# NEPONSET Paroid ROOFING

Hundreds of Paroid Roofs—18 years old and upwards—prove the durability—and economy, too—of this fire and weather-resisting roll roofing. ## LOOK FOR THE PAROID ROLL

Paroid is sold by over two thousand Neponset dealers in Canada. It is made in three colors—grey, green and red. Saturated through and through with asphalt, it will not dry out, curl up, split or crack, and will not run in the hottest weather

It's awfully nice to dress in a warm room on a cold winter morning. It is the luxury that comes of having a King Boiler and King Radiators to furnish your hot-water heating. You can have your bed-room windows open all night with the air below zero, then step into the next room in the morning to dress and you will find it as warm as toast. "Steady and strong"—that is the style of heating the King Boiler and King Radiators do. The "fire-travel" is so constructed as to give the full heat of the fuel to the circulating water, and no heat gets away without paying toll to the water-way. This saves fuel and saves money. The King Hot Water Boiler has no fear of competition in the matter of quality, heating power, or fuel economy. Besides, the ease of operation makes a King Boiler transcendently superior. You can shake the ashes from either side, standing up; You can use an ash pan full size of pit; You can regulate the drafts accurately on account of tight fitting doors and joints. Flues are easily cleaned, ample combustion space allows complete burning of gases instead of their going free up the chimney. Simple to erect and economical to instal. We have a King Heating Apparatus for every requirement, from a cottage up to an apartment house. We manufacture everything required for heating—steam or hot water—for buildings of all descriptions.
