## Dr. Chase's Nerve Food

The restorative, upbuilding and invigor-  
ating influence of Dr. Chase's Nerve Food  
are the features which make it of incal-  
culable worth to the person who is weak,  
run down and nervous.

It is not a stimulant to whip up tired  
nerves.

It has not a deadening, narcotic effect.  
It cures by forming new red corpuscles  
in the blood and creating new nerve  
force.

If you find yourself restless, irritable  
and nervous, unable to sleep and easily  
fatigued, lacking in energy and enthu-  
siasm, subject to headaches, indigestion  
and bodily weakness, you need just such  
help as Dr. Chase's Nerve Food will give  
you.

This great food cure has become fam-  
ous because of its power to reconstruct  
wasted tissues and to put new vitality  
into wasted nerves.

You need not expect miracles, because  
nervous diseases are never cured except  
by patient and persistent treatment. One  
thing you can be certain of is that each  
box of Dr. Chase's Nerve Food will be  
of some benefit to you. This is because  
it is a food cure and restorative.

Note your increase in weight while this  
medicine is being used. Note how the  
form is rounded out and the healthful  
glow is restored to the complexion.

Dr. Chase's Nerve Food, 50 cents a  
box at all dealers, or Edmansons, Bates  
& Co., Toronto. Portrait and signa-  
ture of Dr. A. W. Chase, the famous  
recipe-book author, are on every box.

## TRADE TOPIC.

**CONVENTION OF FENCE MEN.**—The  
three-day convention of the Frost Wire  
Fence Co., which was held recently at  
Hamilton, Ont., was a pronounced suc-  
cess, a satisfaction alike to the officials  
of the firm, and to their agents and  
representatives who thoroughly enjoyed  
visiting the fine new works as well as the  
banquet and trip to the falls at Niagara,  
to which the firm treated its visitors.  
The new works are four times as large  
as the old ones at Welland, and have  
been fitted in such a manner as to pro-  
duce work of the very first quality, as  
regards strength and finish, and with a  
speed which will facilitate the turning  
out of such work at most reasonable  
prices. The Frost Co. is the only firm  
in Canada which has the right to use  
the Safety Elastic Barb-wire machine,  
which manufactures wire of exceptional  
strength, with barbs placed on it in such  
a manner that each will revolve. Hence,  
if an animal runs against these barbs it  
will be pricked, but is not likely to be  
cut. Gates are a specialty with the  
Frost Co., careflessness in manufacture  
being assured by the fact that each  
piece is stamped with the name of the  
workman who made it, so that when  
anything is returned as being unsatis-  
factory, the firm is at once able to trace  
it to the man who made the piece.  
In short, the new works are a  
credit to the firm and a guarantee that  
its prestige is more than ever assured as  
a guarantee of reliable and capable  
workmanship. The idea underlying this  
convention is in every way commendable,  
as it brings the company and its repre-  
sentatives in close touch, enabling each  
to understand the work of the other, and  
mutually acquiring information of value  
in the production of future business, ac-  
cording to the needs of the times.

## GOSSIP.

Mr. Wm. D. Dyer, of Columbus, Ont.,  
as a breeder of Shorthorn cattle and  
Shropshire sheep, has reason to feel  
proud of what he has accomplished along  
those lines. His Shorthorns number 20  
head of the Cruickshank, Lavinia and  
Countess families. Some of the best  
bulls in the herd of his neighbor, Hon.  
John Dryden, have been used by Mr.  
Dyer, producing some excellent young  
stock for him, among them being a few  
very good young bulls, one a red-roan,  
fifteen months old, by Imp. Collynie  
Archer, by Scottish Archer, dam Lily of  
Columbus -39484-, a Lavinia. This is  
a big, strong-boned fellow that will de-  
velop into a good bull, as he has not  
been at all forced. His breeding is of the  
best, having one Duthie and three Cruick-  
shank top crosses in his pedigree, tracing  
to Royal Barnpton, winner of thirty prizes,  
and sire of the winning calves at To-  
ronto three years in succession. There  
are also two other red bulls ready for  
service, both by Prince Gloster, a Cruick-  
shank Duchess of Gloster, now in use in  
Mr. Dryden's herd. The other is from  
Gertie, a Countess, by Earl of March, a  
Watt-bred bull, by Barnpton Hero.  
These bulls are also richly bred, and  
combined with quality such as they have  
should help to sell them.

Mr. Dyer's Shropshires are quite as up-  
to-date as his Shorthorns. The flock,  
which numbers nearly 50 head, is com-  
posed of Buttar, Harding, Minton and  
Dryden ewes, upon which is being used an  
imported ram, selected by Mr. Dryden  
from Mr. Nork's flock. We understand  
a pen of lambs from this flock was first  
at the R. A. S. E., 1904. The above  
mentioned stock ram is, practically speak-  
ing, without fault. Should he produce  
stock as good as himself, his progeny  
will be in keen demand, as the ewes he is  
being used upon are good ones.

Mr. Dyer has a two-year-old Clydesdale  
stallion that is well timbered, with a  
good quality of bone. This colt has not  
been developed as much as he might have  
been. He will weigh at present about  
1,400 lbs., with room for at least 200  
lbs. more flesh before spring. He is  
King Carrington 4700, by Royal Carrington  
(imp.) 1919-19875, who was shown as  
a two-year-old, winning first prize  
wherever shown, including Toronto and  
the International at Chicago. His dam  
is by Lord Lieutenant (imp.) 975,  
grandam by Lord Salisbury (imp.) 216.  
As Mr. Dyer intends remodeling his build-  
ings during the coming summer, he is  
anxious to unload as much stock as  
possible, and is prepared to sell this  
stallion very reasonably.
