## SAMSON ROOFING

Samson must be good enough to back up the guarantee that accompanies every roll of it or we could not afford to so guarantee it. The life of a roofing depends on the thoroughness with which the fabric base is saturated with the waterproofing compound and the hardness of its surface. In the making of *Samson Roofing* special attention is given to these points. Bear in mind that *Samson* combines the qualities of economy, durability, and fireproofness to the highest degree attainable by the use of the best of materials and the greatest of care in its making.

Write for our booklet "The Roofing of Farm Buildings." It contains many useful suggestions. Ask your dealer for *Samson Brand*.

# DE LAVAL

## SEPARATOR

a single day longer

IF YOU ARE SELLING CREAM or making butter and have no separator or are using an inferior machine, you are wasting cream every day you delay the purchase of a De Laval.

THERE CAN ONLY BE TWO real reasons for putting off buying a De Laval; either you do not really appreciate how great your loss in dollars and cents actually is or else you do not believe the De Laval Cream Separator will make the savings claimed for it.

IN EITHER CASE THERE IS one conclusive answer: "Let the local De Laval agent set up a

machine for you on your place and SEE FOR YOURSELF what the De Laval will do."

YOU HAVE NOTHING TO risk and a million other cow owners who have made this test have found they had much to gain.

YOU CAN'T AFFORD TO wait till next spring. Let the De Laval start saving cream for you RIGHT NOW and it will earn its cost by spring.

SEE THE NEAREST De Laval agent at ONCE or if you do not know him write us direct for any desired information.
