

lamin and broke my thigh bone - ¹³⁴⁰⁷⁶ was in hospital
seven weeks, then had a nurse at home for
eight weeks, graduated from bed, to wheel chair
to walker, to cane, but was going up stairs the first
week in September, my recovery was miraculous
and people have not yet recovered from surprise.
I am not venturing far on foot but am again
going places and talking at W. I. meetings.

We are all very much pleased with our new
Minister of Health and Welfare. I fancy
his family is the only one in Canada that has
given three Cabinet Ministers to this Dominion.
His ability, hard work and attention to detail
will help him over the hard places. You will
be sure to know that I was taken in a wheel
chair from the hospital to poll my vote for him.

My father cast his first ballot for his grand
father in the long ago, so it is an age old custom.

I here not long ago I needed a carton and
my sister went to the altar for the night me-
inside was just a front page from a Sat-
urday night dated April 24th, 1944 - on
the outside a picture of was Dr Field Marshall
Brooke and on the inside an equally large
one of John George Diefenbaker - quite a review
of his life and work - one comment was "He
has a long way to go and a hard way, but he
will win out - So with the thrill still glowing, I
sent it to Mr. Monteith for a present. He said he
passed it on to the P. M. for his personal clipping
