"The book ranks beyond anything he has previously written in vividness of impression, reality, tenderness, sympathetic insight, and exquisite literary grace."

*Chicago Tribune.*

"It is a book which should be read by everyone in this country, for it breathes forth inspiration and courage, and fills us with faith in our cause and its ultimate success."

*Norfolk Ledger Dispatch.*

"Coningsby Dawson has given us something better than a novel in his latest volume of letters, for his new book is one of the most interesting productions of the subjective side of the war that has yet appeared."

*St. Louis Democrat.*

"Perhaps the most striking thing about the letters is the spirit of buoyant determination from which the book derives its title—'Carry On'—the phrase which has also become the slogan of those who have battled for nearly three years on the Western front in France."

*Philadelphia Press.*

"These letters were not intended for publication and are therefore intimate and affectionate and more self-revealing than they would otherwise have been, but they may be accepted as expressing the moral and spiritual temper of the hundreds of thousands of young men under arms."

*Philadelphia Evening Public Ledger.*
