

SCHOFIELD --- The One Safe Bet --- Trust Him!

His Record

Contrast his record with that of his opponent as a safe and successful business man. He has the reputation of carrying through what he attempts to do—not promising more than he knows he can do simply because it is a good vote-getter. His slogan is: "Be sure you're right THEN go ahead. He is making no promise just to get votes.

Schofield's Plan Guarantees Cheaper Light and Power.

Does McLellan's Guarantee or Only Promise?

His Promises

When Schofield gives his promise you may be sure he'll carry it out. He has promised that the Power Company will not get control of Hydro—that means that they will not if he has his way. His plan will bring a reduction in rates immediately and will not put the taxpayer's neck into a noose for thirty years. He does not believe in duplicating the system—economically and financially he feels it will be disastrous for the taxpayers.

The St. John Globe says it cannot support Mr. McLellan and that the thought of him as mayor is "APPALLING"

Mr. Campbell's Letter

In a letter to yesterday's Telegraph Mr. F. A. Campbell denies that Mayor Schofield has ever received from him a letter in his official capacity as President of the Trades and Labor Council. The Mayor wishes to state that he has this letter in his possession. The matter would not have been brought into discussion had Mr. McLellan not introduced a question of the Mayor and Labor in his speeches. The letter is headed St. John Trades and Labor Council, President F. A. Campbell, 127 Broad Street, Secretary A. D. Colwell, 268 Douglas Avenue, St. John, N. B. and is written on the stationery of the St. John Trades and Labor Council. It is addressed to His Worship Mayor Schofield and refers to the matter of the dispute between The Street Railway men and the Power Company. It concludes with the following paragraph: "Your kind offer to assist us is greatly appreciated by myself and the others on the committee. We shall never, at any time, lose sight of the valuable help you have already given us, and we are pleased to know that you are still interested. We shall call upon you if we need any further assistance. Thanking you for the interest you have shown in this matter and for your kind letter." It is signed, "I remain Yours truly F. A. Campbell, President of the Trade and Labor Council." If Mr. Campbell wishes to see the letter he may do so by calling at the Mayor's office.

PLAY SAFE--Follow Schofield!--Don't Be Stampeded!

Mayor Presents Campbell Letter

Dealt With Many Canvasses Against Him—Meeting Largely Attended Last Evening.

At his meeting held last evening at his headquarters in the Purling building, Mayor Schofield produced the letter written by F. A. Campbell in which he extended thanks to the Mayor for his help at the time of the street railway strike. This letter was on the official letter head of the St. John Trades and Labor Council, and was signed by Mr. Campbell in his official capacity. He dealt at some length with the many canvasses being used against him and clearly showed up their falsity and absurdity. The big feature of the meeting was the large attendance of ladies, who took a keen interest in all that was said and who, judging from their expressions of approval, are a tower of strength to Mayor Schofield on Monday. After the public meeting the war workers gathered in groups and discussed plans for the campaign. There was a splendid spirit of optimism in the air, and the return of the Mayor with a good safe majority was freely predicted.

The chair was occupied by Mrs. Stewart Skinner, who in opening her remarks to the need for serious consideration on the part of the electors in this most important campaign, and expressed the opinion that all who did consider the question seriously must adopt the policy of the Mayor on the distribution of the hydro.

The Mayor, on his side, was given a great reception. He dealt first with some of the figures being used by his opponents to try and show that they could reduce the price without adding to the taxes and to the absurdity of their plan of taking the current and then waiting until a transmission line could be built to live it to the citizens. If they followed out this plan of waiting for a civil distribution line it would be at least a year before they could start delivering current, and in the meantime the cost was mounting up. Dealing with the price he pointed out that it was 1.5 at the switch and in Lunenburg it was 10,000,000 k.w.h. were used; if only half of this amount was used it would be 2.4, and if only 1,250,000 k.w.h. were used it would be 5.6, and the opponents for this civil distribution were claiming the users must pay the entire cost. This means they must pay 15 cents per k.w.h. or tax the rest of the citizens for the difference. In the former case how could they compete with the Power Co., who were already selling 1,000 k.w.h. for 3 cents or under.

Some were claiming that Mr. Ross did not amount to much as an engineer. The fact that the Ontario Government had engaged him as consulting engineer on the Chippewa development hardly bore out that contention, but would look as though he were somebody in the engineering world.

