54 King Street West, Toronto.

Mercantile Summary.

The secretary of the Montreal Board of Trade, Mr. George Hadrill, has been elected an honorary member of the International Board of Foreign Trade, New York.

A Cape Breton paper states that Mr. Percy J. White, of the Beaver Hat Gold Mining Company, Goldboro, Guysboro County, N.S., arrived in Glace Bay last week with a brick of gold weighing 139 ounces and valued at \$2,900. The brick is the result of twenty-four days' work at the Beaver Hat mine, where the total number of employees is only eighteen and a small five stamp test mill does the crushing.

It is reported from Ottawa that the homestead entries for the month of August were 3,059 in number, an increase of 696 over the same month of last year. The points where the principal increases have been made are Alameda and Battleford, Calgary, Red Deer, and Regina have doubled their entries, and there is a small increase in the Edmonton district.

The city of Victoria showed a very satisfactory activity of trade during August. Her imports were: Dutiable goods, \$264,660; free goods, \$40,726; total, \$305,386; and her exports \$65,304. The import duties received amounted to \$78,787, as compared with \$70,244 in August last year. The bank clearings for the month were \$2,933,511, which is an increase over any previous August.

Good news comes from New Brunswick to the effect that copious rains have broken the drought throughout the province. Lumbermen are confident that enough rain fell to stamp out the forest fires and put an end to the work of destruction that has been going on for weeks. There will also, it is said, likely be a sufficient rise of water to float the several million feet of logs scattered along the St. John river within boom limits.

The Ontario Agricultural Bureau says that where co-operative associations have been formed to handle fruit crops, and particularly at Chatham, Forest, and Walkerton, excellent prices have been obtained for this year's apple crop. These societies have had their agents go through Manitoba and the West, who have sold the crop direct to wholesalers for cash. In the eastern part of Ontario the apple crop is almost perfectly clean, though the codling moth has caused some annoyance.

It is stated by a Nova Scotia despatch of 11th instant that the Dominion Antimony Company, which is largely composed of St. John men, and owns property at West Gore, Hants County, has decided to award a contract for erecting a complete plant at the mine. This will cost some \$75,000, and work is to be commenced this fall.

The output from the Dominion Coal Company collieries for the month of August is declared to have been a most satisfactory one, totalling 329,172 tons, distributed among eight collieries.
