## "Public School Temperance."

The attention of teachers is respectfully called to  
this new work, designed for use in the Public Schools.  
It is placed on the programme of studies under the  
new regulations and is authorized by the Minister.  
It will be used in three forms. The object of the  
book is to impart to our youth information concerning  
the properties and effects of alcohol, with a view to  
impressing them with the danger and the needlessness  
of its use.

The author of the work is the celebrated Dr.  
Richardson, of England; and, this book, though  
somewhat less bulky, being printed in smaller type,  
contains the whole of the matter of the English  
edition, slightly rearranged, as to some of the  
chapters to suit the requirements of our Public  
School work. It is, however, but half the price of  
the English edition.

The subject is treated in a strictly scientific manner,  
the celebrated author, than whom there is no better  
authority on this subject, using the researches of a  
lifetime in setting forth the facts of which the book  
discusses. At the same time the style is exceedingly  
simple; the lessons are short and accompanied by  
appropriate questions, and the language is adapted  
to the comprehension of all who may be required to  
use the book. Price 25 cents, at all bookstores.