Dealing with the street railway strike matter, he said he had done his utmost to bring about a settlement, and if it had not been for the action of Mr. Campbell himself in failing to report an offer which he had been able to make to the men for two days, he believed a settlement would have been reached. Mr. Campbell had denied writing any letter to him thanking him for his efforts in trying to bring about a settlement, as president of the Trades and Labor Council, but he had the document with him and proposed to read it. It was on the official letterhead of the Trades and Labor Council and was signed by Mr. Campbell in his official capacity as president of that body.

The letter was as follows:

St. John Trades and Labor Council, June 25, 1921.

To His Worship Mayor E. A. Schofield, St. John, N. B.

Dear Sir:—Your communication of

Judgments Given By Appeal Court

Bathurst Lumber Company Loses Case—Bank of Nova Scotia Wins Appeal.

Fredericton, April 21—Several interesting judgments were handed down by the Supreme Court of Appeal today, the justices sitting being Sir Douglas Haen, C. J., and Justices White, Barry, Crockett and Grimmer.

In the Bathurst Lumber Company's appeal from their \$30,000 assessment by the Workmen's Compensation Board for 1921, the court discharged the rule nisi for a certiorari which the company had obtained to quash the assessment.

In the Bank of Nova Scotia, at Woodstock, appealing from its assessment for 1921, judgments were read by Justices Barry and Grimmer. The rule applied to quash the assessment was refused.

In Morin vs. Hammond Lumber Co., judgment was read by Chief Justice Haen confirming the finding of the trial judge awarding a verdict to the defendant company.

Re estate of David J. Thorne, deceased, a probate appeal from Queens county, Justice Barry read judgment, remitting case to a judge of the probate court. No costs.

In Mullin vs. McLean et al., the appeal was allowed and a new trial granted, costs to abide by the result of the trial.

In Carmichael vs. Bowes, the appeal was dismissed with costs, as was also the case of Shannon vs. Smith.

The Appeal Division Supreme Court, at the case of Knox et al., by next friends vs. F. G. Spencer, Court considers, H. A. Powell, K. C., supported the appeal.

The court adjourned until Wednesday next when the case of Cammack vs. New Brunswick Power Company will be heard. The company is appealing in that case.

FIVE DRUNKS ARRESTED

Four drunks were arrested by the police last evening, and a fifth, a woman, was arrested on the street at an early hour this morning.

The 23rd instant received and contents noted re street railway men and the dispute with the Power Company.

I beg to inform you that there is no immediate danger of any trouble, due to the fact that the manager and our committee agreed to practically all of the sections embodied in our agreement, with the exception of the wage scale clause. As this is a matter of only two pence, I feel sure that it can be easily adjusted. Both parties agreed to lay this matter over until after the report of board's finding at Ottawa is received by us, which should be not later than Monday or Tuesday of the coming week.

Your kind offer to assist us is greatly appreciated by myself and the others on the committee. We shall never, at any time, lose sight of the valuable help you have already given us, and we are pleased to know that you are still interested. We shall call upon you if we need any further assistance.

Thanking you for the interest you have shown in this matter and for your kind letter, I remain,

Yours truly,

F. A. CAMPBELL,

President Trades and Labor Council.

In closing, he made an appeal for support on his record and urged his ward workers to keep up the fight until the closing of the polls on Monday night.

At the conclusion of the address the ward workers gathered in groups for organization purposes.

Fundy Chapter I. O. O. E. Meeting

Reports Received—Favor War Memorial for St. John—Other Business Transacted.

Fundy Chapter I. O. O. E. met last evening with the regent, Miss Alice Fairweather, presiding. There were several communications read to the club, notably among which was one from the Canadian Patriotic Association conveying the thanks of the Association for a bolt of flannel donated by the chapter. There was a communication from the Boy Scouts soliciting funds for their work. The regent's report, read by Miss Melick, was very satisfactory.

The chapter voted favorably on five petitions for relief. The chapter also went on record as favoring a war memorial for St. John.

A rummage sale in the near future is being planned by Fundy.

Fairweather gave an interesting report of the work of the Provincial Chapter at Fredericton meeting this week.

Obituary

Susan Ellen Seely.

The death occurred at Lower Norton, Kings County on April 21, 1922, of Susan Ellen, widow of Byron Seely.

Mrs. Seely was born in 1852, and had suffered a lengthy illness. She leaves a family of six daughters—Miss Minnie and Miss Jessie, at home; Mrs. Leonard Fairweather, at St. John; Mrs. Nelson Jeffries, of Jeffries Corner; Mrs. Harry Henderson, of New Brunswick; and Mrs. Stanley D. Granville, of St. Stephen.

The funeral will be held at Lower Norton on Monday, April 24 at 3.30 p. m.

