### SYNOPSIS OF CANADIAN NORTH-WEST AND REGULATIONS

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency, or Sub-Agency, for the District. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader must live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts where the homestead in good standing may pre-empt a quarter-section alongside his homestead, at a price of \$3.00 per acre. Duties—Must reside upon the homestead or pre-empt six months in each of three years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption, may purchase a quarter-section homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

## HOLSTEIN-FRIESIAN NEWS

Farm and Dairy is the official organ of The Canadian Holstein-Friesian Association, all of whose members are readers of the paper, and the Association are invited to send items of interest to the breeders for publication in this column.

### HALEY BROS.' HOLSTEINS

As stated in the gossip column of the December 7th issue of Farm and Dairy, an order for two head of a pair of cows recently to the two great Holstein herds owned by Haley Bros., of Springfield, Ont. He might be expected to have received have won so many honors during the past few years, not only in the dairy tests at Ouelph, where they have repeatedly carried off the sweetestake championship, but also at the Toronto and London Exhibitions, where this year they captured the majority of the prizes. These two herds comprise many very fine animals. The Mears Haley have two fine farms that back each other. Both farms have unusually good buildings, silos, and other advantages that make it possible for the Haley Bros. to keep their stock under the most favorable conditions. Although they have been breeding Holsteins during only the last seven or eight years, they have developed two of the best herds in Canada. Their ability as breeders has been shown throughout the country, and they have won, but by the fact that they have attended auctions and bought in animals that others present allowed to be sold for low prices. With their management and good judgment, they have developed into animals that have become noted, both as producers and in the show ring. Both brothers kept grade Holsteins and pure bred aires for years before they undertook to breed nothing but pure breeds. Consequently, the experience they gained in this way has been of value to them in the latter line. They have done as far as possible, they have made a specialty of developing Holsteins testing high in butter fat, and their success has met with considerable approval as to the best.

### M. L. Haley's Herd

One of the outstanding cows in the herd of Mr. M. L. Haley is a cow named De Kol, now nine years old, which won the sweetstakes in the Ouelph dairy test in 1908 and 1909, making the highest record in the history of the test. She has been in a public test. This cow has a seven-day record of 27.6 lbs. of butter. She is not a large cow, but is built in strict dairy lines. She will freshen this year and her calf, whether male or female, will be offered in the great Holstein sale at Tillsonburg on January 2.

This grand cow has a great under, full milk veins, and the neck and ridge shape so much desired by breeders. She is mostly white.

Her daughter, Lady Aggie De Kol 2nd, a four year old, is more black than her dam, and is a larger cow, being full and deep behind the shoulder, strongly built throughout, and showing a nice square quarter. At a year and 11 months she made a record of 10.97 lbs. of butter.

A choice cow in the herd is Farm-Johnna, the first and grand champion female this year at London, and a winner at Toronto, she has a record of 10.97 lbs. of milk at a five-year-old in 10 months, and a seven day record of 503.09 lbs. of milk and 21.05 lbs. of butter. She is a cow with a vigorous contour showing a large, muscular, bright eye, length and depth, a magnificent under, and milk veins that reach almost to the hocks.

Another great individual, in fact in the opinion of many an animal superior to Jennie and the other great Holstein sweetstakes cow this year at Toronto. She is a larger animal than Jennie with

not only a well sprung open rib, broad quarter and prominent hocks, but also has a great under and good veins. She is a magnificent specimen of the breed.

Lantha Mechilde Jewel is out of the champion cow, she is a two-year-old, due to milk this year. She is a fine cow, she takes after her dam, being a fine, large heifer, mostly white and showing depth and a strong contour. She has a record of 25.5 lbs. of milk and 11.51 lbs. of butter.

Aggie Correllus Poch is a beautiful five-year-old and was not take her. Mostly white in color, she is a splendid handler with a full, well swung under, and well placed teats. She is a fine cow, showing width between the hock bones and a broad quarter, and is a show yard type of animal throughout. A three-year-old she has the excellent record of 21.64 lbs. of butter for seven days.

Colantha Queen De Kol, now nine years old, is much the same type of a cow as Lady Aggie. She has length, constitution and dairy form, with an excellent record of 10.97 lbs. of milk and 11.51 lbs. of butter.

Another fine type of a cow is Fairy Faforte, a six-year-old that has a five-year record of 429 lbs. of milk and 17.08 lbs. of butter. She is a fine cow, her dam has a record of 15,000 lbs. of milk in 368 days. She is a nice dairy type, with good top and good udder, and a fine udder. One of her daughters, Fairie Faforte Mercena, has a two-year-old record of 392 lbs. of milk and 17.08 lbs. of butter in seven days. This latter animal, now four years old, is even larger than her dam, but otherwise much the same type. Another fine cow is a cow named Broad in the quarter, possessing pronounced dairy characteristics and a great milk record. Another fine cow is a cow named Faforte Mercena, not yet two years old, that is straight as a die, and possesses the markings of a very good cow.

Maude Beet Segis, a grand-daughter of King Segis, has a record as a junior two-year-old of 10.97 lbs. of butter in seven days, her average per lb. of fat for seven days being 47 and for 30 days 4.9. She has a day's record of 49 lbs. and is an animal hard to beat. Another fine cow is Johanna, a four-year-old, has a grand milk record, splendid barrel, strong top line, and good udder. She has a record of 329 lbs. of milk and 12.67 lbs. of butter. A fine type of a show cow is Bonnie Segis, a four-year-old, has a record of 10.97 lbs. of milk and 11.51 lbs. of butter. She has length and depth, a great milk record, and a strong contour. She will sell for a nice figure at the Tillsonburg sale next month.
