ALDEN'S HANDY ATLAS of the WORLD. 138 Colored Maps, Diagrams, Tables, etc.: a greater amount of information than ever before published in even a \$2.00 Atlas. Yet this volume, 192 pages, cloth binding, sells (like "hot cakes") for 25c. post., 4c.

"A perfect gem of its kind."—*Journal of Ed.*, Boston. "I think so much intrinsically valuable information was never before compressed into so small a space."—BENSON J. LOSSING, LL.D. "The information is wonderfully condensed and covers a great variety of topics."—*Journal*, Indianapolis. "It gives better maps than far more costly books do."—*Mirror*, Carthage, Tenn. "Like everything he publishes, it must be seen to be fully appreciated."—*Review*, Dayton, O. "A pocket cyclopedia, and to be desired, needs but to be seen."—*Morning Star*, Boston. "Information every newspaper reader should have; it will assist him greatly in absorbing the news of the world."—*Inquirer*, Philadelphia. "A vast amount of information in very convenient form. Statistics of every country on the globe are given, and the maps are excellent."—*Pioneer Press*, St. Paul. "A pocket atlas without folding maps seems to be an impractical problem—but Mr. Alden has solved it in a most practical manner. It is a miniature cyclopedia of the world."—*Lutheran Observer*, Philadelphia. "A most admirable little book, as full of information as 'an egg is of meat,' and so cheap! I should not be surprised if you should sell a million copies."—BENJ. TALBOT, Columbus, O. "In my judgment it is the most wonderful book for the price you have yet published. A geographical cyclopedia for 25 cents! You want it right at hand every time you read a newspaper."—CALVIN GRANGER, East Poultney, Vt.

Warranted Seed. I have founded my business on the belief that the public are anxious to get their seed directly from the grower. Raising a large proportion of my seed enables me to warrant its freshness and purity, as see my Vegetable and Flower Seed Catalogue for 1888, FREE for every son and daughter of Adam. It is liberally illustrated with engravings made directly from photographs of vegetables grown on my seed farms. Besides an immense variety of standard seed, you will find in it some valuable new vegetables not found in any other catalogue. As the original introducer of the Eclipse Best, Burbank and Early Ohio Potatoes, Hubbard Squash, Deephead Cabbage, Cory Corn, and a score of other valuable vegetables, I invite the patronage of the public. **JAMES J. H. GREGORY, Marblehead, Mass.**