Francis Wallace Smith

The death of Francis Wallace Smith occurred at his residence, 78 Somerset street, early yesterday morning, after a short illness. He was 85 years of age and was a native of Dunfermline, Scotland. He is survived by his wife, one daughter, Mrs. Parks of this city, and two sons, William and F. W., both of this city.

The funeral will be held on Sunday afternoon at 2.30 o'clock from his late residence.

Mrs. Mary Morrow.

The death of Mrs. Mary Morrow, wife of the late William Morrow, occurred yesterday morning at the residence of her son, James, Kennecott Island, Kings county. Mrs. Morrow was ninety-seven years of age. She is survived by her daughter, Mrs. H. B. Soble, of Boston; her sons, James, William John and Albert all of Kennecott Island, and a great-grandchild, a few years of age.

The funeral will be held on Sunday at 1.30 at Kennecott Island. Interment at Grand Bay at one o'clock.

FREDERICTON MAN PURCHASES FROGMORE

Ashley A. Colter Becomes Owner of Valuable Estate at Capital City.

Special to The Standard—Fredericton, N. B., April 21—Ashley A. Colter, of this city, has purchased the property in this city known as "Frognore," located immediately south of the C. P. R. tracks and fronting on Regent Street. The property has belonged to the FitzRandolph family for many years and was the residence of Albin FitzRandolph up to the time of his removal to St. John to become associated with the lumbering business of Randolph & Baker. The late A. FitzRandolph, his father, also occupied the property.

Mr. Colter declined today to discuss the purchase, but it is understood that he will occupy the residence himself. The furnishings being included in the transaction. The amount mentioned, in connection with the transfer, is fifty thousand dollars. The property includes twenty acres of land and is one of the best residential properties in this city.

"Frognore," at the time of the visit of His Royal Highness, the Duke of Cornwall, to Fredericton, in his capacity of Governor General of Canada, several years ago, was used as his residence because of lack of an official Government House here.

MONCTON BAPTISTS TO HAVE NEW HOME

The New Church Edifice Will Cost in Vicinity of \$75,000.

Moncton, N. B., April 21—The West End Baptists of Moncton are to proceed at once with the erection of a new church home which is estimated to cost \$75,000. The new edifice will be built on the site of the present building, corner of Highfield and St. George streets. For some time the association for a bolt of flannel donated by the chapter. There was a communication from the Boy Scouts soliciting funds for their work. The regent's report, read by Miss Melick, was very satisfactory.

The chapter voted favorably on five petitions for relief. The chapter also went on record as favoring a war memorial for St. John.

A rummage sale in the near future is being planned by Fundy.

Fairweather gave an interesting report of the work of the Provincial Chapter at Fredericton meeting this week.

COLLISION IN THE HARBOR YESTERDAY

Ferry Steamer Crashed Into the Sissiboo, Moored at Thorne's Wharf.

The ferry boat on the trip from West St. John got out of the control of her navigators yesterday and crashed into the little steamer Sissiboo, which was moored at Thorne's wharf. The bulkheads of the Sissiboo were broken by the collision, but no other damage was done, and she was able to continue on her trip to Portridge Island.

The mishap was due to the strong freshet running in the river, and the high wind. The ferry while battling with these two elements suddenly got into slack water and the crash ensued before her engines could be sufficiently reversed to prevent it.

SCIENCE OF SELLING LIFE INSURANCE

The science of selling life insurance was demonstrated to members of the Life Insurance Underwriters Association by two of their members last evening. The demonstration, at the fine points of the art was given at a combined luncheon and business meeting held in Bonds restaurant.

J. M. Queen presided, and in the short business session which followed the luncheon, two new members were elected to the association, J. J. Murray then proposed to sell Mr. Mackin, an educational endorsement, and F. O. Condon followed with a demonstration of the selling of a limited payment policy to Mr. Shanklin.

The "Sales Talks" are a new feature of the Insurance men's meetings, and were much enjoyed by those in attendance.

Speaks Highly of This Home Made Cough Remedy

Says It Acts With Unusual Speed—Loosens the Mucus—Relieves the Irritation and Stops the Cough

Costs Next to Nothing—for a Big Supply.

Whenever anyone in my family catches cold and begins to cough and sneeze, and haw and breathe heavy, I don't take me many minutes to fix up a remedy that will drive away all such troubles in double quick time. It's no secret—anyone can make a half pint of the finest cough medicine in the world for a trifling sum.

Get from any druggist one ounce of Parment (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it.

