It is to be regretted that the C M. B A. Weekly gives place to anonymous com munications written by disturbing and reckless spirits in the Canadian mem-bership. In the last number appeared a letter from Ottawa signed "Capital," which displays a spirit far removed from that which should govern every C. M. B A. man worthy the name. He states in that which should govern every 0. In D A. man worthy the name. He states in effect that matter unfriendly to the Supreme Council finds ready insertion in the RECORD, while that of the oppo-site character is suppressed. We will in the RECORD, while that of the oppo-site character is suppressed. We will merely say that "Capital" is in error, and we will be charitable enough to ad-vance the opinion that he was not aware that he was bearing false witness against his neighbor. We challenge him to name one case in which a co munica tion sent to the RECORD office has been suppressed. He refers to the circume of our giving prompt insertion to he terms "Thorold's tirade "-not a what he terms -not a very brotherly way of putting it, surely, and still worse does it appear when it is remembered that be has reference to the official action of a Brauch. Some slight excuse for such language might be found were he making reference to the pro nouncement of one who, like himself, was ashamed to put his name to what he had written. To show the unfairness of this unknown writer we will merely say the unknown writer we will merely say that in the same issue in which appeared the so called "tirade," that of Nov. 22nd, a resolution passed by Branch 84, of Montreal, thanking the Supreme Gouncil for not granting separate beneficiary to Canada, also appeared. A CANDID ADMISSION BY THE CHRISTIAN UNION.

It seems our brother, the Christian Uni:n, was not very careful in one of its late issues when attempting to state several supposed errors in Catholic doctrine. Its counsel to Protestants anxious to convert us from those errors, and being in possession themselves of a true Coristianity, was that they should not employ the argument of abuse by calling us idolators of Mary, minimizers, or even deniers, of the one mediator-ship of Jesus Christ; claimants of holding an crclusive possession of the reservoir of grace, etc, all of which we think the Christian Union which we think the Unitan Union plainly intimated we were, in its opinion, but that these friendly-minded Protes-tants should rather choose "a better way." This way would be to show us our errors by presenting the truth in a kindly tone and spirit - the truths of Christianity as held by Protestantism Why, for instance, should we any longer "adore" Mary, after we had learned from them that God alone was to be adored, and was not only Divine Father but Die Maria Maria and and a short only divine father but Divine Mother to us as well? So for the rest of the "errors."

That vigilant watchman from the citadel of the Paulists at Forty ninth street, Father Young, described the sapient article, and came forward in last week's issue of the Christian Union with a letter of explanation, in which he heartily agreed that the doctrines as stated were errors, but begged leave to unbesitatingly deny that they were our

ceedings of a scalous, well-meaning, but sedly mistaken party within the Church of Eogiand, whe had given so many con-verts like Newman and Manning to the Ohurch of Rome. Once let Popery get her foot again on the neck of Eogiand, and there would be an end of all our national greatness. God would forsake us and England would be ruised." attention. A STARTLING CONTRADICTION.

To the Editor of the Catholic Record : DEAR SIR,-There is an old adage that

says "a prophet is not without honor save in his own country," and the saying is generally accepted as containing much truth. Indeed it is expanded into the generally accepted belief that true merit, whether it be that of an individual, or that of same medicine or that of some medicinary preparation, is much more likely to meet with popu-har approval at distance than at home. Nasal Balm, acknowledged as being the greatest remedy for cold in the head and catarrh, ever offered the people of Canada, affords a striking instance of the fact that popular opinion, for once, at least, is wrong. From the outset its popularity in the home of its manu-lacture has been unbounded and con-

stantly increasing. In evidence of this we offer testimonials from two Brockville gentlemen who are known through out the Dominion.

out the Dominion. D. Derbyshire, Esq., Mayor of Brock-ville and for the past two years Presi-dent of the Ontario Creamery Association, says: "Your Nasal Balm is truly a wonderful remedy. I may say that I was afflicted with a distressing case of catarra, accompanied by a number of its disagreeable aymotoms. I had tried disagreeable symptoms. I had tried other remedies, but without avail, and other remedies, but without avail, and well-nigh despaired of a cure, when I was induced to give Nasal Baim a trial, Its effects were wonderful, and the results arising from its use surprising. Briefly stated, it stops the droppings into the throat, sweetens the breath, relieves the beadaches that follow catarth and in fact maker one fact bate with lite and in fact makes one feel altogether like a new man. No one who is suffering from catarrh in any of its stages should lose a moment in giving this remedy a trial."

James Smart, Esq, Brockville, Sheriff of the United Counties of Leeds and Grenville, says : "It would be impossible to speak too extravagantly of the wonderful curative properties of Nasal Balm. I suffered for upwards of a month from a severe cold in the head, which, despite the use of other remedies, was becoming worse and developing into catarrh. I procured a bottle of Nasal catarrh. I procured a bottle of that Balm and was relieved from the first ap-plication and thoroughly cured within twenty four hours. I cheerfully add my twenty four hours. I cheerfully add my

Office of the Grand President,

Ottaws, Nov. 17, 1890. Mr DEAR BROTHERS-The open letter of Branch 24, Thorold, addressed to me,

calls for some remarks. I may say, Brothers, that any discus-sion, just now, of the relations between the Grand Council of Canada and the Supreme Council is premature. I would ask, therefore, that branches do not discuss this matter or anything connected with it. Branches may rest assured that the Board of Trustees of the Grand Council of Canada is fully alive to the welfare of the C. M. B. A. in Canada and it may be trusted to take such action as will be for the best interests of the association. Many questions of import-auce are now under consideration by the Board, the result of whose deliberations will be made known in due time.

Yours fraternally. JOHN A. MACCABE, Grand President,

Cured entirely after 12 years I. <sup>1</sup>TONAWANDA, ERIE CO., N. Y., Febr. 1889. My daughter had fits from fright since 12: years, sometimes 3 to 4 attacks within 24 hours without any warning; during these spells her thumbs would be cramped toward the inside of her hands, her mouth be drawn sideways, her neck would swell up, and her face assumed a blueish color, this would last from 10 to 15 mi-nutes after that she slept, was drousy for about 2 hours.—We tried many remedies without any improvement, but 6 bottles of Pastor Koenigs Nerve Tonic cured her at last; we therefore re-commend this remedy to all sufferers. JOHN EDIN.
