "This remedy has proven, through my own tests of it, to excel in any remedy I have ever used, for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturer is to be congratulated in having given to the public a long long wait, a true tonic, supplying iron in an easily digested and assimilable form. A true health builder in every sense of the word."

It is surprising how many suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Many an athlete and prize-fighter has won the day simply because he knew the secret of great strength and endurance which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York, was also asked what he thought of Nuxated Iron. In reply, Dr. Jacques said: "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and have given it to my patients with most surprising and satisfactory results. And cry falls and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

THE REV. J. W. COX OF SHEFFIELD RESIGNS

After Ten Years' Pastorate He Will Take up Ministerial Work in Vermont.

Special to The Standard, Sheffield, Nov. 5.—Rev. J. W. Cox has resigned the pastorate of the Sheffield Congregational church, having held the position for ten years. The reverend gentleman is expected to take up ministerial work in Vermont and with his wife will make their home for the winter with their daughter who is the wife of Rev. S. W. Anthony, the latter being at present overseas with the American army in connection with Y. M. C. A. work.

PROVINCIAL GOVERNMENT MEETS

Fredericton, Nov. 5.—The provincial government met tonight.

For Constipation Carter's Little Liver Pills will set you right over night.

Purely Vegetable Small Pills, Small Dose, Small Pain

Carter's Iron Pills

Will restore color to the faces of those who lack iron in the blood, as most pale-faced people do.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to Flush Kidneys if bladder bothers you.

"As Health Commissioner of the City of Chicago, I have imported many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy, but I feel that in Nuxated Iron an exception should be made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strength-building effect, and in the interests of the public welfare, I feel it my duty to make known the results of its use. I am well past my three score years and want to say that I believe my own great physical activity is due largely today to my use of Nuxated Iron, and if my endorsement shall induce anemic, nervous, run-down men and women to take Nuxated Iron and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it. From my own experience with Nuxated Iron I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

W. R. Kerr

strengthening the muscles and correcting digestive disorders. The manufacturer is to be congratulated in having given to the public a long long wait, a true tonic, supplying iron in an easily digested and assimilable form. A true health builder in every sense of the word."

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York, was also asked what he thought of Nuxated Iron. In reply, Dr. Jacques said: "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and have given it to my patients with most surprising and satisfactory results. And cry falls and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

I have used Nuxated Iron widely in my own practice in most severe, aggravated conditions with unfailing results. I have induced many other recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make black nor upset the stomach. The manufacturer guarantees successful and entirely iron said: "This remedy has proven, through my own tests of it, to excel in any remedy I have ever used, for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturer is to be congratulated in having given to the public a long long wait, a true tonic, supplying iron in an easily digested and assimilable form. A true health builder in every sense of the word."

It is surprising how many suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day
