

Helping to Reduce Losses by Fire

The best evidence of the effectiveness of Fairbanks-Morse fire pumps in fighting forest fires is the large number that are held for instant service all over the Dominion. Think of what it means to be able to send to the scene of a fire as soon as possible after the outbreak has been discovered, a dependable pump that can operate anywhere within reach of a lake or stream, and will furnish a constant stream of water under good pressure.

A Fairbanks-Morse Forest Fire Pump in action

FAIRBANKS = MORSE Forest Fire Pumps

are backed by the reputation of the Canadian Fairbanks-Morse Company, Limited, in the manufacture of pumps and engines. These pumps can be easily transported by boat, canoe, aeroplane, or can be carried over the trail by two men.

Our nearest branch office will gladly give you any information you may desire.
