DISTRICT AND GENERAL

Stook threshing of wheat is quite general in Ontario this fall.

Plans for holding a world's fair in Vancouver in 1927 are under consideration.

Mr. Johnston, of Sarnia, has bought out the hardware business of Parker & Company, at Alvinston.

The Inspector General of Banks to be appointed next month, a new post, will receive \$25,000 a year.

Near Wallaceburg two motorists were badly hurt when their car ran over a cow lying on the road and was ditched.

Robbers entered the general store of J. Courcy, Tilbury, Thursday night and secured \$75 in cash from the cash register.

Wm. Brau was sent to jail at Atlantic City for 60 days for annoying his neighbors by playing a mandolin after having been ordered to stop.

Richard Code, a well-known resident of Lambton county, died at Alvinston on Saturday, aged 82 years. He leaves one daughter and five sons.

The printers' strikes in the United States and Canada during the past year cost \$15,000,000, and of this some \$2,000,000 have gone to the Toronto strikers.

Nine cattle under a tree near Owen Sound were killed by lightning. Other similar accidents show that a single large tree is not the safest shelter in a thunderstorm.

All advertising signs along the highway in Lancaster County, Neb., will be torn down, according to the county road engineers. Only highway markers will be permitted.

Three thousand citizens of Detroit work each day on the Canadian side of the river, while four thousand cross the river every morning from the Canadian side to Detroit.

After managing the Revere hotel at Alvinston for nearly twenty years Fred Benner is closing the place up as a non-paying proposition and will open a boarding house in Windsor.

At Toronto Exhibition a little chap dashed under the guard rope of one of the exhibits and was beginning to eat a large, red, jelly-looking apple. Then suddenly his face changed from joy to gloom and he began to cry. "It's wood!" he wailed.

London Township farmers have destroyed over 100 dogs in the past fortnight in a community effort to get rid of an unknown pack of sheep killers that have through their depredations done fully \$5,000 damage to valuable registered stock this year.

Gordon Koepke, a resident of Southampton, set a trap on his premises at night with a view to catching a mink suspected of making nightly raids on his chickens. In the morning he was surprised to discover a large wild cat caught fast in the trap.

Freddie Jackson, ten years old, of Watford, was frightfully stung by bees when a herd of cattle which was being driven through the town stampeded and overturned several hives. The bees caught in his clothing and his whole body was covered with stings.

All over the province an increased interest is being taken in the preparing of land for fall wheat. More fields than usual at this date are being worked, and the prospects are that the acreage sown this year will be larger than that of any of the last three years.

Kent county police have received a complaint from John Tait, of Raleigh, that a sheep, which he had on his pasture farm, Bothwell, was slaughtered, dressed and left hanging in a tree in the woods. The thieves apparently planned to return at night to secure the meat.

During old home week at Watford thieves made a raid on several of the stores. About \$75 worth of tea and some \$50 in money were taken from the store of P. J. Dadds, and B. F. Cooke, druggist, lost two cases of whiskey, valued at about \$100, together with about \$50 in money.

A change in the system of collecting income tax will soon take place. Under the new systems, the collection of income tax will be handed over to the Customs. The Dominion will be divided into districts, and the collectors of customs at the different parts will be in charge. Extra clerks will not doubt be required to do the work.

After travelling almost 4,000 miles from his home in Point Texas, Will A. Harris, an educator, arrived in New York in his home-made house-car last week. With him were his wife and his daughter, 8 years old. The family has been living in the machine since last December. The grey painted house that Mr. Harris built on a motor truck chassis is 18 feet long, 7 feet wide and 6 feet 3 inches high. It contains two rooms, separated by a curtain, in which are two beds, a table, stove, closet and washroom.

FARMERS' ANNUAL PICNIC

Attendance at the fifth annual picnic of the Mosa & Ekfrid Co-operative Association, held in the Weekes grove, Mosa, on Wednesday afternoon of last week, while not so large as in former years was up to a good mark considering the catchy season in the harvest field.