But now you've got a real medicine—mind you—the first spoonful you take acts directly on the membrane of the throat and nose, the tickling ceases almost instantly—the inflammation begins to disappear—up comes the stubborn mucus and often in 24 hours every trace of the cough that troubled you is gone.

It's really remarkable how this home made remedy acts on the mucus membrane and that is one reason it is so helpful to thousands of Catarrh sufferers.

NEGOTIATIONS AGAIN BROKE DOWN

Employers and Amalgamated Engineers' Union Failed to Reach Agreement.

London, April 21—Canadian Press Cable—Negotiations between the employers and representatives of the Amalgamated Engineers' Union, which had been in abeyance for a while, were resumed today, but they broke down again just when there seemed encouragement for the belief that an agreement would be reached.

The points of difference arose on the union representatives' suggestion that the lockout notices, which had been posted some time since, be removed, and employers' proposal to withdraw them if the men would accept as a basis of settlement the terms in the letter accompanying the notices, namely, that the employers reserved the right to review the wage conditions. The engineers refused to accept.

If the threatened lockout becomes effective about 1,000,000 men will be involved, it is said, as kindred trade unions are concerned in the engineers' trouble.

BOLSTERING UP TEMPERANCE LAWS

Legislation to Assist Provinces in Enforcement Introduced at Ottawa.

Ottawa, April 21—Legislation to assist the provinces in the enforcement of their temperance laws was introduced at the opening of the House of Commons this afternoon by Hon. D. D. MacKenzie, Solicitor General. Mr. MacKenzie stated that requests had been made by the provinces for legislation of this character.

Mr. Arthur Meighen, leader of the opposition, said that this was the first time since the introduction of a bill as Solicitor-General, but he did not think that the honorable gentleman should be allowed to get away without further explanation.

Mr. MacKenzie explained that he had not expected to go into details at this stage, but added, as an instance of the provisions of the bill, that it prohibited the import of liquor into British Columbia except direct to the Provincial Government.

U. S. NAVY BLOCKADE MEXICAN PORTS

Such Move Advocated in United States Senate by Democratic Senator.

Washington, April 21—Blockade of Mexico and seizure of Mexican ports, until United States claims for damages to life and property in Mexico have been compensated, was advocated in the Senate, today, by Senator King, Democrat, Utah, in a lengthy address on the Mexican situation.

Neither the Obregon nor any other Mexican Government should be recognized, Senator King declared, until guarantees are given for payment of damages "for nearly one thousand American men, women and children butchered and murdered," and for property losses which he estimated at nearly \$500,000,000.

Senator King said he was inspired to make his address because of the murder and eviction from Mexico of Mormon settlers, who, he said, had failed to get protection from their own government.

Your Employees

THEIR HOMES AND DEPENDENTS

A Message to Employers

Group Insurance is an investment in human nature that pays.

He feels more like planning ways of doing his work better, of suggesting ideas for improving the output of the product—and so increasing his own earnings by cheerful co-operation with the management.

He has some of the load lifted off his own back, and his wages go farther for his regular expenses.

Our suggestion is that you buy Life Insurance, wholesale, for your employees, at group rates which are very low, and thus drive away the spectre of want from the widows and children—through Canada Life Group Insurance, which many, many times will be found to be

Their Only Protection

And not merely the only protection—but with money, the only possible life insurance with total and permanent disability benefits—because Group Insurance is obtainable without medical examination of the individual.

Thus there is created a strong tie of sentiment and interest between the employee, his family and the Business he works for.

Considering its low cost and its far-reaching effects, Group Insurance is one of the cheapest and greatest benefits that any business can have bestowed upon its help.

We know all this to be true from the experience of many Group Insurance units out with hundreds of men all over North America.

It is indeed a "dividend-paying investment" in humanity.

Spring Medicine

New Needed by Nearly Every One to Purify the Blood and Build Up the System.

Few come to these trying spring days without weariness, debility, that "tired feeling," caused in large part by impure, de-vitalized blood. Change of season often "takes all the strength out of me," as many people say. It will do you good. Try it this spring.

The tonic and blood purifier needed in Hood's Sarsaparilla. It quickly dispels that exhausted feeling, enriches the blood and builds up the system. In a word, Hood's Sarsaparilla is our most dependable restorative.

Only the best tonic and purifier, made of the most potent herbs, barks and berries, such as sarsaparilla, burdock, etc., can do the job. Hood's Sarsaparilla is a record of 40 years successful use. It will do you good. Try it this spring.

A mild laxative, Hood's Sarsaparilla.

Hood's Sarsaparilla

IS THE IDEAL SPRING MEDICINE.
